Re: Solid Waste Transporter Permit Application

11 Spill Control and Safety The only cargo our trucks carry are tires, so there is no safety equipment related to that. What we do carry is what is required by the USDOT - a fire extinguisher and safety triangles. Also, since the only cargo we carry is tires, we have no "Spill Control Plan". If there was a situation, in Delaware, where our truck was in an accident, and some tires came out (this has never happened), or there was a fuel leak, it would be beyond the driver's capability to do anything about it himself. He would call us, and we would take appropriate steps to mitigate the "Spill". Additionally, we would call (800) 622-8802 & (302) 739-9401, to report it to Delaware.

12 Driver Training

- (a) All drivers looking to be hired at Casings, Inc. must have a minimum of 2 years experience. They also must have a CDL-A driver's License, a current USDOT physical, take a road test and a "Pre-Employment Drug Screen", as well as be subject to ongoing random, post-accident and reasonable suspicion drug and alcohol testing (as required by the USDOT).
- (b) Potential drivers must agree to have us get a copy of their driving abstract before they are considered as an applicant. Similarly, current drivers must agree to allow us to get their abstracts annually, for review. (Both of these actions are require4d by the USDOT)
- (c) There are no conditions in our "NY State Waste Transporter Permit" that the drivers need to be familiar with, except to show the permit to any law enforcement official who requests to see it.

14 Vehicle Operator Information

As stated in the application, this is to certify that the tax form used for every Casings, Inc. driver is a W-2.

Re: Solid Waste Transporter Permit Application

11 Spill Control and Safety The only cargo our trucks carry are tires, so there is no safety equipment related to that. What we do carry is what is required by the USDOT - a fire extinguisher and safety triangles. Also, since the only cargo we carry is tires, we have no "Spill Control Plan". If there was a situation, in Delaware, where our truck was in an accident, and some tires came out (this has never happened), or there was a fuel leak, it would be beyond the driver's capability to do anything about it himself. He would call us, and we would take appropriate steps to mitigate the "Spill". Additionally, we would call (800) 622-8802 & (302) 739-9401, to report it to Delaware. An emergency contact for Casings, Inc. is: Jim Fabrizio, (518) 943-9404.

12 Driver Training

- (a) All drivers looking to be hired at Casings, Inc. must have a minimum of 2 years experience. They also must have a CDL-A driver's License, a current USDOT physical, take a road test and a "Pre-Employment Drug Screen", as well as be subject to ongoing random, post-accident and reasonable suspicion drug and alcohol testing (as required by the USDOT).
- (b) Potential drivers must agree to have us get a copy of their driving abstract before they are considered as an applicant. Similarly, current drivers must agree to allow us to get their abstracts annually, for review. (Both of these actions are required by the USDOT)
- (c) There are no conditions in our "NY State Waste Transporter Permit" that the drivers need to be familiar with, except to show the permit to any law enforcement official who requests to see it.

14 Vehicle Operator Information

As stated in the application, this is to certify that the tax form used for every Casings, Inc. driver is a W-2.
