Comments on Docket #2024-P-MULTI-0007 -- US Wind Project

Name: Valerie Persiano

Organization: no

Comments:

Please do not proceed with the wind project. Not only is it extremely costly - for the amount of money that they cost and to maintain it is truly a bad investment to only provide additional energy for 50,000 homes. they are, loud, uncitely, deadly to our marine life and should be revisited after the election in November to see what administration is elected.
