Comments:

I support the proposed regulations. I support that surf fisherman must be actively tending their line. I am tired of seeing unattended lines washed ashore while the so-called fisherman are playing cornhole, having a barbecue, drinking beer and other activities that have nothing to do with the fishing. This effectively converts to Surf fishing areas to one big adult picnic area. I support banning political signs, obscenities and so forth. I got so tired of Surf fisherman displaying large flags that said "F Joe Biden". It's a free country and you are entitled to your opinion, but I didn't ask you to share it with me and I'd prefer you keep it to yourself. Finally, would you please ban horseback riding at Cape Lopez State Park. In the off-season individual show up with horse trailers, they take the horses out for a beach ride, the horses poop in the parking lot, it doesn't get picked up and vehicle squash the poop into large patches of horse poop pizza. The horses poop on the sand walkways to the beach and on the beach, and it doesn't get picked up, and quite often the only firm stretch of sand where you can walk easily is chewed up by the horses' hooves. There are plenty of other places to ride horses, but please stop people from riding them in Cape Henlopen State Park. They make a mess that nobody attends to.
