## SPILL CONTROL PLAN FOR WASTEHAULERS

### **(1) Spill Control and Safety Equipment**

Spill control and safety equipment carried in each vehicle:

- 1) Reflectors and flares
- 2) Fire extinguisher
- 3) First aid kit
- 4) Heavy duty gloves
- 5) Flashlight
- 6) Kitty litter or similiar subsance for absorbing discharge fluids

### **(2) Driver Preventative Measures**

All loads will be enclosed, covered, or tarped to prevent accidental discharge of the waste during transport to the disposal facility.

### **(3) Driver Immediate Corrective Actions**

The driver will perform the following pre-trip inspections:

- 1) Ensure that the vehicle and trailer are in full operating compliance with state and federal regulations.
- 2) Ensure all spill control and safety equipment is in the vehicle.
- 3) Ensure that the trailer is covered.

### **(4) Company Internal Communications**

If there is an accident or other emergency that causes a portion of the load to be spilled, the driver, if uninjured, will contact the following designated company coordinator:

JAMES FIDLER  
(609) 352-3332

### **(5) External Communications**

The designated coordinator will contact the state and municipal authorities where the accident occurred. If the accident or spill has the potential to cause environmental damage (either due to the nature of the waste, location of the accident, or additional factors such as leaking oil, gasoline, or hydraulic fluid) the person contacted will notify the state emergency response team, by calling one of the following numbers:

All locations: 911  
Delaware: (302) 739-9401 or (800) 662-8802

(6) This plan must be carried in all vehicles, along with appropriate permits.

In the event a vehicle should discharge fluids, such as hydraulics or fuel the driver will immediately contact a company who specializes in environmental clean up. The purpose of this company is to contain and clean up the spill. Should there be a need to contact an environmental specialists, we recommend the following companies.

Guardian Environmental Services 302-918-3070

## DRIVER TRAINING OUTLINE

### I. Driver Licensing Requirements

According to Federal Motor Carrier Safety Regulations (FMCSRs), drivers must renew their certificate of violations and DOT physical exam card on a regular basis. (Sec. 391.27 and Sec. 391.45)

JP Fidler Trucking's Safety Department will review these records and be responsible for monitoring compliance. They will notify drivers of upcoming expirations of documents. Upon notification, all driver associates will be responsible for updating these records before their expiration dates. Failure to keep these documents current will result in a driver being disqualified from driving a JP Fidler Trucking vehicle until such time as the record is updated.

All JP Fidler Trucking driver associates will have a valid and proper class license issued by their state of residence in their possession when operating a company vehicle. A driver whose license has been suspended, canceled or revoked for any reason must report the incident to the Safety Department within 24 hours of the action.

Drivers whose licenses are not valid will not be allowed to operate any company vehicle.

Any JP Fidler Trucking driver will be disqualified from driving if he or she violates regulations as listed in Sections 383.51 and 391.15 of the FMCSRs. The company will fully comply with these disqualification regulations, and under no circumstances will any exceptions be made.

### II. Review of Driver's Motor Vehicle Record

#### Policy

It is the policy of JP Fidler Trucking that all moving violations incurred by any company driver or independent contractor leased to JP Fidler Trucking are the responsibility of the driver or independent contractor.

#### Responsibility

It is the responsibility of the Safety & Compliance Department to maintain current driving records on all company drivers and independent contractors leased to JP Fidler Trucking.

The Safety & Compliance Department is expected to score the drivers' records in an objective manner by using a weighted system to measure the severity of each offense. The drivers must be treated in the same manner for similar offenses.

The Safety & Compliance Department must discipline any infractions of this policy, including hiding offense until the annual Motor Vehicle Record (MVR).

All driving personnel must be aware of their responsibility to drive safely and to report any moving violations. They are responsible to know the standards set forth by the company and any ramifications.

Attch. . . of 6

CONVICTION/INCIDENT	ASSESSED POINTS
Following too close	2
Failure to follow traffic control device	2
Improper lane change	2
Any accident where in wrong or assessed points	3
Driving while intoxicated (DWI) or Driving under the influence (DUI)	5
Reckless driving	4
Endangering other	3
Hit and run	7
License suspension for moving violation	4
License suspension for improper equip, tags, or registration	2
License suspension for failure to pay fine	2
License suspension for expired physical (appl on to certain states)	1

Applicants must have no more than 7 points assessed (from company scoring formula) based on convictions for moving traffic violations within two years. The points assessed are based on company policy, not state licensing criteria.

#### Existing Driver's Driving History

##### Requesting MVRs

JP Fidler Trucking's Safety & Compliance Department will review all MVR information to determine if a current company driver or independent contractor leased to JP Fidler meets company safety standards regarding driving records, and will compare the MVR against the list of violations required under 391.27 for completeness and accuracy.

All drivers, including drivers leased to the company, are expected to meet the following guidelines:

Drivers who have between 0 and 2 points assessed (from company scoring formula) based on convictions for moving violations within 2 years are considered to have a satisfactory driving record. The points assessed are based on company policy, not state licensing criteria.

Drivers who have between 3 and 5 points assessed (from company scoring formula) based on convictions for moving traffic violations within 2 years are considered to have an unsatisfactory driving record. The points assessed are based on company policy, not state licensing criteria. These drivers will face disciplinary action.

Drivers who have 6 or more points assessed (from company scoring formula) based on convictions for moving traffic violations within 2 years are considered disqualified from driving a company commercial motor vehicle. The points assessed are based on company policy, not state licensing criteria.

Any driver who is disqualified from driving a commercial vehicle under Sec. 383.51© or Sec. 391.15 for serious traffic violations (or any driver that is disqualified for any other reason) will not be allowed to drive a company vehicle.

It is the responsibility of each and every driver to inform the Safety & compliance Department within 24 hours of the issuance of any moving violation.

Any attempt by a driver to hide an offense by ignoring the reporting procedures may result in discipline up to termination.

#### Procedures

Driver applicant's driving record

Requesting MVRs.

JP Fidler Trucking will request an MVR for the driver applicants, including leased drivers, being considered for employment after JP Fidler has received the completed and signed employment application. During orientation, as part of the pre-hire process, the Safety & Compliance Department will obtain a current driving record on each driver in order to establish driving status and to create a benchmark for future comparison and evaluation.

An MVR will be requested from every state the applicant has lived in during the past 3 years.

If an MVR request from a former state of residency comes back indicating "no record found," the MVR request will be placed in the driver's qualification file (if hired) as verification that JP Fidler Trucking attempted to obtain the information.

#### Reviewing MVRs

JP Fidler Trucking's Safety & compliance Department will review all MVR information to determine if driver applicant meets company hiring standards regarding driving records, and will compare the MVR against the employment application to check for completeness and accuracy.

JP Fidler Trucking expects its drivers to operate in a safe, legal, and professional manner at all times. Drivers convicted of moving traffic violations jeopardize their livelihood and JP Fidler Trucking safety standards.

All drivers for JP Fidler Trucking are expected to maintain an acceptable driving record. Moving traffic violations include speeding, improper lane changes, driving too fast for conditions, following too close, failure to yield, etc. They do not include parking or equipment violations.

The following point values have been assessed to the corresponding conviction or incident:

CONVICTION/INCIDENT	ASSESSED POINTS
Not wearing a seatbelt	1
Speeding <15 mph over posted speed limit	2
Improper backing	1
Driving too fast for conditions	2
Improper lane usage	1
Speeding >15 over posted speed limit	3
Passing a stopped school bus	3
Failure to yield	2
Speeding in construction zone	2
