As a constituent of Ocean View , Sussex County, Delaware, I am opposed to all permits for US winds Maryland project and any other offshore turbine connection through our Coastal Zone. The realization that virtually every activity that takes place in the environment impacts multiple resources. The consequences of this massive project to our coast, coves and Inland bay can be widespread causing potential impacts to public drinking-water, habitat, aquatic life, and recreational fishing. For 25+ years our residents and DNREC have protected these waters Shaping Delawares Future. A number of serious environmental challenges faced Delaware Inland Bay/Atlantic Ocean basin from the overload of nutrients to steady loss of habitat for the unique wildlife that depends on the bays for survival. Most importantly — This is a Maryland project. Only to serve Maryland. As per Renewable Redevelopment LLC (US Wind sister company substation) stated in the Sussex County Council meeting. They are not negotiating with Delaware. This is a Maryland only project. And DNREC should not give up our rights to protected our watershed from industrialization. As the sign states welcoming all...
