## SPILL CONTROL PLAN FOR SOLID WASTE HAULERS

(1) Spill control and safety equipment carried in each vehicle:

- 1). Reflectors and/or flares
- 2). Fire extinguisher
- 3). First aid kit
- 4). Heavy-duty gloves, hard hat
- 5). Flashlight
- 6).

(2) All loads will be enclosed, covered, or tarped to prevent accidental discharge of the waste during transport to the disposal facility.

(3) The driver will perform the following pre-trip inspections:

- 1). Conduct a walk-around inspection
- 2). Check all fluids, tires, brakes, lights, air brake system and engine compartment

(4) If there is an accident or other emergency which causes a portion of the load to be spilled, the driver, if uninjured, will contact the following designated company coordinator:

Name: Ali Tas Phone: 609-304-5524

(5) The designated coordinator will contact the state and municipal authorities where the accident occurred. If the accident or spill has the potential to cause environmental damage, (either due to the nature of the waste, location of the accident, or additional factors such as leaking oil, gasoline, or hydraulic fluid) the person contacted will notify the state emergency response team, by calling one of the following numbers:

**Delaware:** 911, (302) 739-9401 or 1-800-662-8802 (Other numbers may be listed as follows, however, the listed Delaware numbers **must** be included in the spill control plan.)

Maryland:

New Jersey:

(6) The designated coordinator will contract for clean-up services with another company. (This is optional, however, if another company is to be contracted, please append a list of cleanup companies by either region or state.)

(7) This plan will be carried in all vehicles, along with the permit.

## IMMEDIATE HAZARDOUS MATERIALS INCIDENT NOTIFICATION:

At the earliest practical moment after a spill/discharge occurs, the Emergency Coordinator, or the Driver shall initiate contact with the USDOT/USEPA/USCG National Response Center by telephone at 800-424-8802 if the incident involves hazardous materials during transportation, loading, unloading or storage and results in one or more of the following:

1. A person is killed.
2. A person receives injuries requiring hospitalization.
3. Estimated damage to carrier or other property exceeding \$50,000.
4. Fire, breakage, spillage or suspected radioactive contamination involving shipment of radioactive materials.
5. Fire, breakage, spillage or suspected contamination involving shipment of etiologic agents.

NOTE: Incidents involving etiologic agents may be reported by telephone to the Center for Disease Control at 404-633-5313, instead of USDOT number. The CDC telephone number appears on most Etiologic Agents labels.

6. A situation exists of such a nature that in the judgement of the carrier, it should be reported even though it does not meet one of the criteria listed above

In making the telephone report, the Emergency Coordinator, driver, or other authorized individual, shall provide the following information to the extent possible

1. Name of the reporter
2. The name and address of the transporter as follows:

GONDUL TRUCKING INC

8006 RT 130 DELRAN NJ 08075

3. Telephone number where the reporter can be contacted.
4. The location, the date, and the time that the incident occurred.
5. Identify the extent of injuries if any.
6. The classification, name, and quantity of hazardous materials involved if such information is available. For each material involved in the incident, an attempt should be made to supply the following specific information.
  - a. Generator's name
  - b. Generators EPA identification number
  - c. Proper DOT shipping name'
  - d. Proper hazard class
  - e. UN or NA number of the waste
7. A brief description of the type of incident and the nature of hazardous material involvement and whether a continuing danger to life exists at the scene.

## DELAWARE

Reporting procedures for hazardous materials, hazardous wastes, hazardous substances, and oils are the same within this state.

All spills to waters within the boundary of the state, including the territorial sea in direct contact with the coast, should be immediately reported by the Emergency Coordinator, or alternately the Driver, to the Delaware Department of Natural Resources and Environmental Control, Dover, 24 Hour Hotline at 800-662-8802 or 302-739-9401.

- NOTES:

1. Emergency incidents include such situations as fire or explosion, where there is endangerment to the public and/or environment.
2. Reporting requirements are restricted to incidents occurring in the respective county.

## NEW JERSEY

Reporting procedures for hazardous materials, hazardous wastes, hazardous substances, and oils are the same within this state.

In the event of a spill, the Emergency Coordinator, or alternately the Driver, shall immediately notify the NJDEP 24 HOUR HOTLINE at 609-292-7172.

The oral report of a spill, discharge or release shall include:

1. The type and estimated quantity of the substance discharged.
2. The location of the incident.
3. The proposed actions to contain, cleanup, and remove the substance.
4. Any other information the Department may request,

Oral reporting is also required for any "Imminent Release" of a hazardous material designated by the Department as an "Extraordinarily Hazardous" Substance.

A second oral report within 15 minutes of the first notification is required for any release or imminent release of a material designated as extraordinarily hazardous.

Within 10 days following the initial oral notification, a written report shall be submitted to:

New Jersey Department of Environmental Protection

Division of Environmental Quality - CN 411

Bureau of Communications and Support Services

Trenton, NJ 08625

The written report shall include:

1. A description of the discharge incident;
2. Source of the discharge, if known;
3. A description of measures taken to cleanup and remove the discharge;
4. Any steps planned or already taken to prevent a recurrence;
5. Any other information the Department may request or require.

## VEHICLE MAINTENANCE AND INSPECTIONS

### Pre-Trip & Post-Trip Inspections

Each driver, prior to departure, is to complete a Pre-Trip inspection report. Pre-Trip inspection forms and a driver's checklist are completed daily and maintained in driver's files.

### Maintenance Schedule

Below is a tentative schedule for preventive vehicle maintenance. In the event that there may arise a problem between scheduled maintenance, the DRIVER is instructed to contact the yard as soon as possible to have the problem corrected.

### Pickup Trucks:

Given complete service every 30 days.

### Tractors:

Given an inspection daily, a complete service, including changing of filters every 30 days. They are also given a grease and lube job every two weeks along with a brake check daily.

### Trailers:

Given an inspection daily, a grease and lube job every two weeks along with a brake check daily.

All repair bills are kept on file for each vehicle at office. Any other repairs are made from Pre-Trip and Post-Trip reports and daily checklists as required.

### Driver's Checklist of Tractor-Trailer Equipment

#### Tractor and trailer:

Apply parking brake, start engine and observe the following:

Oil Pressure (light or gauge)

Air Pressure of Vacuum (gauge)

Low Air or Vacuum Warning Devices

Instrument Panel (telltale lights, etc.)

Horn

Windshield Wipers and Washer

Heater/Defroster

Mirrors

Steering Wheel (excess play)

Trailer Brakes

Fire Extinguisher and Warning Devices

Check all tires for inflation and to ensure that they are in good condition. Also inspect lug nuts to ensure tightness.

Check all lights, signals, flashers, and reflectors to ensure that they are in working order.

Check that the required emergency response equipment is in place.

On combinations, check all hoses and couplers, electrical connectors, coupling devices (e.g fifth wheel, tow bars, etc.), safety chains.

For hazardous material/waste/substance shipments, check all placards, and ensure that the correct shipping papers are located within the vehicle.

#### ROUTINE DECONTAMINATION PROCEDURES

All equipment shall be tested and maintained as necessary to ensure it's proper operation for use in time of an emergency. After an emergency, all equipment shall be decontaminated, cleaned, and made suitable for use during future emergency situations.

The decontamination procedures usually occur at the transporter's site location or at the destination facility. Decontamination is usually performed through the use of steam cleaning equipment. Decontamination will be performed whenever consecutive shipments of materials which are incompatible are transported; or whenever it becomes a hazard to the vehicle, driver, or the general public.

Once the load of hazardous waste has been transported and unloaded at an authorized disposal facility, the following decontamination procedures shall be followed prior to departing the facility:

1. Tanks, portable tanks, roll-off containers or other authorized containers designed for reuse in transportation of hazardous waste shall be cleaned of all residue of the of the previous load before leaving the disposal facility.
2. The residuals and rinseate from the decontamination process of emergency equipment or vehicles will be collected and disposed of in accordance with State and Federal Regulations.
3. In case the transport vehicle must travel on public highways before decontamination, the placards (if required) shall remain in place and a copy of the manifest describing the waste must remain in the vehicle.

## EMPLOYEE TRAINING PROGRAM (FOR EMERGENCIES)

The company's EMERGENCY RESPONSE COORDINATORS will monitor the in-house training and instruction of personnel about the various emergency/contingency planning issues. Currently, outside driver training programs, consistent with DOT requirements, are supplemented by periodic meetings conducted by the company covering such topics as:

1. The proper use of equipment.
2. General maintenance of this equipment.
3. Inspection and reporting procedures.
4. Contingency plan implementation.
5. Knowledge of materials to be transported.

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: 1-800-444-4487.

Cancellation of this endorsement may be effected by the company of the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, D.C.).

**DEFINITIONS AS USED IN THIS ENDORSEMENT**

**ACCIDENT** includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

**MOTOR VEHICLE** means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

**BODILY INJURY** means injury to the body, sickness, or disease to any person, including death resulting from any of these.

**PROPERTY DAMAGE** means damage to or loss of use of tangible property.

**ENVIRONMENTAL RESTORATION** means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

**PUBLIC LIABILITY** means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

**Subject:** Delaware Solid Waste Transporter Permit

Hi Mr. Tas,

We received your renewal application for your Delaware Solid Waste Transporter Permit. After reviewing the application, I found that information is missing. Please provide the following information below:

- Section 4(b)- Your ownership information is missing please provide this.
- Section 7- You did not select any waste types that you will be transporting. Please select the waste types that you haul.
- Section 8- The only Transfer, Storage, and Disposal facility you provided is Clean Earth New Castle which only takes soils and you did not have it as one of your waste types. Do want to add Soil to your permit?
- Section 9(b)- Do you have any other state solid waste permits?
- Section 10- Please provide a certificate of insurance.
- Section 14- You did not provide a list of vehicle operators.
- Section 16- Please have the owners sign and date the application.

Please provide the information requested above via e-mail within five (5) days. Failure to provide all of the requested information by 6/30 2024 will result in a lapse in your permit with no extension option on your current permit.

Sincerely,

DaQuan Davis
