- (7) This plan will be carried in all vehicles, along with the permit.

Driver Training

- A. One of the hiring requirements for a commercial driver at Metropolitan Trucking Group is any applicant must have a good standing Class B CDL to be considered for a role. Once we clear their CDL and Clearinghouse the applicant will do a road test with our mechanic or senior driver. After they pass that road test they are sent for a pre-employment drug test. After all that is complete the driver will then road along with the senior driver for the first few days on the road to understand the material, they are hauling and the facilities they are hauling in and out of. The senior driver will walk them through the procedures as well. The senior driver will then sign off certifying the new hire is ready to drive on their own.
- B. Metropolitan Trucking Group does annual CDL and Clearing House reports for all current drivers.
- C. New hires are given spill control policy and job duty list.

(b). List solid waste transporter permits held in other states.

Spill Plan

Initial Response Procedures This plan becomes effective immediately upon notification of a spill/leak occurring at the facility or from a transport vehicle. The specific action to control, contain, and cleanup a spill will vary with the type of oil spilled, the location, and the amount. The person observing the spill should analyze the situation and exercise good judgment in formulating the best action plan for the type of spill. It is important that the person reporting makes clear distinction between their opinion and direct observation of the situation. Useful information is items such as: length and width of the spill, depth of the fluid spill, direction of the wind, location of any water ways, location of any surface run off collections systems, location of vulnerable persons, equipment or supplies needed to contain or clean up the spill, presence or assistance. In general, immediately upon becoming aware of a spill, the observer (typically the transport operator or facility personnel) should follow initial response actions. **ISOLATE** Keep people away! Warn them of the danger; keep people away and upwind of the spillage. Whoever is in charge of the spill containment or clean up has civil authority to request police to restrain or arrest person who endanger themselves or hamper the recovery efforts. **CONTAIN** Attempt to contain the Hazardous Material but only if it can be done safely. Sand delivered by dump trucks has proven a valuable tool in the event of quick and deficient diking. **COMMUNICATE** Notify Authorized Individual (DISPATCH], then local police and fire departments, and if necessary, notification of emergency response contractor will be done by Company Authorized Individual. Be expected to provide: • Product proper shipping name, class, and UN# • Extent of spill • Location • When it happened • Phone number where you can be reached • Let them hang up the phone first so all question are answered • Follow instructions, keep dispatch informed of changes Typically, in the event of a large spill that cannot easily be handled by the spill observer, the Authorized Individual will assume control of the situation and be responsible for implementing spill containment, protection, and recovery actions.

Good afternoon,

My apologies for the oversight. See below for the missing information. If there is anything further you need from please let me know.

Thank you

Thank you for submitting your application for your Delaware solid waste transporter permit. Upon review, I have found that some information is missing or needs to be updated. Please address the items listed below:

- **Section 4(b)**- The ownership/corporate officer information that was submitted is missing the dates of birth, ownership percentages, titles, and the owner's /corporate officers' mailing address. Please update your ownership information and send it back **(Attached)**
- **Section 9(a)**- Please provide a copy of the company's home state solid waste transporter permit. **(NA, does not apply. We do not haul solid waste in home state)**
- **Section 10**- *For-hire* means transporting passengers, regulated property, or household goods owned by others for compensation. Do you transport any of the following? If so, please provide an MCS-90 endorsement form. **(Attached)**
- **Section 12**- Driver training is missing the following requirements:

((b). Include your company procedure for periodic checks of the driver's records for moving violations, and your company policy on progressive counseling/discipline based on points. **(Per DOT regulations we run the driver motor vehicle reports once per year to ensure drivers are still stuitable to drive commercial vehicles. Drivers are given three warnings before termination for light offenses including misconduct. When a second warning is given the driver will do a ride along with a senior driver. Accidents that are not reported or continuous unsafe operation of motor vehicles is immediate dismissal. All misconducts are written down and signed off by the driver and manager. They are kept in driver files)**

(c). Describe how drivers are instructed in the following:

(i) Knowledge of proper handling procedures for the type of solid waste being transported.

The drivers we hire already have prior experience of handling solid waste. They maintain that knowledge by making sure they are loaded with legal weight, none of the material is falling off the truck and the load is secured.

(iii) Familiarity with the conditions of the solid waste transporter's permit.

- **Section 14**-You did not provide a list of vehicle operators (attached)

Bodily Injury means injury to the body, sickness, or disease to any person, including death resulting from any of these.

Property Damage means damage to or loss of use of tangible property.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

Environmental Restoration means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

Public Liability means liability for bodily injury, property damage, and environmental restoration.

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.
