Organization: Neighbors of Beach Cove

Comments:

Beach Cove is a small bay adjacent to housing on all sides. It has a very narrow "cut" to navigate vessels into the larger Indian River. We oppose any cables or underwater pilings that could affect our Cove and the cut into the Indian River. Residents along Beach Cove navigate into and out of the Indian River to fish and for recreation. However, our channels are silting up and need to be excavated. We are also against offshore windmills. SINCERELY!
