### Comments:

We respectfully and strongly object to decisions being made that impacts my quality of life as well as the financial impact it have to Sussex county, my property values, and the truly known and unknown environmental impacts the as DNREC you are chartered to protect. It seems legislators that do not have to live with the daily impacts of your decisions to lease this area and secondly to approve the impacts that will destroy what we have today. For the beauty of our coast, marine life and quality of please do not approve these permits. Thank you for the opportunity to comment.
