Organization: mzemoto

Comments:

DO NOT APPROVE THE INSTALLATION OF WIND TURBINES OFF THE DE, MD, NJ COAST!!! 1. According to the study <https://www.cfact.org/wp-content/uploads/2023/11/Wojick-Driessen-How-Offshore-Wind-Drives-Up-Global-Carbon-Emissions-FINAL.pdf> Conclusion 1: There are no carbon dioxide emission reduction benefits, and thus no manmade climate change amelioration justifications for offshore wind development 2. Negative affects on whales, dolphins, other sea-life, As noted by various studies around the world. 3. Industry is noting there is currently no way to recycle the turbines. PLEASE LISTEN TO THE MAJORITY OF YOUR VOTING COMMUNITY AND DO NOT APPROVE THIS PROJECT.
