HAZARDOUS WASTE TRANSPORTER PERMIT APPLICATION

Instructions: You must complete this application in its entirety and attach all applicable documentation.

(Note: For applicants renewing an existing permit, this application requires the submission of updated information and documentation.)

The application must be signed by the company owner or a corporate officer. A check payable to the "State of Delaware" must accompany this application.

Delaware Department of Natural Resources and Environmental Control
Compliance and Permitting Section
89 Kings Highway
Dover, DE 19901

1. Type of Permit

- New – Submit a check or money order, payable to the "State of Delaware," in the amount of \$350.00.
- Renewal: Permit # DE-HW- 0169 Expiration Date 9-30-2024

Please indicate the term for which you desire your permit to be issued. Submit a check or money order, payable to the "State of Delaware," for the indicated permit fee.

- One Year - \$350.00
- Two Years - \$650.00
- Three Years - \$950.00
- Four Years - \$1250.00
- Five Years - \$1550.00

2. Release to Public:

Do you wish to be included on the list of transporters that is provided to persons requesting a list of Delaware permitted hazardous waste transporters? Yes No

3. Company Information:

Company Name: Dart Trucking Company, Inc

Location Address:	Mailing Address:
11017 Market ST North Lima, OH 44452	PO Box 157 North Lima, OH 44452

Contact Person: Wendy Hoffman Title: Safety & Compliance Administrator
Business Phone: 330-549-0994 Fax: 330-549-4115
E-mail: whoffman@dartamerica.com 24 hr. Emergency Phone: 330-519-7514 Eric Fidram
EPA Identification Number: OHR000159129
Employer's Federal Tax ID Number: 34-0963564

4. Type of Company: (Check One)

- Proprietorship
- Partnership
- Corporation – City, State and Date of Incorporation: Canfield, OH 4-2-1965
- Municipality
- Public Institution
- Other – Explanation: _____

5. Parent Company Information:

Parent Company Name: n/a
Parent Company Address: _____

6. Ownership/Stockholder Information:

For each owner, partner, or corporate officer, list the name, title, home address, and date of birth.

List of owners, partners, or corporate officers: Attachment A+B

List the name and address of all stockholders owning greater than 5% outstanding shares.

- List of stockholders: Attachment _____
- Not Applicable

7. Company Affiliations:

List all other companies owned by the same owners, corporate officers, or parent company that are engaged in the business of solid or hazardous waste transportation, treatment, storage, disposal, recovery, or reclamation.

- List of company affiliates: Attachment _____
- No company affiliates

8. Type of Hazardous Waste to be Transported:

Indicate the waste types to be transported. (Note: Characteristic and listed hazardous wastes identified in Delaware's *Regulations Governing Hazardous Waste* (DRGHW) Part 261 are equivalent to RCRA 40 CFR Part 261 wastes.) Check all that apply.

- Part 261 characteristic or listed hazardous wastes
- Used or waste oils (as defined by Part 279, Used Oil Management Standards)
- Spent antifreeze exhibiting a characteristic of hazardous waste
- PCB-contaminated hazardous waste
- Spent fluorescent lighting tubes and ballasts when managed as non-universal waste

9. Treatment, Storage, and Disposal Facilities:

List all treatment, storage, and disposal facilities that have agreed to accept the hazardous wastes identified above.

- List of treatment, storage, and disposal facilities: Attachment C

10. Other Transporter Permits:

List all hazardous waste transporter permits held in other states.

- List of transporter permits: Attachment D
- No hazardous waste transporter permits held in other states

11. Federal DOT and Motor Carrier Numbers:

Indicate your Federal DOT number and Motor Carrier number:

DOT# 124009 MC# 121420

12. Proof of Insurance:

The transporter identified in this application must meet or exceed minimum insurance requirements as set forth in DOT Title 49 CFR Part 387. The DNREC Compliance and Permitting Section must be identified as the certificate holder. Also include a current MCS-90 endorsement or affirmation that the endorsement is still in effect.

- Certificate of insurance and MCS-90: Attachment E

13. Spill Control and Safety Equipment:

List all spill control and safety equipment that will be carried on each vehicle.

List of spill control and safety equipment: Attachment F

14. Spill Control Plan:

Attach a copy of the Spill Control Plan that describes prevention, containment, and clean up procedures during transportation. The plan must demonstrate compliance with the requirements outlined in DRGHW Sections 263.30, 263.31, and 263.105. **Spill Control Plans must contain the following Delaware Emergency Reporting Telephone Numbers: 1-800-662-8802 and 302-739-9401.**

Spill Control Plan: Attachment F

15. Driver Training:

Attach a copy of your driver training program. All drivers must be trained in current DOT Motor Carrier Safety Regulations and have knowledge of the proper handling procedures for the type of waste transported, the hazardous waste manifest system, and safe vehicle operation as provided in 49 CFR Parts 383, 390 – 399, and DRGHW Section 263.104. All drivers must be familiar with the approved Spill Control Plan.

Driver Training Program: Attachment G

16. Controlled Substance Testing:

Do you maintain a controlled substance testing program for drivers in your employment (including contract drivers) in compliance with Federal DOT 49 CFR Part 391?

Yes

No, Explain:

17. Vehicle Identification Information:

List all vehicles to be used for the transportation of hazardous waste into, out of, or through Delaware. You may use the form provided or another printout that contains all required information.

Vehicle Identification Information: Attachment H

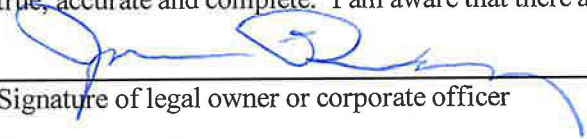

18. Environmental Record:

List all criminal citations, arrests or convictions, civil or administrative violations, and civil or administrative enforcement actions, and the disposition(s) thereof for the violation or alleged violation of any environmental statute, regulation, permit, license, approval, or order, regardless of the state in which it occurred. Indicate whether it was a local, state, or federal violation or alleged violation. List all such items for the applicant, and if the applicant is other than an individual, for any employee while employed by the applicant or any partner, officer, or director of the applicant as an individual or for any other former business of such partner, officer, or director. For civil or administrative violations or alleged violations, list all such items for the last five (5) years from the date of application.

- Environmental Record: Attachment I
 Not Applicable – No violations within the specified time period

19. Signature:

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this application and all attachments, and that upon personal knowledge and information, the information is true, accurate and complete. I am aware that there are significant penalties for submitting false information.

Please note, the expiration date as stated on this form relates to the process for renewing the Information Collection Request for this form with the Office of Management and Budget. This requirement to collect information as requested on this form does not expire. For questions, please contact the Office of Registration and Safety Information, Registration, Licensing, and Insurance Division.

A Federal Agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a current valid OMB Control Number. The OMB Control Number for this information collection is 2126-0008. Public reporting for this collection of information is estimated to be approximately 2 minutes per response, including the time for reviewing instructions, gathering the data needed, and completing and reviewing the collection of information. All responses to this collection of information are mandatory. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Information Collection Clearance Officer, Federal Motor Carrier Safety Administration, MC-RRA, Washington, D.C. 20590.

United States Department of Transportation
Federal Motor Carrier Safety Administration

Endorsement for Motor Carrier Policies of Insurance for Public Liability
under Sections 29 and 30 of the Motor Carrier Act of 1980

FORM MCS-90

Issued to Dart Trucking Company, Inc. of Ohio
(Motor Carrier name) (Motor Carrier state or province)

Dated at 10:45 am on this 12th day of June, 2024

Amending Policy Number: GAL 4840008-04 Effective Date: 06/01/2024

Name of Insurance Company: National Interstate Insurance Company

Countersigned by: 
(authorized company representative)

The policy to which this endorsement is attached provides primary or excess insurance, as indicated for the limits shown (check only one):

- This insurance is primary and the company shall not be liable for amounts in excess of \$ 2,000,000.00 for each accident.
- This insurance is excess and the company shall not be liable for amounts in excess of \$ _____ for each accident in excess of the underlying limit of \$ _____ for each accident.

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: (800) 929-1500.

Cancellation of this endorsement may be effected by the company or the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, DC).

Filings must be transmitted online via the Internet at <http://www.fmcsa.dot.gov/urs>.

(continued on next page)

DEFINITIONS AS USED IN THIS ENDORSEMENT

Accident includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

Motor Vehicle means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

Bodily Injury means injury to the body, sickness, or disease to any person, including death resulting from any of these.

Property Damage means damage to or loss of use of tangible property.

Environmental Restoration means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

Public Liability means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

--

Type of carriage	Commodity transported	January 1, 1985
(1) For-hire (in interstate or foreign commerce, with a gross vehicle weight rating of 10,001 or more pounds).	Property (nonhazardous)	\$750,000
(2) For-hire and Private (in interstate, foreign, or intrastate commerce, with a gross vehicle weight rating of 10,001 or more pounds).	Hazardous substances, as defined in 49 CFR 171.8 , transported in cargo tanks, portable tanks, or hopper-type vehicles with capacities in excess of 3,500 water gallons; or in bulk Division 1.1, 1.2, and 1.3 materials, Division 2.3, Hazard Zone A, or Division 6.1, Packing Group I, Hazard Zone A material; in bulk Division 2.1 or 2.2; or highway route controlled quantities of a Class 7 material, as defined in 49 CFR 173.403 .	\$5,000,000
(3) For-hire and Private (in interstate or foreign commerce, in any quantity; or in intrastate commerce, in bulk only; with a gross vehicle weight rating of 10,001 or more pounds).	Oil listed in 49 CFR 172.101 ; hazardous waste, hazardous materials, and hazardous substances defined in 49 CFR 171.8 and listed in 49 CFR 172.101 , but not mentioned in (2) above or (4) below.	\$1,000,000
(4) For-hire and Private (In interstate or foreign commerce, with a gross vehicle weight rating of less than 10,001 pounds).	Any quantity of Division 1.1, 1.2, or 1.3 material; any quantity of a Division 2.3, Hazard Zone A, or Division 6.1, Packing Group I, Hazard Zone A material; or highway route controlled quantities of a Class 7 material as defined in 49 CFR 173.403 .	\$5,000,000

*The schedule of limits shown does not provide coverage. The limits shown in the schedule are for information purposes only.

F

EMERGENCY RESPONSE CONTINGENCY PLAN

Dart Trucking Company, Inc.

EPA ID# OHR000159129

January 2024

Purpose: The purpose of this Emergency Response Contingency Plan ("Plan") is to provide information and instruction in the event of a spill, release, leak or discharge of hazardous materials or hazardous waste (collectively a "Spill") during the transportation, loading, unloading or temporary storage of these materials.

EMERGENCY ACTION/ EMERGENCY RESPONSE INSTRUCTIONS:

IN THE EVENT OF A SPILL, PROTECT YOURSELF AND OTHERS. DO NOT ALLOW ANYONE EXCEPT FIRE, LAW ENFORCEMENT, EMERGENCY RESPONSE AND REGULATORY PERSONNEL ACCESS TO THE SPILL AREA.

1. Assess the scene. Set up your triangles. Remain with the unit. Warn others to stay away and to extinguish cigarettes or open flames. Stay up-wind from the spill. **Do not open any access or egress on the trailer unless instructed to do so.**
2. Get your shipping papers, Emergency Response Guidebook and this Emergency Response Contingency Plan.
3. Go to the State Emergency Response Telephone Number list starting on page 9 of the Plan and find the reporting requirements for the state that you are in. If it says "*driver report immediately*", you must call the phone number listed **immediately**.
4. Call a Dart Trucking Company, Inc. ("Dart") Emergency Response Coordinator. Their telephone numbers are listed on page 3 of this Plan and they should be called in the order they are listed. **In case of fire or injury, call 911 or the local emergency services first, then call a Dart Emergency Response Coordinator.**
5. Follow the instructions of the Emergency Response Coordinator. The coordinator will need to know:
 - a. Is there an injury or fire? If so, who has been called and what are the immediate dangers? What are the injuries, if incurred?
 - b. Your name, vehicle number(s), date, time, and location of the spill
 - c. Telephone number where you can be contacted.
 - d. Nature of the spill – Classification, Name, and Quantity of hazardous materials. Leak within or out of the trailer? Spilling out onto the ground? How much has leaked? Flow rate? Nearby streams or drains?
 - e. The nature of the hazardous materials/wastes according to your shipping papers.
 - f. 24-Hour Emergency Contact Person as listed on your shipping papers.
 - g. Is there a continuing danger that exists at the scene?

- h. For each waste product involved provide:
 1. Name and Identification of Generator
 2. Product shipping, hazardous class, and UN or NA Number
 3. Estimated quantity of material spilled
 4. If possible, estimate the extent of contamination to land, water, or air.

6. After speaking with the Emergency Response Coordinator, you may be instructed to put on your personal protective equipment (PPE) and asked to try to confine the spread of the Spill in accordance with your OSHA training. Use the equipment provided to you to confine the spread of the Spill.

7. Cooperate fully with any officials and with the Emergency Response Contractor. **IN NO EVENT SHOULD YOU ENTER THE TRAILER.**

8. Do not speak to anyone concerning this incident except fire, law enforcement, emergency response and regulatory personnel. If you are questioned by the media, refer them to Dart's corporate office.

9. **The information required to be reported is:**
 - (a) Name of the reporter;
 - (b) Name and address, and id number of the carrier represented by the reporter
 - (c) Telephone number where the reporter can be contacted;
 - (d) Date, time and location of the incident;
 - (e) The extent of injuries, if any;
 - (f) Classification, Name and Quantity of hazardous materials involved, if that information is available; and
 - (g) Type of incident and nature of hazardous material involvement
 - (h) Is there a continuing danger to life that exists at the scene?
 - (i) For each waste product involved, it is important to provide the following data:

Name and Identification Number of Generator.

Product shipping, hazardous class, and UN or NA Number.

Estimated Quantity of Material Spilled.

If possible, estimate the extent of contamination to land, water, or air.

Shipping name, hazard class, and Identification Number of any other material carried.

The Emergency Response Coordinator will:

1. Notify the US DOT National Emergency Response Center at **800-424-8802** when required.
2. Notify the appropriate US EPA Regional Office when required.
3. Notify the appropriate state agency when required.
4. Notify the 24-Hour Emergency Contact Person listed on the shipping papers.
5. Notify the Shipper and/or Generator if this is not the 24-Hour Emergency Contact Person.
6. Notify an Emergency Response Contractor, if one is not provided by the shipper or generator.

EMERGENCY RESPONSE COORDINATORS

During regular business hours call 1-800-541-8206, EXT. 245 and ask for the following individuals in the order they are listed.

After 5:00 p.m. and on weekends call:

Safety Director Iric Fidram 330-519-7514
Or 330-549-0994, ext. 245

Facility Operations Manager Jerad Jordan 330-610-0137
Or 330-549-0994, ext. 233

Vice President Director of Operations Steven Skibiski 330-531-1147
Or 330-549-0994, ext. 249

**FEDERAL REQUIREMENTS
FOR IMMEDIATE REPORTING**

The Department of Transportation regulations at 49CFR 171.15 require that, at the earliest practicable moment, each carrier transporting hazardous materials (including hazardous wastes) shall give notice to the National Response Center (**800 424-8802**) of any incident during the course of transportation (including loading, unloading and temporary storage) in which:

- A. As a direct result of hazardous materials:**
1. **A person is killed; or**
 2. **A person is injured requiring his/her hospitalization; or**
 3. **Estimated carrier or other property damage exceeds \$50,000; or**
 4. **An evacuation of the general public occurs lasting one or more hours; or**
 5. **One or more major transportation arteries or facilities are closed or shut down for one hour or more; or**
 6. **The operational flight pattern or routine of an aircraft is altered; or**

- B. Fire, breakage, spillage or suspected radioactive contamination occurs involving a shipment of radioactive materials; or**
- C. Fire, breakage, spillage or suspected contamination occurs involving a shipment of infectious substances (etiological agents); or**
- D. There has been a release of a marine pollutant in a quantity exceeding 450 L (119 gal) for liquids or 400 Kg (882 LB) for solids; or**
- E. A situation exists of such a nature (for example: a continuing danger to life exists at the scene of the incident) that, in the judgement of the carrier, it should be reported to the Department even though it does not meet any of the criteria above.**

Specific Actions to be taken at the scene of the spill are:

CONTAINMENT- The critical problem at the scene is to prevent the escape of any spilled liquid or solid into the ground or into a storm or sanitary sewer. A barrier must be erected immediately to prevent escape of spilled materials/waste liquids, using whatever material is at hand, even a dirt curb to prevent the spreading of the spill. Containment of solids will be dependent on wind and weather conditions. Use a tarpaulin that is in the vehicle, or plastic (available at most supply stores) if conditions are wet and windy. Simultaneously, the source of the spill or leak must be located and controlled (e.g., a drum plugged or taped, or turned upside down).

CLEAN UP- With containment effected and the spillage source controlled, cleanup is the next step. If the spill is contained on an impervious paved surface, material should be absorbed onto a compatible material (e.g., sand, diatomaceous earth). Any of a number of commercial absorbent inert materials may be used, but make sure they are compatible with the waste and will not cause a reaction. If the spillage has reached soil, all contaminated dirt should be collected into drums or bogs for disposal at an EPA approved site. If any spilled waste has reached the ground, the contaminated soil will be removed. The extent of contamination will be determined by sampling the spill area. A qualified laboratory will analyze the sample. Sampling techniques, chain-of-custody requirements, and analytical methods will follow approved procedures such as those outlined in SW-846. Any soil exhibiting contamination above the local background level will be removed to an appropriate permitted disposal site. In addition to contaminated absorbents, dirt, or the like as noted above, damaged containers also present a disposal problem. Special "recovery drums" (oversize metal drums) will be used for containing damaged 55-gallon drums. Disposal will be at an approved site.

EMERGENCY RESPONSE EQUIPMENT AND PERSONAL PROTECTIVE EQUIPMENT:

All drivers authorized to haul hazardous materials have been trained in accordance with the “HAZWOPER” guidelines and are provided and have been trained in the use of Level C Personal Protective Equipment include the following:

- | | |
|-----------------------------------|---|
| 1. Air Purifying Respirator | Protection from Organic Vapors, Acid Gas & Particulates |
| 2. Multi-gas/Vapor Cartridges | Protection from Organic Vapors, Acid Gas & Particulates |
| 3. PVC Chemical Resistant Gloves | Hand Protection from Hazardous Materials |
| 4. Chemical Resistant Outer Boots | Foot Protection from Hazardous Materials |
| 5. Goggle, Safety Glasses | Eye Protection |
| 6. Hard Hat | Head Protection |
| 7. NexGen/Tyvek Coveralls | Body Protection from Hazardous Materials |

In addition to this equipment, drivers are issued leather palm gloves, ear plugs, eye wash, a fully equipped first aid kit, the most recent edition of the Emergency Response Guidebook, the Hazardous Materials Compliance Pocketbook and the Federal Motor Carrier Safety Regulations.

All drivers are also required to provide their own working flashlight.

Emergency Response Equipment

The **Tractors** are equipped with the following Emergency Response Equipment:

1. 10-Pound ABC Fire Extinguisher – Used to extinguish fires of the type and size for which it has been rated.
2. Reflective Triangles – Used in accordance with FMCSR 392.22 or as a demarcation line to keep the public away from a Spill.
3. Flashlight
4. Qualcomm Communications System, CB Radio and/or Cellular Telephone – For emergency communications.

The van **Trailers** are equipped with the following Emergency Response Equipment:

1. 55-gallon salvage drum – For containment of a leaking drum or to hold used or contaminated equipment.
2. Sorbent Sheets – Used to absorb liquids.
3. Mini Booms – Used to absorb liquids and to form dikes to impede the flow of liquids.
4. Shovel – Used to move dirt or to form dikes or barriers to impede the flow of liquids.
5. Broom (straw) – Used to clean up Spill area or to move liquids into or onto confinement area.

6. Safety Dry – Used to absorb liquids.
7. Nitrile Gloves – Used for hand protection.
8. Safety Goggles – Used for eye protection.
9. Disposal Bags – Used for disposal of contaminated materials or equipment.

FOLLOW-UP PROCEDURES:

Once the emergency aspects of a spill have been taken care of, there are some steps that remain.

DECONTAMINATION:

Tractors and Trailers exposed to a spill or leak will be decontaminated at the site in order to prevent any further release. To the extent that the unit(s) can be transported (or moved away under its own power) to an authorized facility capable of further decontamination, if necessary.

Equipment- Compatible solvents and cleaning compounds will be used to clean each item used in the cleanup. These items will be placed in an open head container and thoroughly rinsed clean. The residue or wash water will be then drained into a container with a tight head, sealed, and disposed of in accordance with Federal and State Regulations at an authorized disposal site.

Clothing- Contaminated clothing will be placed with the cleanup residue and disposed of in accordance with Federal and State Regulations.

TRAINING PROGRAM:

4-Hour Emergency Response Awareness

- Training shall be based on the duties and function to be performed by each responder of an emergency response organization. The skill and knowledge levels required for all new responders, those hired after the effective date of this standard, shall be conveyed to them through training before they are permitted to take part in actual emergency operations on an incident. Employees who participate, or are expected to participate, in emergency response, shall be given training in accordance with the following paragraphs:
- 29 CFR 1910.120: (q)(6)(I): First responder awareness level. First responders at the awareness level are individuals who are likely to witness or discover a hazardous substance release and who have been trained to initiate an emergency response sequence by notifying the proper authorities of the release. They would take no further action beyond notifying the authorities of the release. First responders at the awareness level shall have sufficient training or have had sufficient experience to objectively demonstrate competency in the following areas:

1. An understanding of what hazardous substances are, and the risks associated with them in an incident;
2. An understanding of the potential outcomes associated with an emergency created when hazardous substances are present;
3. The ability to recognize the presence of hazardous substances in an emergency;
4. The ability to identify the hazardous substances, if possible;
5. An understanding of the role of the first responder awareness individual in the employer's emergency response plan including site security and control and the U.S. Department of Transportation's Emergency Response Guidebook;
6. The ability to realize the need for additional resources, and to make appropriate notifications to the communication center.

Dart Trucking Company, Inc.
Emergency Response Contingency Plan
January 2024 Revision

Dart Trucking Company, Inc. (“Dart”) has revised its Emergency Response Contingency Plan (“Plan”). Please destroy your current copy of the Plan and replace it with this January, 2024 February 2024 revision. Please read the revised Plan carefully.

In the event of a spill, if there has **NOT** been any fire or injury, the first thing you must do is check the State Emergency Response Telephone Number list for the state you are in. If you are in Louisiana, for example, you must call 911 *immediately*, regardless of what the material is or how much of it is leaking.

Acknowledgement

By signing below, I acknowledge that I have received the January 2024 revision of the Dart Trucking Co., Inc. Emergency Response Contingency Plan. I have read it and I understand the instructions included in it. I agree that if I ever have a question about the Plan or how to implement it, I will call the Safety Department.

Driver’s Printed Name

Date

Driver’s Signature

Please return the signed Acknowledgement to me in the enclosed envelope, **today**.

Thank you,

Eric Fidram
Safety Director

Dart Trucking Company, Inc.

Corporate Office: 11017 Market St • P.O. Box 157 • North Lima, OH 44452 • Phone (330) 549-0994
Phone (800) 541-8206 • Fax (330) 549-4115

GENERAL AWARENESS and FAMILIARIZATION TRAINING

1. Definitions – Hazmat Employee
Hazmat Employer

2. Hazardous Materials Tables

Column 1 – SYMBOLS
Column 2 – HAZMAT DESCRIPTIONS and PROPER SHIPPING NAMES
Column 3 – HAZARD CLASS/DIVISION
Column 4 – IDENTIFICATION NUMBERS
Column 5 – PACKING GROUPS
Column 6 - LABEL CODES
Column 7 – SPECIAL PROVISIONS
Column 8 – PACKAGING
Column 9 – QUANTITY LIMITATIONS
Column 10 – VESSEL STOWAGE (WHERE APPLICABLE)

3. Shipping Papers
 - a. Bill of lading
 - b. Hazardous Waste Manifest
4. Labeling Hazardous Materials
 - a. Non-Bulk Packages
 - b. Bulk Packages
5. Performance Oriented Packaging
 - a. Identifying marking on packages
6. Proper loading and storage Guidelines
 - a. Using the segregation chart
 - b. Using Packaging Exemptions
7. Proper Placarding Techniques
 - a. Primary Hazards
 - b. Subsidiary Hazards
8. Dealing with Hazmat Emergencies

FUNCTION SPECIFIC TRAINING

Training related to specific jobs in the HAZMAT Industry

1. SHIPPING
2. HANDLING/STORAGE
3. CLERICAL
4. DRIVER
5. DISPATCH
6. SALES
7. LABORATORY
8. TRAINING/SAFETY DEPARTMENT
9. ADMINISTRATIVE
10. MECHANICS
11. PRODUCTION
12. PURCHASING

All above categories will be utilized depending on the job descriptions of various employees.

SHIPPING PAPERS

1. BILL OF LADINGS
2. HAZARDOUS WASTE MANIFEST
 - a. RQ'S
 - b. SHIPPING NAMES
 - c. HAZARD CLASSES
 - d. UNDERSTANDING PACKING GROUPS
 - e. ID NUMBERS AND LABELING
1. SEGREGATION OF MATERIALS
2. LABELING CONTAINERS
3. PLACARDING
4. USE OF EXEMPTIONS

SAFETY TRAINING:

1. PROPER USE AND PROCEDURES FOR USING THE NORTH AMERICAN EMERGENCY RESPONSE GUIDEBOOK.

FINAL TESTING FOR ALL THE ABOVE CATEGORIES:

1. GENERAL AWARENESS AND FAMILIARIZATION
2. FUNCTION SPECIFIC
3. SAFETY

DRIVER TRAINING:

1. Who must be trained?
2. Pre-trip inspections
3. Use of Emergency equipment
 - a. Fire Extinguishers
 - b. Reflective warning devices
4. Fueling your Vehicle (requirements)
5. Driver Requirements
 - a. Smoking, Parking and attendance Guidelines
 - b. Compatibility and segregation on cargo in a mixed load.
 - c. Loading and unloading of hazardous materials
 - d. Placarding transport vehicles
 - e. Shipping Papers
6. Tire Inspection.

FINAL EXAM: DRIVER TEST

Revised 6-12-2019
