Subject: PROJECT WASHINGTON - PUBLIC COMMENT
Date: Monday, January 12, 2026 3:40:05 PM

My name is Robert L [REDACTED], a resident/taxpayer/voter. I live in [REDACTED].

I am writing in strong opposition to the request being considered by DNREC to issue a Coastal Zone permit that would allow the construction of any mega data center(s), specifically Project Washington. The Coastal Zoning Act clearly prohibits the construction of any heavy industry in its coastal areas and the policy established by the Act should be maintained. Project Washington exceeds every threshold described in the Coastal Zoning Act. Other locations in the United States that have allowed the construction/operation of these data centers have suffered a consistent range of problems with pollution, electricity capacity/costs and other issues that would damage our coastal area.

I urge you to deny this permit request.

Thank you.
