Dear Applicants:

RE: Solid Waste Transporter License

This is to advise you that the investigative report from the Attorney General required under N.J.S.A. 13:1E-126 et seq. has been received by the Department of Environmental Protection. Based on our review of the aforementioned investigative report, the Department is hereby issuing this **Solid Waste Transporter License** to:

**SOUTH JERSEY RECYCLING LIMITED LIABILITY COMPANY**

Please be advised that the license hereby issued is a "conditional" license and is modified by the terms and conditions as specified on the attached document as they have been put forth by the Attorney General's Office. Failure to meet the specified conditions will result in the revocation of this license.

This license is only issued to South Jersey Recycling Limited Liability Company for its exclusive use and control, and it must be renewed annually by filing the Annual License Update form as well as any other change of information concerning your company or its operation as required by the Department.

Please be aware that you are required to obtain a Certificate of Public Convenience and Necessity prior to commencing solid waste business operations. An application is enclosed. Questions regarding this certificate should be directed to (609) 633-1389. As you know, any transportation equipment must be registered prior to commencing operations. Questions regarding registration should be directed to (609) 292-7081.

Sincerely,

Deborah Pinto, Chief  
Planning & Licensing

Permittee:	South Jersey Recycling, LLC	Street Address: 350 E Pittsfield Street
Mailing Address:	350 E. Pittsfield Street Pennsville, NJ 08070	Pennsville, NJ 08070

This permit, issued pursuant to the provisions of 7 Del. C. Chapters 60, shall remain in effect for the term stated above, provided the permittee is familiar with, and complies with, all terms and conditions herein.

**Terms and Conditions:**

1. **This permit authorizes the permittee to transport in, out of, or through the State of Delaware the following waste types (as defined in the *Delaware Regulations Governing Solid Waste*):** Municipal Solid Waste; Commercial Waste; Special Waste - Non-Hazardous Industrial Waste; Dry Waste; .
2. The permittee shall not transport the wastes identified in Condition 1 to facilities that are not authorized to receive, treat, store, transport, dispose, or recover said wastes.
3. Permittee shall submit, by April 1 of each calendar year, an annual report on a form provided by the Department. The report shall summarize for the preceding calendar year, actual amounts of solid waste by weight and type transported within, into, or out of the state and the destinations delivered.
4. Permits issued for a period greater than one year: Permittees holding multi-year permits have pre-paid the annual fees. The permit shall remain in effect until the expiration date identified above, unless the permit is cancelled by the permittee or revoked by the Secretary of the Department of Natural Resources and Environmental Control (DNREC).
5. A copy of this permit must be carried in each transport vehicle and presented upon request to any law enforcement officer or representative of the Delaware Department of Natural Resources and Environmental Control (DNREC).
6. Only those vehicles identified in the application for this permit shall be used to transport the wastes identified in Condition 1. All vehicles shall be operated in accordance with the *Delaware Regulations Governing Solid Waste* (DRGSW), Section 7: Transporters.
7. The permittee's name shall be prominently displayed on both sides of the vehicle (motorized and containerized units) in figures at least 3 inches high and of a color that contrasts with the color of the vehicle.

8. The permittee's permit number shall be prominently displayed on both sides and the rear of the vehicle (motorized and containerized units) in figures at least 3 inches high and of a color that contrasts with the color of the vehicle.
9. Safety and Emergency Equipment: All vehicles shall carry the safety and emergency equipment contained in the application for this permit in addition to any equipment required by DOT 49 CFR Motor Carrier Safety Regulations.
10. Spill Containment Equipment: All vehicles shall carry spill containment equipment appropriate for the type of waste being transported. All vehicles shall carry a copy of the Spill Control Plan.
11. Each vehicle engaged in the transportation of solid waste must be fully enclosed or covered to prevent the discharge or release of solid waste to the environment.
12. All personnel shall be properly trained prior to handling or transporting wastes for which this permit is being issued.
13. Permittee shall maintain insurance in compliance with requirements described in the DRGSW, Section 7: Transporters.
14. Permit amendments:
  - a. Permittee must notify DNREC in writing of any additions of waste types, waste destinations, or changes in operations or procedures at least ten working days before putting those changes into effect. If a permit amendment is required, written approval from DNREC must be obtained prior to putting those changes into effect. Changes requiring a permit amendment include (but are not limited to) additions of waste types, additions of waste destinations, and changes in company name or address.
  - b. Permittee must notify DNREC in writing of any changes in equipment (vehicle additions/deletions) at least five working days prior to putting those changes into effect.
15. This permit does not relieve the permittee of complying with any other applicable Federal, State or local regulations or ordinances, including, but not limited to, vehicle load restrictions pursuant to 21 Del. C. Chapter 45. Failure to comply may be grounds for suspension or revocation of this permit.
16. In the event that regulations governing the activity authorized in this permit are revised, this permit may be reopened and modified, after notice and opportunity for a public hearing. At that time, additional limitations, requirements, and/or special conditions may be included in the permit.
17. The provisions of this permit are severable, and if any provision of this permit, or the application of any provision of this permit to any circumstance is held invalid, the application of such provision to other circumstances and the remainder of this permit shall not be affected thereby.
18. Permittee shall immediately contact the Department in the event of a release of any waste material while in transport in or through Delaware. The 24 hr. numbers to call are 800.662.8802, 302.739.9401 or 911.
19. Any violation of the conditions of this permit, regulations promulgated by the Department of Natural Resources and Environmental Control, Secretary's Orders, or provisions of 7 Del. C. Chapter 60 will be grounds for suspension or revocation of this permit.

20. Environmental Violations: Permittee is responsible for reporting all proposed and final notices of violation, criminal citations, tickets, arrests, convictions, civil or administrative penalties proposed or assessed whether against the company, its owners or operators, corporate officers, and company employees including but not limited to drivers, operating under the authority of this permit involving any environmental statute, regulation, permit, license, approval or order. Such report shall be made to the Department within 15 days of the date issuance regardless of the state in which it occurred.

21. Special conditions:

A. Business License: Permittee shall, upon obtaining and servicing customers in the State of Delaware, obtain a Delaware Business License from the State Division of Revenue as required by 30 Del. C., Chapter 21. The Division of Revenue may be contacted at 302.577.5800. Upon receipt of this license, the permittee shall submit a copy of the license to the Department of Natural Resources and Environmental Control, Solid and Hazardous Waste Management Section. This requirement applies to all transporters.

  - a. Reflectors and/or Flares
  - b. Fire Extinguisher
  - c. First Aid Kit
  - d. Heavy Duty Gloves, Hard Hat, Reflector Vest
  - e. Flashlight
2. All loads will be enclosed, covered or tarped to prevent accidental discharge or debris/waste during transport to the disposal facility.
3. The driver will perform the following pre-trip inspections
  - a. Full CDL pre-trip inspection of vehicle
  - b. Inspection of secured load and can lock down
4. If there is an accident or other emergency which causes a portion of the load to be spilled, the driver, if uninjured, will contact the following designated company coordinator: John E. Wyshinski Jr. (C) [REDACTED]
5. The designated coordinator will contact the state and municipal authorities where the accident occurred. If the accident or spill has the potential to cause environmental damage, (either due to nature of the waste, location of the accident or additional factors such as leaking oil, gasoline or hydraulic fluid) the person contacted will notify the state emergency response team by calling one of the following numbers: DE: 911, 302-739-9401 or 800-662-8802  
NJ: 911, 877-927-6337

**Driver Training & Safety Procedures**

- 1) All drivers must complete an application for employment prior to being hired.
- 2) An Inquiry is made into each driver's driving records for the past 3 years in every state which driver has held an operator's license.
- 3) Copy of each driver's current license to prove that they hold at a minimum of a Class B CDL for straight trucks and a Class A for any drivers that will operate trucks with any kind of trailer. No driver will be considered for a driving position without a minimum of a Class B CDL.
- 4) Each new driver is trained on our company's requirements for pre-trip inspections, load securing, proper method for setting down trailers/cans and post trip report. Each truck contains an inspection report which creates a carbon copy, the original remains in the truck and the carbon copy is turned into the main office. Each driver is expected to maintain this inspection book on a daily basis or as the truck is used. Drivers are expected to have a strong understanding of the types of Solid Waste the company is permitted to transport. Drivers are expected to have a firm understanding of the various types of solid waste. Driver must assess and understand safe procedures for dropping off and picking up containers, this is critical to maintaining safe operations of the vehicle. Drivers must not pick up cans that have been overfilled, this can result in damage to the vehicle, and furthermore, it can create an unsafe situation for any people or vehicles nearby should the lifting mechanism fail due to the excessive weight. Overfilled cans also present a serious hazard on the road because the tarp, in the case of a roll off container, may not cover the load properly causing debris to fly off the truck while en route to disposal facility.
- 5) All drivers are trained and are expected to understand the procedure for reporting an accident or emergency of any kind directly to one of the Owners. All drivers have the cell phone numbers of both owners so as to be able to contact one or both of them immediately following an accident.
- 6) Drivers are to be familiar with spill control plan and the tools being used in a spill control situation. Also, a list of emergency contact information is kept in each truck and each driver is required to know where to find such information. Information such as emergency reporting numbers in NJ & DE. **NJ - (877) 337-9276 DE - (800) 662-8802 and 302-739-9401**
- 7) Each year, typically at the end of each calendar year, a driver abstract is pulled for each driver to check each driver's driving record.
- 8) Each driver is expected to report any moving violations including non-work related moving violations.
- 9) A complete file is kept with up to date medical examiners card, copy of valid CDL license, driver abstract and any other information the company deems necessary or important.
- 10) The company maintains a 3 strike rule for any driver found in violation of any of the requirements or rules set forth by South Jersey Recycling LLC. A 3<sup>rd</sup> violation will result in permanent firing.

Form MCS-90 (04/00)

**ENDORSEMENT FOR  
MOTOR CARRIER POLICIES OF INSURANCE FOR PUBLIC LIABILITY  
UNDER SECTIONS 29 AND 30 OF THE MOTOR CARRIER ACT OF 1980**

**DEFINITIONS AS USED IN THIS ENDORSEMENT**

**ACCIDENT** includes continuous or repeated exposure to conditions which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

**MOTOR VEHICLE** means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property or any combination thereof.

**BODILY INJURY** means injury to the body, sickness, or disease to any person including death resulting from any of these.

**ENVIRONMENTAL RESTORATION** means restitution for the loss, damage or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish and wildlife.

**PROPERTY DAMAGE** means damage to or loss of use of tangible property.

**PUBLIC LIABILITY** means the liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo.

It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon, or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of any one accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

The policy to which this endorsement is attached provides primary or excess insurance, as indicated by "X", for the limits shown:

- This insurance is primary and the company shall not be liable for amounts in excess of \$1,000,000 for each accident.
- This insurance is excess and the company shall not be liable for amounts in excess of \_\_\_\_\_ for each accident in excess of the underlying limit of \_\_\_\_\_ for each accident.

Hello,

Section 8, I do this every time. I did not mean to mark the Clean of New Castle. Can that be removed?  
Section 10, as soon as the insurance company sends this, I will forward to you. My apologies
