Comments:

I oppose any modifications to the reservation system for drive-on fishing. The current system is working fine. Even on the busiest holiday weekends, then drive-on locations which are not within Cape Henlopen are never at full capacity. There is no need to start requiring reservations at Beach Plum Island, Key Box, Conquest or Faithful Steward. The only issue I have observed with surf fishing is with the drive-on sites within Cape Henlopen. Often the park itself closes due to 'no more parking spaces'. This makes no sense for surf fishing...we don't use parking lot spaces. If you want to change procedures to make improvements, figure out a way for surf fishing access even when the park gets closed due to lack of parking spaces.
