**Subject:** Please reconsider Data Center - Project Washington  
**Date:** Thursday, January 8, 2026 11:24:42 AM

---

To whom it may concern:

With the amount of social media attention given the Data Centers, Please think before you act on something that may harm our county for the rest of our and our children's years on this earth. The environmental impact may be significant. The amount of gigawatts that would be needed to support this project would be ridiculous. Our grid would not be able to handle it and it could increase costs for families feeling the negative effects of our current economy. The diesel emissions would also be harmful. Please consider our residents here before allowing this Project to be approved.

Thank you,

Mary [REDACTED] D [REDACTED]
