**Endorsement for Motor Carrier Policies of Insurance for Public Liability
under Sections 29 and 30 of the Motor Carrier Act of 1980**

FORM MCS-90

Issued to AEG ENVIRONMENTAL PRODUCTS & SERVICES INC of PA
(Motor Carrier name) (Motor Carrier state or province)

Dated at FAIRFIELD, OHIO on this 9 day of JUNE, 2025

Amending Policy Number: EBA 002 71 26 Effective Date: 06-08-2021

Name of Insurance Company: THE CINCINNATI INDEMNITY COMPANY

Countersigned by: [Signature]
(authorized company representative)

BLUE RIDGE RISK PARTNERS, LLC 19-004

The policy to which this endorsement is attached provides primary or excess insurance, as indicated for the limits shown (check only one):

- ☒ This insurance is primary and the company shall not be liable for amounts in excess of \$ 1,000,000 for each accident.
- ☐ This insurance is excess and the company shall not be liable for amounts in excess of \$ _____ for each accident in excess of the underlying limit of \$ _____ for each accident.

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: 513-870-2000.

Cancellation of this endorsement may be effected by the company or the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, DC).

DEFINITIONS AS USED IN THIS ENDORSEMENT

Accident includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

Motor Vehicle means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

Bodily Injury means injury to the body, sickness, or disease to any person, including death resulting from any of these.

Property Damage means damage to or loss of use of tangible property.

Environmental Restoration means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

Public Liability means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of any one accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

AEG Environmental Products & Services

The Environmental Company That Makes Business Sense

Regulatory Compliance History

AEG Environmental has been an environmental management contractor in Maryland, Virginia, Pennsylvania, Delaware, and Washington DC since 1995. We currently hold the following permits and certifications:

- Maryland Oil Operations Permit (No. 2019-OPV-2992)
- Maryland Hazardous Waste Hauler (No. HWH 658)
- Pennsylvania Hazardous Transporter License (No. PA-AH 0701)
- Pennsylvania Residual Waste Transporter License (No. WH2121)
- Delaware Solid Waste Hauler Permit (No. DE-SW-1334)
- Delaware Hazardous Waste Hauler Permit (No. DE-HW-0571)
- Environmental Protection Agency Identification Number PAR000567826)

In the 28+ years that AEG has been doing business the Company has received nine Notice of Violations (NOV) from regulatory agencies. In May 2004 the Pennsylvania Department of Environmental Protection (DEP) issued an NOV for transporting hazardous waste on an erroneous manifest. The reason for this NOV was that one of our drivers had incorrectly dated a waste manifest and had miscounted a particular line item quantity by one.

In May of 2007, July of 2008, October of 2016 and October of 2018, AEG filed our quarterly hazardous waste report to the Pennsylvania DEP late. In January 2017, AEG mistakenly omitted the October 2016 NOV from our Residual Waste Permit Application. The DEP issued a Notice of Violation for these errors. No further action was taken against AEG in any of these cases.

In October of 2007, AEG was issued a Notice of Violation from the State of Connecticut Department of Environmental Protection. The NOV stated that AEG had transported hazardous waste in Connecticut without obtaining a permit. This was an error. AEG had transported waste for a generator located in Connecticut; however all the waste was located in Maryland and disposed of in Pennsylvania. No waste had ever entered or been transported in Connecticut. Upon explanation, the Connecticut DEP closed the NOV and no further action was taken against AEG.

In February of 2012 AEG was issued a Notice of Violation from the Pennsylvania DEP. On this occasion a drum of non-hazardous waste in our vehicle failed and caused a spill. AEG responded to the spill site with a hazardous materials response team and remediated the spill area. There was no environmental impact from this incident and the NOV is closed.

Other than these instances, AEG has no other Enforcement Actions in our 28+ year compliance history.
