RE: Solid Waste Transporter License

Dear Mr. Farrell:

This is to advise you that the investigative report from the Attorney General required under N.J.S.A. 13:1E-126 et seq. had been received by the Department of Environmental Protection. Based on our review of the aforementioned investigative report, the Department issued a Solid Waste Transporter License on December 31, 1991 to:

**LACY'S EXPRESS, INC.**

This letter will serve as documentation that a solid waste transporter license had been previously issued and this serves as a duplicate of the original license.

Please be advised that the license hereby issued is a "conditional" license and is modified by the terms and conditions as specified on the attached document as they have been put forth by the Attorney General's Office. Failure to meet the specified conditions will result in the revocation of this license.

This license must be renewed annually by filing the Annual License Update form and any other change of information concerning your company or its operation as required by the Department.

Sincerely,

*Deborah Pinto*

(authorized company representative)

The policy to which this endorsement is attached provides primary or excess insurance, as indicated for the limits shown (check only one):

- ☐ This insurance is primary and the company shall not be liable for amounts in excess of \$ \_\_\_\_\_ for each accident.
- ☒ This insurance is excess and the company shall not be liable for amounts in excess of \$ 4,000,000.00 for each accident in excess of the underlying limit of \$ 1,000,000.00 for each accident.

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: (312) 456-6779.

Cancellation of this endorsement may be effected by the company or the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, DC).

**DEFINITIONS AS USED IN THIS ENDORSEMENT**

**Accident** includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

**Motor Vehicle** means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

**Bodily Injury** means injury to the body, sickness, or disease to any person, including death resulting from any of these.

**Property Damage** means damage to or loss of use of tangible property.

**Environmental Restoration** means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

**Public Liability** means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

### Spill Control Plan

# **LACY'S EXPRESS, INC.**

## **EMERGENCY & CONTINGENCY PLAN**

---

**March 15, 2024**

**REVISED**

**Steven Grabas**

**H.S.S.E. Manager**

### **INTRODUCTION**

This Emergency Response & Contingency Plan has been written in order to assist the employee during times of emergencies involving emergency events including spills, accidents, medical emergencies, severe weather, security emergencies and fire.

The Emergency Response Plan must be carried at all times in your tractor and used in case of emergency. You must be familiar with its contents. Any employee failing to have this plan in his possession while out on the road will be subject to disciplinary action up to and including discharge. At the truck yard, the plan is maintained on the shared network drive and in two hardcopies. The hardcopies are kept in the Safety/Permit Office and the Security Office.

You must do everything you can possibly do in order to avoid injuring yourself or others, causing any spills or having an accident or incident. You must always think before you act and always be prepared for the unexpected. Use good common sense and wear your protective equipment when dealing with any spills.

This Emergency Response Plan was written to assist you through the steps necessary to safely handle an emergency. Keep in mind this is a guide. Depending on the nature of the incident and the specific details of the event, deviations may have to be made in order to handle the emergency.

## **CHEMICAL SPILLS – THINGS TO CONSIDER:**

### **QUESTIONS YOU MUST IMMEDIATELY ASK YOURSELF:**

Do I know what material has spilled?

Do I have an MSDS available for the material?

Do I have my emergency response guidebook?

What are the hazards of the chemical that has spilled?

How do I protect myself and others?

Can I safely control the spill?

Do I have the appropriate personal protective equipment?

Have I notified the proper authorities?

How can I protect the environment?

Do I have all the paperwork ready to show the  
Emergency Responders or Police?

### **SPILL PROCEDURE – LOADING AND UNLOADING**

If you have a spill during loading or unloading, you must immediately react in order to minimize the quantity spilled and avoid further impact to people or the environment.

Action steps:

1. Immediately shut off the flow.
2. Notify operator or site supervisor.
3. Consult MSDS or Waste Profile.
4. Do not get material on you.

5. Seek immediate medical attention if exposed to hazardous material.
6. Utilize safety shower if necessary.
7. Use your Spill Kit.
8. Contact Lacy's dispatch.
9. Decontaminate protective equipment as well as your tractor and trailer before leaving the site.

It is essential to immediately update Ferrell's Disposal Management once the spill is contained and under control.

### **Leak during transportation**

If a leak should develop during transportation, you **MUST IMMEDIATELY** take the following steps:

- Pull over as quickly as possible.
- Avoid pulling into any populated areas.
- Avoid pulling over any Storm Drains or near any Waterways.
- Notify Ferrell's Disposal Lacy's Management immediately that you have a problem.
- Notify the authorities listed on the State contact list. If no specific number is listed for your state, then call 911.
- Have appropriate paperwork readily available for the emergency responders.
- Wear appropriate protective equipment while checking the leak.
- Utilize your spill kit to contain the leak.
- Stay upwind and avoid any of the material getting on you.
- Keep all unauthorized people away from the area and do not discuss details of the event.

- If it is a Flammable product, ensure that there are no ignition sources present such as lighted cigarettes, vehicle engines, flares etc.
- Cooperate fully with all authorized agencies such as the fire department, police, and environmental protection agency.
- Remain factual when responding to questions and do not make statements regarding fault or liability for the event. Ferrell's Disposal Management will investigate all situations and will take appropriate actions.
- Use DOT Form 5800.1 for reporting any spills on Public Roadways. (Located in your Accident Kit.)

#### **ADDITIONAL INFORMATION:**

- All chemicals have different characteristics and must be handled accordingly. In order for you not to get injured in any way you must know what adverse effects can be caused by the chemical that was spilled. Do not take any chances if you are not sure.
- An evacuation may be necessary but that will be a decision made by the Emergency Response Personnel or Police.
- Your life and the lives of others are the most important factors. You must always use caution and a high safety awareness at all times.
- If any of your clothing or shoes get contaminated, immediately wash and change. Do not place contaminated clothing or shoes in your tractor because fumes or odors could be coming off and affect you while driving.
- Dispose of contaminated clothes & shoes in an
- Approved plastic bag or drum. Never dispose in an ordinary trash can or along the road.
- You must also decontaminate the tractor and trailer before leaving the incident location.

#### **IN SUMMARY**

**Clear thinking and quick action are extremely necessary on your part in order to:**

- Prevent the loss of human life.
- Prevent exposures that could have both immediate as well as long term affects.
- Prevent any impact on the environment.
- Help minimize any property damage.
- Your safety and the safety of others are the number one priority.

- You are not authorized to assume any liability for property damage or clean up.
- You must direct any questions in regard to assuming fault and/or cost to Ferrell's Disposal Management.

### **ACCIDENTS ON ROADWAYS**

**If you are involved in an accident while out on the road you must follow these steps:**

1. Seek medical attention if you or the other party are injured.
2. Always contact the Police and do not move your vehicle.
3. Fill out the accident form located in your accident kit.
4. Obtain as many details as you possibly can while they are fresh in your mind.
5. Immediately contact Lacy's dispatch.
6. Never get into an altercation with the other driver.
7. Obtain the names and phone numbers of any witnesses that could help you.
8. You are not authorized to assume liability or to approve payment for damages to other vehicles or property.
9. Try to remain calm and never leave the scene of an accident until released by the Police or until the other party has left.

## **FIRE**

**Any incident involving a fire emergency at our terminal or while on the road requires good judgement and an immediate response.**

- Your most immediate course of action in responding to a Fire Emergency is to Call 911
- Immediately refer to your list of emergency responder contact numbers that are included in your emergency response plan and notify the appropriate responder(s)
- As soon as possible you are required to notify a member of Ferrell's Disposal Management by way of Rand McNally (ELD) if so equipped or, from your contact list. Follow any instructions or directions given to you pertaining to your reported fire emergency.

## **MEDICAL EMERGENCIES**

Upon any circumstance determined to be a **Medical Emergency** experienced by yourself or another individual at our terminal, a customer location or while on the road:

- Immediately exercise good judgement to determine appropriate response and necessary assistance to other individuals.
- If your judgement determines the **Medical Emergency** is life threatening, there is loss of consciousness, difficulty breathing or heavy bleeding, Call 911 immediately and render assistance as directed to the distressed person.

Contact a member of Ferrell's Disposal Management or Staff as soon as practical through your **Emergency Contact List** in your Emergency Response Plan, your On-Call Calendar, your daily work order, or your issued wallet contact list

## **SEVERE WEATHER**

### **In the event of a weather emergency while on the road:**

- You are expected to exercise your Professional Judgement relative to your course of action.
- Act in accordance with your experience and training as a Professional Driver
- You should communicate your status during a weather emergency every two hours while you are in the truck.
- Ferrell's Disposal Management gives the driver the responsibility of making any decision regarding his/her ability to safely operate the vehicle. It is stressed that if you are in doubt, seek a safe and secure area to park your vehicle and advise Ferrell's Disposal Management as soon as possible.
- Decisions regarding appropriate action relative to Health, Safety, Security, and the Environment during a weather emergency at Ferrell's Disposal Terminal are made by the terminal manager – Jason Ferrell, and the Safety Director/RC Coordinator – Steven Grabas. Appropriate measures will be initiated as soon as practical relative to securing, or interrupting terminal operations.

## **SECURITY EMERGENCIES**

- Any incident relative to a security breach or threat at Ferrell's Disposal Terminal should be immediately reported to a member of Ferrell's Disposal Management 24 hours per day.
- Contact phone numbers are listed under "**Emergency Phone Numbers**" listed in your Emergency Response Plan, your monthly on-call calendar and wallet contact card.
- If you are on the road, you are expected and required to follow Ferrell's Disposal established policy and procedure that is detailed in and is part of your assigned drivers plan under the title of: "**SECURITY PROCEDURES**"

## **EMERGENCY EQUIPMENT**

The following equipment and plans must be carried at all times in your tractor:

### **ACCIDENT KIT**
