First. They would not service DE. Secondly, and more importantly, the negative impact across the boards for our shore communities far outweighs any perceived benefit. The impact on home values, the unknown extend if negative impact on our marine life, the noise and lights, the heated waters that would need cooling, the sucking of our winds that cool our beaches and inland areas that would increase our living air temps, the ineffectiveness and cost to maintain, are the key reasons to vote NO to this n
