Re: Permit Renewal DE-SW-1752 — Submission with FOIA Redactions

Subject: Redacted Public Version Pursuant to 8 DE Admin. Code § 900

Dear DNREC-CAPS,

CyberCrunch, Inc. hereby submits its **Solid Waste Transporter Permit Renewal Application**. A check is enclosed for the applicable renewal fee. Consistent with DNREC's Important Notice, **two versions** are included:

1. **Unredacted** application and attachments for DNREC review.
2. **Public redacted** version prepared under **8 DE Admin. Code § 900** and **29 Del. C. Ch. 100**.

Confidentiality request. Under § 900 (including §§ 6.2.1–6.2.4), CyberCrunch respectfully requests confidential treatment for limited information that is not necessary for public understanding and whose disclosure would risk competitive or personal harm. Redactions are narrowly tailored to:

- **PII** (e.g., driver names, dates of birth, residential addresses), consistent with DNREC's stated redaction practice.
- **Confidential business information** and non-public corporate details whose release could create a competitive disadvantage.

All redactions are clearly marked in the public version. Non-exempt information remains available to support transparency during the 15-day public notice period and thereafter.

Please direct any FOIA or permitting correspondence to:

Serdar Bankaci
President, CyberCrunch, Inc.
1628 Roseytown Road Unit 5, Greensburg, PA 15601
(866) 925-2354 ext 1 [REDACTED]

If DNREC determines that any redacted material may be subject to disclosure, we respectfully request notice and an opportunity to further support our claim before release.

Thank you for your consideration.

Sincerely,

Serdar Bankaci
President, CyberCrunch, Inc.

IMPORTANT NOTICE

The Delaware Department of Natural Resources and Environmental Control (DNREC) Compliance and Permitting Section (CAPS) is dedicated to overseeing the waste transportation permit process. We carefully receive, review, and provide comments regarding submitted permit applications, requiring a complete application prior to public notice. It is important for transporters submitting applications to DNREC-CAPS to understand that all permit applications will now be publicly accessible during the required 15-day public notice period and are also subject to release under DNREC's Freedom of Information Act (FOIA) afterward.

To improve transparency, DNREC now publishes legal notices on its website that include the names of transporters applying for permits, along with convenient links to the original permit applications. This approach is designed to promote open communication and build public trust.

Before releasing each permit application, DNREC-CAPS ensures that all personally identifiable information (PII)-such as driver names, birthdates, and Social Security numbers-is properly redacted.

Transporters who wish to keep other certain information in their permit applications confidential-excluding personally identifiable information (PII) which is being redacted-must explicitly request confidentiality when they submit their original application. This request must comply with DNREC's Freedom of Information Act (FOIA) regulations. For detailed policies and procedures regarding confidentiality requests, refer to 8 DE Admin. Code § 900, titled *Policies and Procedures Regarding FOIA Requests*.

Please note that any request to hold specific information as confidential must be made in writing at the time you submit your original waste transporter application to DNREC-CAPS. Your request must include a justification for why the information should be kept confidential, as required by Subsections 6.2.1 through 6.2.4 of the *Policies and Procedures Regarding FOIA Requests*.

Additionally, if you are making a confidentiality claim, you are required to submit two applications: the original waste transporter permit application and a second version of the original application that redacts the information you wish to keep confidential.

We appreciate your cooperation in this matter.

CyberCrunch Spill Control Plan for Solid Waste Haulers
(1) *Spill Control and Safety Equipment Carried in Each Vehicle*

Each CyberCrunch vehicle shall carry the following safety and spill response equipment:

1. Reflectors and/or flares
2. Spill cleanup kit (broom, dustpan, sealed container, gloves)
3. Fire extinguisher
4. First aid kit
5. Heavy-duty gloves and hard hat
6. Flashlight

(2) *Load Containment*

All loads will be **enclosed, covered, or tarped** to prevent accidental discharge of waste during transport to the disposal facility.

(3) *Pre-Trip Inspections*

Before transport, the driver will perform the following inspections:

1. Complete vehicle inspection, including a full walk-around
2. Inspection of the load to ensure it is fully contained, secured, and strapped

(4) *Emergency or Spill Response*

If an accident or emergency occurs resulting in a partial or full load spill, and the driver is uninjured, the driver shall immediately contact the designated company coordinator:

Name: Serdar Bankaci

Phone: [REDACTED]

(5) *Notification Procedures*

The designated coordinator will contact the **state and municipal authorities** where the accident occurred.

If the spill or accident has the potential to cause **environmental damage** (due to the nature of the waste, the location, or other contributing factors such as leaking oil, gasoline, or hydraulic fluid), the coordinator must notify the appropriate **state emergency response team** by calling one of the following numbers:

- **Delaware:**
 - 911
 - (302) 739-9401
 - 1-800-662-8802

(Other emergency contact numbers may be listed as applicable; however, the Delaware numbers above must be included in the Spill Control Plan.)

(6) Plan Availability

This **Spill Control and Safety Plan** will be carried in all vehicles, along with the **solid waste transportation permit**.

CyberCrunch exclusively operates **box trucks under 26,000 GVWR**.

Each driver must possess:

- A **valid Class C driver's license**
- A **valid medical card**

All drivers receive **material handling** and **hazard mitigation** training, as well as **quarterly safety training**.

- **Last Material Handling Training Conducted:** 03/19/2025
- **Last Hazard Mitigation Training Conducted:** 03/19/2025

(b) Driving Record and Qualification Standards

CyberCrunch conducts **driving record checks** both **upon hire** and **annually**.

- **Disqualification Criteria:**
 - Drivers with **more than two (2) major traffic violations** within a **three-year period** will be **disqualified from driving**.
 - Drivers with **DWI/DUI violations** will be **disqualified for a minimum of five (5) years**.

(c) Driver Instruction and Training Content

Drivers are instructed on the following topics as part of their training and onboarding process:

1. **Material Handling and Waste Transport**
 - Hands-on training for handling **electronic waste** and other solid waste materials transported by CyberCrunch.
 - Topics include:
 - Identification of hazards
 - Proper packaging and labeling
 - Emergency response procedures
 - **Specific modules:**
 - i. CRT monitor cleanup and handling
 - ii. Data security
 - iii. Battery packaging and cleanup
2. **Spill Control Plan**
 - Written and verbal instruction reviewing the **CyberCrunch Spill Control Plan** (see Section 11).
3. **Solid Waste Transporter's Permit**
 - Written and verbal training on the **Solid Waste Transporter's Permit** and related compliance obligations.

CyberCrunch Spill Control Plan for Solid Waste Haulers

(1) Spill Control and Safety Equipment Carried in Each Vehicle

Each CyberCrunch vehicle shall carry the following safety and spill response equipment:

1. Reflectors and/or flares
2. Spill cleanup kit (broom, dustpan, sealed container, gloves)
3. Fire extinguisher
4. First aid kit
5. Heavy-duty gloves and hard hat
6. Flashlight

(2) Load Containment

All loads will be **enclosed, covered, or tarped** to prevent accidental discharge of waste during transport to the disposal facility.

(3) Pre-Trip Inspections

Before transport, the driver will perform the following inspections:

1. Complete vehicle inspection, including a full walk-around
2. Inspection of the load to ensure it is fully contained, secured, and strapped

(4) Emergency or Spill Response

If an accident or emergency occurs resulting in a partial or full load spill, and the driver is uninjured, the driver shall immediately contact the designated company coordinator:

Name: Serdar Bankaci

Phone: [REDACTED]

(5) Notification Procedures

The designated coordinator will contact the **state and municipal authorities** where the accident occurred.

If the spill or accident has the potential to cause **environmental damage** (due to the nature of the waste, the location, or other contributing factors such as leaking oil, gasoline, or hydraulic fluid), the coordinator must notify the appropriate **state emergency response team** by calling one of the following numbers:

- **Delaware:**
 - 911
 - (302) 739-9401
 - 1-800-662-8802

(Other emergency contact numbers may be listed as applicable; however, the Delaware numbers above must be included in the Spill Control Plan.)

(6) Plan Availability

This **Spill Control and Safety Plan** will be carried in all vehicles, along with the **solid waste transportation permit**.

CyberCrunch exclusively operates **box trucks under 26,000 GVWR**.

Each driver must possess:

- A **valid Class C driver's license**
- A **valid medical card**

All drivers receive **material handling** and **hazard mitigation** training, as well as **quarterly safety training**.

- **Last Material Handling Training Conducted:** 03/19/2025
- **Last Hazard Mitigation Training Conducted:** 03/19/2025

(b) Driving Record and Qualification Standards

CyberCrunch conducts **driving record checks** both **upon hire** and **annually**.

- **Disqualification Criteria:**
 - Drivers with **more than two (2) major traffic violations** within a **three-year period** will be **disqualified from driving**.
 - Drivers with **DWI/DUI violations** will be **disqualified for a minimum of five (5) years**.

(c) Driver Instruction and Training Content

Drivers are instructed on the following topics as part of their training and onboarding process:

1. **Material Handling and Waste Transport**
 - Hands-on training for handling **electronic waste** and other solid waste materials transported by CyberCrunch.
 - Topics include:
 - Identification of hazards
 - Proper packaging and labeling
 - Emergency response procedures
 - **Specific modules:**
 - i. CRT monitor cleanup and handling
 - ii. Data security
 - iii. Battery packaging and cleanup
2. **Spill Control Plan**
 - Written and verbal instruction reviewing the **CyberCrunch Spill Control Plan** (see Section 11).
3. **Solid Waste Transporter's Permit**
 - Written and verbal training on the **Solid Waste Transporter's Permit** and related compliance obligations.

ADDITIONAL TERMS

Notwithstanding any statement to the contrary in the Vehicle Lease Service Agreement (the "VLSA") identified below, with respect to each Vehicle described herein, this Schedule constitutes a separate instrument of lease between Penske and Customer on the terms set forth in the VLSA.

The specific Vehicle number, serial number, and in-service date for each schedule listed above will be provided separately to Customer by Penske after all vehicles on each Schedule "A" are placed in Customer's service.

Each Vehicle shall be operated according to the Estimated Annual Mileage/Vehicle("EAM") as listed on its Schedule "A". if at the anniversary of such Vehicle's In-Service Date, the actual miles operated by such Vehicle exceeds its total EAM by ten percent (10%), Customer shall pay Penske \$0.10 for each mile over the EAM, in addition to the mileage charges due under this VLSA.

Rates are only effective during the original agreed upon lease term. If Customer continues to operate Vehicles after expiration of the original lease term, the lease for the expired Vehicle will convert to a month to month term and the fixed lease charge and variable charges for each expired Vehicle will increase at charges that vary over time.

If after the date of this Schedule A, the manufacturer of a Vehicle imposes any increase in the price of the Vehicle or imposes any surcharges (whether relating to commodities, raw materials, tariffs, or otherwise), or in the event the Vehicle as delivered is of a newer model year than as set forth herein, Penske may make corresponding changes to the Original Agreed Value, Depreciation Credit Per Month, and/or Fixed Lease Charge for the affected Vehicle.

To the extent any Vehicle on this schedule requires Diesel Exhaust Fluid (DEF), Penske may provide Customer with DEF at Penske's rates then in effect, including any applicable taxes and fees, and the charges for DEF will appear on Customer's fuel invoice or otherwise be billed weekly.

Customer agrees to pay for initial fueling upon in-service. Customer may return the Vehicle(s) empty at end of term.

If Penske is designated to provide Fuel Tax Reporting, Customer agrees to submit Driver Trip Reports, toll receipts, and fuel receipts

U.S. ONLY:It is mutually agreed that the agreement to which this Schedule "A" is a part is an "installment lease contract" as defined in Article 2A of the Uniform Commercial Code.

Customer is responsible for and shall comply with local, State and Federal laws relating to emissions that apply to registration, operation and testing of the Vehicle and any of its equipment, including, but not limited to, California laws that apply to Transport Refrigeration Units.

The rates and charges set forth in this Schedule A are based on interest rates in effect as of date the Schedule is fully executed ("Effective Date"). If the In-Service Date for the Vehicle(s) occurs more than ninety (90) days after the Effective Date, then Penske may adjust the Fixed Lease Charge for the Vehicle as set forth below.

In the event that the Interest Rate in effect on the last day of the month immediately preceding the month in which In-Service Date for the Vehicle(s) occurs ("Rate Determination Date") is 50 basis points (0.50%) or more above the Interest Rate on the Effective Date, the initial annualized Fixed Lease Charge, shall be adjusted upward as follows: for each increase of one basis point (0.01%) in the Interest Rate, the Fixed Lease Charge shall be increased by \$0.072 for each \$1,000 of Original Agreed Value of the applicable Vehicle(s) and apportioned pursuant to the agreed upon billing cycle (whether that be monthly, quarterly or annually). For purposes of this section, "Interest Rate" shall be defined to mean the five-year (constant maturity) U.S. Treasury Note rate as published weekly in the Federal Reserve Statistical Release H.15 of Selected Interest Rates. In the event that Penske makes such an adjustment, Penske will communicate to Customer the adjusted Fixed Lease Charges pursuant to the agreed-upon billing cycle.

Effective 5/21/2025, this Schedule "A" is hereby made a part of the Vehicle Lease Service Agreement dated: 04/26/2017
