The policy to which this endorsement is attached provides primary or excess insurance, as indicated for the limits shown (check only one):

- ☒ This insurance is primary and the company shall not be liable for amounts in excess of \$1,000,000 for each accident.
- ☐ This insurance is excess and the company shall not be liable for amounts in excess of \$ for each accident in excess of the underlying limit of \$1,000,000 for each accident.

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: 678-795-4000.

Cancellation of this endorsement may be effected by the company or the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, DC).

(continued on next page)

DEFINITIONS AS USED IN THIS ENDORSEMENT

Accident includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

Motor Vehicle means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

Bodily Injury means injury to the body, sickness, or disease to any person, including death resulting from any of these.

Property Damage means damage to or loss of use of tangible property.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

Environmental Restoration means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

Public Liability means liability for bodily injury, property damage, and environmental restoration.

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

SPILL CONTROL AND SAFETY

I. **EMERGENCY ACTION:** In the event of an on-the-road spill or other emergency, the driver will follow these procedures:

A. Remain with the unit and warn all pedestrians and motorists to stay away from the spill area, pointing out to them the danger involved, and have someone call the police or fire department.

B. Upon the arrival of the police or fire department, the driver will inform them of what kind of material has been spilled and request the area to be blocked off to both pedestrians and vehicles to prevent property damage or any serious personal injury.

The driver will request the first responder, fire or police personnel, to protect the area while the driver reports to a facility Emergency Coordinator (listed below in the order of calling):

Facility Operations Manager

Name: Warren Lee

Telephone Numbers: Work - 803-428-5052

Area Operations Manager

1) Name: Matt Chapman

Telephone Numbers: Work - 803 229 2528

2) Name: Ted Archis

WORK: 803 968 6169

C. The Emergency Coordinator will gather the following information from the driver and relay it to the National Response Center, the Appropriate State Agency, as well as CHEMTREC.

1. Name of person reporting the incident.
2. Name, address, and Identification Number of the transporter.
3. Phone number where person reporting can be reached.
4. Date, time, and location of the incident.
5. The extent of injuries, if any.
6. Classification, name, and quantity of hazardous materials/wastes involved, if such information is available.
7. Type of incident and nature of hazardous material/waste involvement and whether a continuing danger exists at the scene.

8. For each waste product involved provide:
- Name and Identification Number of generator.
 - Product shipping, hazardous class, and UN or NA Number.
 - Estimated quantity of material spilled.
 - If possible, estimate the extent of contamination to land, water, or air.
9. Shipping name, hazard class, and Identification Number of any other material carried.

- D. Specific actions to be taken at the scene of the spill are:

1. Containment - The critical problem is to prevent the escape of any spilled liquid or solid into the ground or into a storm or sanitary sewer. A barrier must be erected immediately to prevent escape of spilled materials/waste liquids, using whatever material is at hand, even a dirt curb to prevent spreading of the spill. Containment of solids will be dependent on wind

- First Aid Kit
- Flares
- Ten Pound ABC Fire Extinguisher

III. FOLLOW-UP PROCEDURES: Two steps remain once the immediate emergency aspects of a spill have been taken care of:

A. Decontamination:

Trucks or trailers exposed to a spill or leak will be decontaminated at the site in order to prevent any further release to the extent that it can be transported (or move under its own power) to an authorized facility capable of further decontamination if necessary.

Equipment - Each item used will be placed in an open head container and thoroughly rinsed with a compatible solvent or cleaning compound. The residue or wash water will then be drained into a tight head container, sealed, and disposed of in accordance with Federal and State Regulations at an authorized disposal site.

Clothing - Contaminated clothing will be placed with the clean up residue and disposed of in accordance with Federal and State Regulations at an authorized disposal site. If clothing is reusable, then it will be decontaminated properly and the residue added to the other waste.

B. Notification: The Department of Transportation, Director of Hazardous Materials Registration, Materials and Transportation Bureau, Washington, DC 20590 will be notified, in writing, of the occurrence, and nature of the incident and specify that a copy of the notice be submitted to the Alabama Dept. of Environmental Management at PO Box 301463, Montgomery, AL 36130-1463.

IV. TRAINING PROGRAM: In preparation for handling hazardous materials and hazardous wastes, all drivers and response personnel receive approximately six (6) hours classroom training conducted by Office personnel followed by refresher training by local management at regular scheduled (at least monthly) safety meetings. In addition to the above, an annual meeting is held to educate further each Branch Operation Supervisor on changes in regulations.

A. The following is a list of classroom training provided to all branch personnel responsible for the handling and storage of hazardous waste:

1. Hazardous Waste Manifesting
2. Container Receiving and Maintenance

3. Container Inspections
4. Container Transferring
5. Container Pickup Checklist
6. Re-use of Containers for Hazardous Waste
7. Emergency Response Equipment
8. Emergency Procedures
9. Hazardous Waste Labeling
10. Product Compatibility
11. In-house Maintenance Checks
12. Emergency Spills

B. Since much of the drivers' actions involve hazardous materials, including hazardous wastes, their instructions specifically include:

1. Inspection of their vehicles before and during trips;
2. Driving Rules;
3. Knowledge of safety and health hazards of products carried (e.g., flammable, and corrosive); and
4. Actions to be implemented in case of spills, accidents, or other emergencies involving hazardous materials and hazardous wastes.

I. EMERGENCY ACTION: In the event of an on-the-road spill or other emergency, the driver will follow these procedures:

A. Remain with the unit and warn all pedestrians and motorists to stay away from the spill area, pointing out to them the danger involved, and have someone call the police or fire department.

B. Upon the arrival of the police or fire department, the driver will inform them of what kind of material has been spilled and request the area to be blocked off to both pedestrians and vehicles to prevent property damage or any serious personal injury.

The driver will request the first responder, fire or police personnel, to protect the area while the driver reports to a facility Emergency Coordinator (listed below in the order of calling):

Facility Operations Manager

Name: Warren Lee

Telephone Numbers:

Work - 803 428 6000

Area Operations Manager

Name: Matt Chapman

Telephone Numbers:

Work - 803 229 2525

② Name: Ted Ardis

WORK: 803 968 6169

C. The Emergency Coordinator will gather the following information from the driver and relay it to the National Response Center, the Appropriate State Agency, as well as CHEMTREC.

1. Name of person reporting the incident.
2. Name, address, and Identification Number of the transporter.
3. Phone number where person reporting can be reached.
4. Date, time, and location of the incident.
5. The extent of injuries, if any.
6. Classification, name, and quantity of hazardous materials/wastes involved, if such information is available.
7. Type of incident and nature of hazardous material/waste involvement and whether a continuing danger exists at the scene.

8. For each waste product involved provide:

- Name and Identification Number of generator.
- Product shipping, hazardous class, and UN or NA Number.
- Estimated quantity of material spilled.
- If possible, estimate the extent of contamination to land, water, or air.

9. Shipping name, hazard class, and Identification Number of any other material carried.

Specific actions to be taken at the scene of the spill are:

Containment - The critical problem is to prevent the escape of any spilled liquid or solid to the ground or into a storm or sanitary sewer. A barrier must be erected immediately to prevent escape of spilled materials/waste liquids, using whatever material is at hand, even a curb to prevent spreading of the spill. Containment of solids will be dependent on wind

Each Tractor also carries:

- First Aid Kit
- Flares
- Ten Pound ABC Fire Extinguisher

Hazardous Materials (HAZMAT) Orientation

OUTLINE OF PRESENTATION

I. INTRODUCTION:

Terminal Learning Objectives:

- Action: The student will be able to identify hazardous materials (HAZMAT) and be knowledgeable in employee HAZMAT responsibilities. The trainee will be knowledgeable in HAZMAT references use in labeling, placarding, packaging, documenting and shipment.
- Condition: Given instruction, lesson references, and handouts
- Standard: The student will be able to identify what items are designated HAZMAT, identify employee HAZMAT responsibilities and be knowledgeable in using the appropriate reference in the identification, documentation, packaging, labeling / placarding and shipment processes. The student will be evaluated by classroom participation, worksheet correctness and successfully completing a written examination.

Hello,

Thank you for submitting your application to obtain your Delaware hazardous waste transporter permit. Upon review, I have found that some information is missing or needs to be updated. Please address the item listed below:

- **Section 12-** The policy number on your MCS-90 endorsement form does not match your automotive liability insurance certificate. Please provide an MCS-90 endorsement form for the policy number FBCA70645700.

Please provide the information requested above via e-mail within five (5) days.

Thank you,

(authorized company representative)

The policy to which this endorsement is attached provides primary or excess insurance, as indicated for the limits shown (check only one):

- ☒ This insurance is primary and the company shall not be liable for amounts in excess of \$1,000,000 for each accident.
- ☐ This insurance is excess and the company shall not be liable for amounts in excess _____ for each accident in excess of the underlying limit of _____ for each accident.

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: 303-534-1171.

Cancellation of this endorsement may be effected by the company or the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, DC).

DEFINITIONS AS USED IN THIS ENDORSEMENT

Accident includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

Motor Vehicle means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

Bodily Injury means injury to the body, sickness, or disease to any person, including death resulting from any of these.

Property Damage means damage to or loss of use of tangible property.

Environmental Restoration means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

Public Liability means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.
