Hello,

I am a resident of ▓▓▓▓ just near this site. I have heard nothing but nightmare stories about horrible environmental impact, electricity costs skyrocketing, and water supply concerns about these data centers. As a born-and-raised DE resident, I don't want one of these things in my community or my state. I don't want my tax money going towards anything at all involved in this, and I will not vote for anyone who encourages this kind of development. Please listen to your residents—we do not want this data center!

Kind regards,
Evan A▓▓▓▓
