## IMPORTANT NOTICE

---

The Delaware Department of Natural Resources and Environmental Control (DNREC) Compliance and Permitting Section (CAPS) is dedicated to overseeing the waste transportation permit process. We carefully receive, review, and provide comments regarding submitted permit applications, requiring a complete application prior to public notice. It is important for transporters submitting applications to DNREC-CAPS to understand that all permit applications will now be publicly accessible during the required 15-day public notice period and are also subject to release under DNREC's Freedom of Information Act (FOIA) afterward.

To improve transparency, DNREC now publishes legal notices on its website that include the names of transporters applying for permits, along with convenient links to the original permit applications. This approach is designed to promote open communication and build public trust.

Before releasing each permit application, DNREC-CAPS ensures that all personally identifiable information (PII)-such as driver names, birthdates, and Social Security numbers-is properly redacted.

Transporters who wish to keep other certain information in their permit applications confidential-excluding personally identifiable information (PII) which is being redacted-must explicitly request confidentiality when they submit their original application. This request must comply with DNREC's Freedom of Information Act (FOIA) regulations. For detailed policies and procedures regarding confidentiality requests, refer to [FOIA Request](#).

[Regarding FOIA Request](#)

Please note that any request to hold specific information as confidential must be made in writing at the time you submit your original waste transporter application to DNREC-CAPS. Your request must include a justification for why the information should be kept confidential, as required by Subsections 6.2.1 through 6.2.4 of the *Policies and Procedures Regarding FOIA Requests*.

Additionally, if you are making a confidentiality claim, you are required to submit two applications: the original waste transporter permit application and a second version of the original application that redacts the information you wish to keep confidential.

We appreciate your cooperation in this matter.

# Emergency Contingency Plan – Spill Procedures

The Department of Transportation in 49CFR177.85 requires that motor carriers and drivers take all means necessary to prevent the spillage or leakage of hazardous material onto a highway or roadway.

On the road, the driver is the first line of defense when a spill occurs and is responsible for containing and cleaning up minor releases or spills. Major spills may require the assistance of a licensed clean-up contractor.

Once released or spilled, materials may be considered hazardous waste, requiring that all local, state, and federal regulations regarding the handling and transport of hazardous waste be followed.

## SPILL KIT CONTENTS

Vehicle spill kits generally contain the following items:

- \* Sorbent materials such as snakes, booms, or pigs
- \* Mats or pads
- \* Putty
- \* Wooden plugs
- \* Nitrile gloves
- \* Chemical and puncture proof protective gloves
- \* Disposal bags

## PROCEDURES

**If the leak is major, contact 911 for emergency services and then notify your company.**

In the event of a minor spill the driver should follow four basic steps.

1. Protect personal safety first. Place safety goggles and gloves on the eyes and hands.
2. Stop the leak using the wooden plugs and putty, if needed.
3. Contain the spill. Place booms, snakes, or pigs in front of drains or grates to prevent leakage to waterways. Place remaining pigs or snakes at the outside edges of the spill; soak up the spilled fuel or liquid by placing the mats or pads on the liquid within the boom area.
4. Clean up the spilled material. Place all used/contaminated sorbents into the disposal bags and place the bags in the cab, cargo box, or trailer. Transport the waste back to the company for proper disposal by a regulated waste disposal company.

**Note:** Do not place bags in the cab with you or in the trailer if you transport food products. Call the company for further disposal instructions.

## SAFETY PRECAUTIONS

Drivers should remember:

- \* to pull the vehicle away from ignition sources, water and storm drains, and out of the flow of traffic, allowing for a safe exit from the vehicle;
  - \* to avoid smoking, igniting a lighter, striking a match, or bringing an open flame near the spill area;
  - \* to turn off the ignition to the vehicle
-

# Emergency Contingency Plan – Spill Procedures

- \* to not park under overhead electric lines
- \* to don the provided safety goggles and gloves;
- \* not to attempt to repair a punctured fuel tank or broken crossover line unless the driver has received appropriate training as required by OSHA and other applicable laws; and
- \* to immediately replace the contents of the spill kit.

## TRAINING

Prior to their initial driving assignment, drivers should receive training in the company's spill response procedures.

## SPILL CONTROL PLAN FOR SOLID WASTE HAULERS

- (1) Spill control and safety equipment carried in each vehicle:
  - 1). Reflectors and/or flares
  - 2). Fire extinguisher
  - 3). First aid kit
  - 4). Heavy-duty gloves, hard hat
  - 5). Flashlight
  - 6).
- (2) All loads will be enclosed, covered, or tarped to prevent accidental discharge of the waste during transport to the disposal facility.
- (3) The driver will perform the following pre-trip inspections:
  - 1).
  - 2).
- (4) If there is an accident or other emergency which causes a portion of the load to be spilled, the driver, if uninjured, will contact the following designated company coordinator:  
Name: \_\_\_\_\_ Phone: \_\_\_\_\_
- (5) The designated coordinator will contact the state and municipal authorities where the accident occurred. If the accident or spill has the potential to cause environmental damage, (either due to the nature of the waste, location of the accident, or additional factors such as leaking oil, gasoline, or hydraulic fluid) the person contacted will notify the state emergency response team, by calling one of the following numbers:  
**Delaware: 911, (302) 739-9401 or 1-800-662-8802** (*Other numbers may be listed as follows, however, the listed Delaware numbers **must** be included in the spill control plan.*)  
Maryland:  
New Jersey:
- (6) The designated coordinator will contract for clean-up services with another company. (*This is optional, however, if another company is to be contracted, please append a list of cleanup companies by either region or state.*)
- (7) This plan will be carried in all vehicles, along with the permit.

# FORM MCS-90

Issued to LWS Dumpsters LLC of PA  
*(Motor Carrier name)* *(Motor Carrier state or province)*

Dated at 06/03/2026 on this 12th day of June, 2026

Amending Policy Number: KA51021465 Effective Date: 02/16/2026

Name of Insurance Company: MMG Insurance Company PO Box 1356 Portland, ME 04104-1356

Countersigned by: Derek Hochradel – MMG Insurance Company  
*(authorized company representative)*

The policy to which this endorsement is attached provides primary or excess insurance, as indicated for the limits shown *(check only one)*:

*This insurance is primary and the company shall not be liable for amounts in excess of \$ \$1,000,000 for each accident.*

*This insurance is excess and the company shall not be liable for amounts in excess of \$ \_\_\_\_\_ for each accident in excess of the underlying limit of \$ \_\_\_\_\_ for each accident.*

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: (800) 343-0533.

Cancellation of this endorsement may be effected by the company or the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, DC).

## DEFINITIONS AS USED IN THIS ENDORSEMENT

**Accident** includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

**Motor Vehicle** means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

**Bodily Injury** means injury to the body, sickness, or disease to any person, including death resulting from any of these.

**Property Damage** means damage to or loss of use of tangible property.

**Environmental Restoration** means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

**Public Liability** means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.
