Subject: Public Comment on Project Washington Coastal Zone Application
Date: Monday, January 12, 2026 2:35:38 PM

My name is Jen M [REDACTED]; and I am a [REDACTED]
[REDACTED]. I am writing to express my opposition to Project Washington. The Coastal Zone Acts specifically prohibits heavy industry, and this facility meets every definition of heavy industry.

The impacts on health, quality of life, and finances to Delawareans, who never asked for this and many of whom are unaware of its threat, will be catastrophic and enduring. This is known, and there is significant evidence to support this. Delaware should learn from other communities' mistakes and prohibit this data center from entering our state and thus devastating our lives, communities, and environmental landscape.

Please oppose this data center threat as well as any future ones. Deny this permit and any to come where corporations would have Delawareans shouldering the costs that they never consented to, allowing these corporations to once again dodge responsibility. This is a tipping point; be on the right side of history and choose citizens and community over corporations. All of our futures depend on it.

Best,
Jen
