Subject: PROJECT WASHINGTON - PUBLIC COMMENT
Date: Monday, January 12, 2026 12:27:50 PM

My name is Suzanne L [REDACTED], a resident/taxpayer/voter of Delaware.

I am writing in strong opposition to the request being considered by DNREC to issue a Coastal Zone permit that would allow the construction of any mega data center(s), specifically Project Washington. The law clearly prohibits heavy industry and that position should be maintained. Other locations that have allowed the construction/operation of these data centers have suffered a consistent range of problems with pollution, electricity capacity/costs and other issues that would damage our coastal area. Project Washington exceeds every threshold described in the Coastal Zoning Act.

I urge you to deny this permit request.
