Subject: Prohibit the build: DNREC Notice No. CCE20250425

Follow Up Flag: Follow up
Flag Status: Flagged

As two homeowners and taxpayers living in the heart of Delaware City with their [REDACTED], I ask that you do all in your power to prevent the construction of the Data Center proposed in "DNREC Notice No. CCE20250425".

We pray that you will uphold your oath to serve and protect the residents, wetlands, and wildlife of New Castle County by prohibiting this build due to its location, draw on natural resources, and imminent destruction of the surrounding ecological area.

This build is sponsored by pro-billionaire land owners and developers, and shows a complete lack of care and empathy for the actual residents and environment of New Castle County who would be most effected by this proposed unprecedeted data center.

Thank you,
Cassidy and Addison H [REDACTED]
