**Subject:** Public comment on project Washington coastal zone application  
**Date:** Sunday, January 11, 2026 4:41:24 PM

---

As indicated by my address below, I, Bruce P [REDACTED] am resident of [REDACTED] County, active voter and taxpayer, residing in [REDACTED]

I OPPOSE PERMIT for Project Washington, Starwood Ventures.

I echo and agree with concerns cited by Sierra Club Delaware.

Additional concerns:

This project and its coastal zone application reveals a “best guess” approach answering application sections.

This project outline, its size and scope has never been executed in America. There are no short term nor long-term impacts of having such a mega-scaled project analyzed after having been built in a near dense populated area surrounded by coastal waters. No health, environmental Impact studies are known!

The Coastal Zone Act prohibits heavy industry; this facility meets every definition of heavy industry!

Rate payers are at risk as are resources of electricity and water.

Request action to DENY PERMIT.

Thank you,  
Bruce P [REDACTED]
