Why are you trying to ruin our oceans? Our tourism? Our precious horizon! Why are you letting foreign entities run our cities and tell us US citizens what to do? And the BRIBES are an understatement. These foreign countries have come to our cities for MONEY only! Do you think these Scandinavian companies give a crap about our precious cities? Do they care about our well-being? They come in, build and destroy, and leave the mess behind for us to deal with. DON'T! DON'T!
