Subject: Fishing Beaches

Date: Thursday, July 9, 2026 at 8:37:27 PM Eastern Daylight Time

From: Paul C [REDACTED]

To: HearingComments, DNREC (MailBox Resources)

Dear DNREC Officials;

The majority of the vehicles on the beach are being operated by people with no intention of fishing. Accept this and declare some beaches as drive on and some as fishing. Charge considerably more for drive on beaches and strictly enforce the fishing requirement at fishing beaches. This will be a win for everyone. Folks who can afford to buy a jeep to drive on will happily pay more to not have to participate in the charade of pretending to fish. Real fishermen will be happy to be away from the folks that pretend. Revenue will increase. All around happiness of participants will increase.

Sincerely,

Paul C [REDACTED]
