Comments on Docket #2024-P-W-0010 -- Quarry Walk Wastewater Systems

Name: Ellen Freed
Phone: 3023831505
Email Address: ofreed@me.com
Organization: no

Comments:

I am not in favor of a temporary wastewater system for Quarry Walk. If the land, the developer or the infrastructure does not support the needs of the homes or townhomes being built, then they should not be built. To be clear, I was optimistic about the original plan for Yorklyn with state park/mixed use/residential planned development. That these plans for Yorklyn Road/Auburn have changed to townhomes only, with evidence that the developers are not able to build without work-arounds with wastewater--even if temporary, and with the lack of communication around all this given the enthusiastic reception of an original master plan for the area-- I am against this opportunistic permit.
