Comments:

In my opinion, many bike riders/renters don't know if they have a class 2 or class 3 e-bike, but most know they have a class 1 due to not having a throttle. How are regulations going to be enforced when both 2 and 3 have throttles without inspection? See how Sanibel has defined their regulations here: <https://www.mysanibel.com/318/Bike-Hike-on-the-Shared-Use-Path>
