Comments on Docket #2024-P-MULTI-0007 -- US Wind Project

Name: Patrick Groves
Phone: 302-750-1863
Email Address: pdg58@comcast.net
Organization:

Comments:

This cannot happen, for starters it is not necessary and the downside far outweighs any potential returns. Besides the negative impact on natural resources, my other main concern is oversight. This is not meant to belittle anyone at DNREC but you cannot manage small operations such as Polly Drummond yard waste site or the Surf Fishing Program. It would be nice to have you use OUR Money more responsibly.
