**SOLID WASTE TRANSPORTER PERMIT APPLICATION**

Language Preference:

**Instructions:** You must complete this application in its entirety and attach all applicable documentation. (Note: For applicants renewing an existing permit, this application requires the submission of updated information and documentation. References to material submitted under previous applications are no longer accepted.)

The application must be signed by the company owner or a corporate officer. A check or money order payable to the **“State of Delaware”** must accompany this application and be sent to:

Delaware Department of Natural Resources and Environmental Control  
Compliance and Permitting Section  
89 Kings Highway  
Dover, DE 19901

**1. Type of Permit**

- New – **SCRAP TIRES ONLY** Submit a check or money order, payable to the “State of Delaware,” in the amount of \$75.00.
- New – **ALL OTHERS** Submit a check or money order, payable to the “ State of Delaware” in the amount of \$350.00.
- Renewal: Permit # DE-SW- 1861 Expiration Date 6/30/25

Please indicate the term for which you desire your permit to be issued. Submit a check or money order, payable to the “State of Delaware,” for the indicated permit fee.

**SCRAP TIRES ONLY**

- One Year - \$75.00
- Two Years - \$125.00
- Three Years - \$175.00
- Four Years - \$225.00
- Five Years - \$275.00

**ALL OTHERS**

- One Year - \$350.00
- Two Years - \$650.00
- Three Years - \$950.00
- Four Years - \$1250.00
- Five Years - \$1550.00

**2. Release to Public**

Do you wish to be included on the list of transporters that is provided to persons requesting a list of Delaware permitted solid waste transporters?  Yes  No

**3. Company Information**

Company Name LWS Dumpsters

Location Address:	Mailing Address:
112 Hillside Lane	← Same
Kennett Square, PA	

Contact: Lucio Pizzini Title: Managing Member

Business Phone: 610 708 3076 Fax: \_\_\_\_\_

E-mail: LWSDumpsterRental@gmail.com

24 hr Emergency Contact Phone: \_\_\_\_\_

**4. Company Ownership Information**

(a). Please indicate the company type:

- Proprietorship
- Partnership
- Corporation - If company is a corporation, indicate city, state, and date of incorporation.

City: \_\_\_\_\_ State: \_\_\_\_\_ Date: \_\_\_\_\_

- Municipality
- Public institution
- Limited Liability Corporation (LLC) State: PA
- Other: (must specify) \_\_\_\_\_

(b). For each Owner, Partner, or Corporate Officer, attach a list with name, title, mailing address, date of birth, and % ownership. Include all stockholders owning greater than 5% outstanding shares.

Attachment \_\_\_\_\_

(c). If company is owned by or affiliated with a parent company, attach parent company name, address & mailing address, and % ownership.

- Attachment \_\_\_\_\_
- No parent company

**5. Company locations in Delaware**

List name and street address of each company location, including freight terminals, within the State of Delaware.

- Attachment \_\_\_\_\_  
 No Delaware locations

**6. Company Affiliates**

List name, location and mailing addresses, nature of business relationship of all company Affiliates, which affiliates are engaged in the business of waste transport, treatment, storage, disposal, recovery or reclamation. (Affiliated companies are defined as those companies owned by the same owners, corporate officers, or parent company.)

- Attachment \_\_\_\_\_  
 No affiliates

**7. Type of Waste to be Transported**

(a). Check all that apply. Refer to Delaware's *Regulations Governing Solid Waste* for definitions of waste categories.

- Residential waste  
 Commercial waste (from **non-manufacturing, non-processing** businesses and offices)  
 Industrial waste (from a manufacturing or industrial process)  
 Dry waste:    construction/demolition debris  
                           trees/stumps  
                           other (must specify) \_\_\_\_\_  
 Ash:    municipal incinerator  
                   coal ash  
                   other (must specify) \_\_\_\_\_  
 Infectious waste  
 Non-hazardous petroleum-hydrocarbon contaminated soils  
 Asbestos-containing waste  
 Scrap Tires

(b). Does your company collect and transport residential (household) waste from single family homes, condominiums and apartment complexes in Delaware?    Yes    No

(c). If you answered "YES" to question 7.b., above, does your company provide recycling services to those customers?    Yes    No    N/A

(d). If you offer recycling services, does your company collect and transport the recyclables separately from the waste generated by your customers?    Yes    No

(e). If you offer recycling services, are the recyclables ultimately taken to an incinerator (waste-to-energy) or landfill?    Yes    No

**8. Treatment, Storage, and Disposal Facilities**

- (a). Do you cross state lines with the waste?  Yes  No
- (b). Identify in an attachment **all** solid waste Treatment, Storage, Disposal Facilities, Reclamation Facilities and Transfer Stations to which the waste will be transported.
- Delaware Solid Waste Authority locations: (attachment) \_\_\_\_\_
  - Clean Earth of New Castle, Inc. (thermal treatment facility for PHC-soils)
  - Delaware Recyclable Products, Inc. (dry waste, commercial, industrial, and PHC-soils )
  - Other in-state solid waste facilities, including private facilities: (attachment) \_\_\_\_\_
  - Out of state solid waste TSD facilities: (attachment) \_\_\_\_\_

**9. Other Transporter Permits**

- (a). Attach a copy of your home state solid waste transporter permit. (N/A if Delaware is your home state.)
- Attachment \_\_\_\_\_
  - Not applicable-No transporter permit required for these solid waste types in our home state.

- (b). List solid waste transporter permits held in other states.

- Attachment \_\_\_\_\_
- No transporter permits in other states

- (c). Indicate your Federal DOT number and Motor Carrier number:

DOT# 3570 557 MC# n/a

- N/A If N/A, please provide an explanation, on the following page, as to why you are not required to have a DOT or MC number.

**10. Proof of Financial Responsibility**

The transporter must submit proof of financial responsibility as established in section 7.2.4 of Delaware's *Regulations Governing Solid Waste*. This proof may be established by a Certificate of Insurance, with MCS-90 endorsement where applicable, or by other means approved by the Department. (The Certificate of Insurance must identify the **Department of Natural Resources and Environmental Control, Compliance and Permitting Section** as the certificate holder.)

- (a). Are you for-hire in interstate commerce?  Yes  No (For-Hire means you are in the business of transporting, for compensation or payment, wastes generated by a company other than your own.)
- (b). Do you transport in the State of Delaware Only (Intrastate)?  Yes  No
- (c). Do you transport Interstate?  Yes  No

- (d). Certificate of Insurance must be attached and include minimum automobile liability coverage as follows:

	<b>FOR-HIRE INTERSTATE</b>	<b>ALL OTHERS</b>
Residential Waste	\$750,000.00 + MCS-90 <input checked="" type="checkbox"/>	\$350,000.00 <input type="checkbox"/>
Commercial Waste	\$750,000.00 + MCS-90 <input checked="" type="checkbox"/>	\$350,000.00 <input type="checkbox"/>
Industrial Waste	\$750,000.00 + MCS-90 <input checked="" type="checkbox"/>	\$350,000.00 <input type="checkbox"/>
Dry Waste	\$750,000.00 + MCS-90 <input checked="" type="checkbox"/>	\$350,000.00 <input type="checkbox"/>
Ash	\$750,000.00 + MCS-90 <input type="checkbox"/>	\$350,000.00 <input type="checkbox"/>
Infectious Waste	\$1,000,000.00 + MCS-90 <input type="checkbox"/>	\$750,000.00 + MCS-90 <input type="checkbox"/>
Non-Hazardous Petroleum Contaminated Soils	\$750,000.00 + MCS-90 <input type="checkbox"/>	\$350,000.00 <input type="checkbox"/>
Asbestos	\$1,000,000.00 + MCS-90 <input type="checkbox"/> (For Hire & Private)	\$350,000.00 <input type="checkbox"/>
Scrap Tires Only	\$350,000.00 <input checked="" type="checkbox"/>	\$350,000.00 <input type="checkbox"/>

### 11. Spill Control and Safety

List all spill control and safety equipment which will be carried on each vehicle. (**Note:** Separate lists by type of vehicle and type of waste may be required.) Attach a copy of the Spill Control Plan. The Spill Control Plan **must** contain the following elements: (1) List of safety and spill control equipment carried in the vehicle, (2) Driver preventive measures, (3) Driver immediate corrective actions, (4) Company internal communications, (5) Company external communications including the **Delaware Emergency Reporting Numbers: 1-800-662-8802 and 302-739-9401**, and (6) Cleanup and decontamination measures.

Spill Control Plan: Attachment            ✓

### 12. Driver Training

**IN SUMMARY OR OUTLINE FORM**, describe the procedures that your company takes to ensure that all company drivers are safe and competent drivers. Small owner-operators may describe their years of experience and driving record in lieu of a formal program.

- (a). Include requirements for special licenses (e.g. CDL, including any special endorsements), any special training received, including dates training was received (e.g. asbestos training), and any ongoing company programs. (e.g. weekly safety meetings or annual refresher courses);
- (b). Include your company procedure for periodic checks of the driver's records for moving violations, and your company policy on progressive counseling/discipline based on points;
- (c). Describe how drivers are instructed in the following:
  - (i) Knowledge of proper handling procedures for the type of solid waste being transported.
  - (ii) Familiarity with the approved accidental discharge containment plan. (Spill Control Plan)
  - (iii) Familiarity with the conditions of the solid waste transporter's permit.

Driver Training, attachment            ✓

### 13. Vehicle Identification

On the form provided with this application, list **MAKE, MODEL, YEAR, SERIAL NUMBER, LICENSE PLATE NUMBER, STATE OF REGISTRATION, MANUFACTURER'S GVWR and OWNERSHIP** of all vehicles used for the transportation of solid waste. You must list both motorized and container units. (If you maintain a list of company vehicles in a computer database you may submit a print out of the vehicles provided it contains the information requested herein.)

**NOTE: You must notify CAPS in writing of any changes to information contained within this application, such as additions or deletions of vehicles, in accordance with conditions of the issued permit.**

Vehicle List Attached

### 14. Vehicle Operator Information

Is a list of all vehicle operators attached?  Yes

What tax form do you submit to the IRS for your vehicle operators?

- Form W-2  
 Form 1099-Misc  
 Other

### 15. Environmental Record

List all criminal citations, arrests, convictions, civil or administrative violations, and civil or administrative enforcement actions, and the disposition(s) thereof for the violation or alleged violation of any environmental statute, regulation, permit, license, approval, or order, regardless of the state in which it occurred. Indicate whether it was a local, state, or federal violation or alleged violation. List all such items for the applicant, and if the applicant is other than an individual, for any employee while employed by the applicant, or any partner, officer, or director of the applicant as an individual or for any former business of such partner, officer, or director. For civil or administrative violations or alleged violations, list all such items for the last five (5) years from the date of the application. Information submitted under this section is subject to verification. **Failure to submit complete and accurate information may lead to permit denial or revocation.**

- Attachment \_\_\_\_\_  
 No violations within the specified time period

### 16. Certification

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this application and all attachments and that, upon personal knowledge and information, the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information.

# Emergency Contingency Plan – Spill Procedures

The Department of Transportation in 49CFR177.85 requires that motor carriers and drivers take all means necessary to prevent the spillage or leakage of hazardous material onto a highway or roadway.

On the road, the driver is the first line of defense when a spill occurs and is responsible for containing and cleaning up minor releases or spills. Major spills may require the assistance of a licensed clean-up contractor.

Once released or spilled, materials may be considered hazardous waste, requiring that all local, state, and federal regulations regarding the handling and transport of hazardous waste be followed.

## SPILL KIT CONTENTS

Vehicle spill kits generally contain the following items:

- \* Sorbent materials such as snakes, booms, or pigs
- \* Mats or pads
- \* Putty
- \* Wooden plugs
- \* Nitrile gloves
- \* Chemical and puncture proof protective gloves
- \* Disposal bags

## PROCEDURES

**If the leak is major, contact 911 for emergency services and then notify your company.**

In the event of a minor spill the driver should follow four basic steps.

1. Protect personal safety first. Place safety goggles and gloves on the eyes and hands.
2. Stop the leak using the wooden plugs and putty, if needed.
3. Contain the spill. Place booms, snakes, or pigs in front of drains or grates to prevent leakage to waterways. Place remaining pigs or snakes at the outside edges of the spill; soak up the spilled fuel or liquid by placing the mats or pads on the liquid within the boom area.
4. Clean up the spilled material. Place all used/contaminated sorbents into the disposal bags and place the bags in the cab, cargo box, or trailer. Transport the waste back to the company for proper disposal by a regulated waste disposal company.

**Note:** Do not place bags in the cab with you or in the trailer if you transport food products. Call the company for further disposal instructions.

## SAFETY PRECAUTIONS

Drivers should remember:

- \* to pull the vehicle away from ignition sources, water and storm drains, and out of the flow of traffic, allowing for a safe exit from the vehicle;
  - \* to avoid smoking, igniting a lighter, striking a match, or bringing an open flame near the spill area;
  - \* to turn off the ignition to the vehicle
-

# Emergency Contingency Plan – Spill Procedures

- \* to not park under overhead electric lines
- \* to don the provided safety goggles and gloves;
- \* not to attempt to repair a punctured fuel tank or broken crossover line unless the driver has received appropriate training as required by OSHA and other applicable laws; and
- \* to immediately replace the contents of the spill kit.

## TRAINING

Prior to their initial driving assignment, drivers should receive training in the company's spill response procedures.

Hi Mr. Pizzini,

Thank you for submitting your application to renew your Delaware solid waste transporter permit. Upon review, I have found that some information is missing or needs to be updated. Please address the items listed below:

- **Section 9(b)**- Do you have any other state solid waste permits?
- **Section 10**- You did not submit a certificate of insurance. Please provide this form and ensure you have the correct amount of automobile liability insurance and add the Department of Natural Resources and Environmental Control address in the Certificate Holder section the address is 89 Kings HWY, Dover, DE 19901.
- **Section 10**- *For-hire* means you're in the business of transporting passengers, regulated property, or household goods owned by others for compensation. Do you transport any of the following? If so, please provide a motor carrier number (mc #).
- **Section 10**- *For-hire* means transporting passengers, regulated property, or household goods owned by others for compensation. Do you transport any of the following? If so, please provide an MCS-90 endorsement form.
- **Section 11**- The spill control plan is missing an emergency contact (name and phone number) and pre-trip inspections. Please update this plan and add the contact information/pre-trip inspection.
- **Section 12**- Please provide driver training. Requirements include:
  - (a). Special licenses (e.g. CDL, including any special endorsements), any special training received, including dates training was received (e.g. asbestos training), and any ongoing company programs. (e.g. weekly safety meetings or annual refresher courses);

(b). Include your company procedure for periodic checks of the driver's records for moving violations, and your company policy on progressive counseling/discipline based on points.

(c). Describe how drivers are instructed in the following:

(i) Knowledge of proper handling procedures for the type of solid waste being transported.

(ii) Familiarity with the approved accidental discharge containment plan. (Spill Control Plan)

(iii) Familiarity with the conditions of the solid waste transporter's permit.

- **Section 14**-You did not provide a list of vehicle operators. What tax form is used for drivers?

Please provide the information requested above via e-mail within five (5) days.

Thank you,

**DaQuan L. Davis**

*Harold M. Swarr*

12(a)

No special licenses are required. We do not transport hazmat and operate under CDL vehicles.

12(b)

Moving violation and DOT checks are recorded in our office and we discuss corrective action. We check driving records through our DOT Compliance company. Drivers continuously talk and read updates through our DOT compliance company and updates sent from Waste Authorities in our Service states of PA, DE and MD and the dump sites within them.

12(c)

- (i) Waste is disposed of at proper Waste Disposal Centers across the state of Delaware. We have and use our resources regularly when we have questions.
- (ii) Drivers are aware to ensure safety first if there is a leak, use spill kit to initial contain leak and then reach out to the numbers listed on the Spill Control Kit
- (iii) All drivers are made aware of the solid waste transporters permit.

# Emergency Contingency Plan – Spill Procedures

The Department of Transportation in 49CFR177.85 requires that motor carriers and drivers take all means necessary to prevent the spillage or leakage of hazardous material onto a highway or roadway.

On the road, the driver is the first line of defense when a spill occurs and is responsible for containing and cleaning up minor releases or spills. Major spills may require the assistance of a licensed clean-up contractor.

Once released or spilled, materials may be considered hazardous waste, requiring that all local, state, and federal regulations regarding the handling and transport of hazardous waste be followed.

## SPILL KIT CONTENTS

Vehicle spill kits generally contain the following items:

- \* Sorbent materials such as snakes, booms, or pigs
- \* Mats or pads
- \* Putty
- \* Wooden plugs
- \* Nitrile gloves
- \* Chemical and puncture proof protective gloves
- \* Disposal bags

## PROCEDURES

**If the leak is major, contact 911 for emergency services and then notify your company.**

In the event of a minor spill the driver should follow four basic steps.

1. Protect personal safety first. Place safety goggles and gloves on the eyes and hands.
2. Stop the leak using the wooden plugs and putty, if needed.
3. Contain the spill. Place booms, snakes, or pigs in front of drains or grates to prevent leakage to waterways. Place remaining pigs or snakes at the outside edges of the spill; soak up the spilled fuel or liquid by placing the mats or pads on the liquid within the boom area.
4. Clean up the spilled material. Place all used/contaminated sorbents into the disposal bags and place the bags in the cab, cargo box, or trailer. Transport the waste back to the company for proper disposal by a regulated waste disposal company.

**Note:** Do not place bags in the cab with you or in the trailer if you transport food products. Call the company for further disposal instructions.

## SAFETY PRECAUTIONS

Drivers should remember:

- \* to pull the vehicle away from ignition sources, water and storm drains, and out of the flow of traffic, allowing for a safe exit from the vehicle;
  - \* to avoid smoking, igniting a lighter, striking a match, or bringing an open flame near the spill area;
  - \* to turn off the ignition to the vehicle
-

# Emergency Contingency Plan – Spill Procedures

- \* to not park under overhead electric lines
- \* to don the provided safety goggles and gloves;
- \* not to attempt to repair a punctured fuel tank or broken crossover line unless the driver has received appropriate training as required by OSHA and other applicable laws; and
- \* to immediately replace the contents of the spill kit.

## TRAINING

Prior to their initial driving assignment, drivers should receive training in the company's spill response procedures.
