Why are you going against the people and country? No flags! Saving our waterways from pollution by removing metal debris! This is ridiculous! Wearing of attire! Really! Be glad people are not showing up naked?! Are you taking away the 1st amendment rights? Choosing what you can wear and not wear! Absurd! You are willing to violate your own laws when it comes to the Wind Project, but violate what and where people can do and wear! Do you think you maybe a bit overbearing on the laws? How many decades have we been OK with the freedoms we were enjoying until you decided to take away those freedoms. How un-American can you get?
