**Endorsement for Motor Carrier Policies of Insurance for Public Liability
under Sections 29 and 30 of the Motor Carrier Act of 1980**

FORM MCS-90

Issued to STANDARD TRANSPORTATION LLC of NJ
(Motor Carrier name) (Motor Carrier state or province)

Dated at 05/30/2026 on this _____ day of _____,

Amending Policy Number: CAL16771-02 Effective Date: 05/30/2026

Name of Insurance Company: American Millennium Insurance Company

Countersigned by: 
(authorized company representative)

The policy to which this endorsement is attached provides primary or excess insurance, as indicated by for the limits shown (check only one):

- ☒ This insurance is primary and the company shall not be liable for amounts in excess of \$ 750,000 for each accident.
☐ This insurance is excess and the company shall not be liable for amounts in excess of \$ _____ for each accident in excess of the underlying limit of \$ _____ for each accident.

Whenever required by the Federal Motor Carrier Safety Administration (FMCSA), the company agrees to furnish the FMCSA a duplicate of said policy and all its endorsements. The company also agrees, upon telephone request by an authorized representative of the FMCSA, to verify that the policy is in force as of a particular date. The telephone number to call is: 973-628-6060.

Cancellation of this endorsement may be effected by the company of the insured by giving (1) thirty-five (35) days notice in writing to the other party (said 35 days notice to commence from the date the notice is mailed, proof of mailing shall be sufficient proof of notice), and (2) if the insured is subject to the FMCSA's registration requirements under 49 U.S.C. 13901, by providing thirty (30) days notice to the FMCSA (said 30 days notice to commence from the date the notice is received by the FMCSA at its office in Washington, DC).

(continued on next page)

DEFINITIONS AS USED IN THIS ENDORSEMENT

Accident includes continuous or repeated exposure to conditions or which results in bodily injury, property damage, or environmental damage which the insured neither expected nor intended.

Motor Vehicle means a land vehicle, machine, truck, tractor, trailer, or semitrailer propelled or drawn by mechanical power and used on a highway for transporting property, or any combination thereof.

Bodily Injury means injury to the body, sickness, or disease to any person, including death resulting from any of these.

Property Damage means damage to or loss of use of tangible property.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

Environmental Restoration means restitution for the loss, damage, or destruction of natural resources arising out of the accidental discharge, dispersal, release or escape into or upon the land, atmosphere, watercourse, or body of water, of any commodity transported by a motor carrier. This shall include the cost of removal and the cost of necessary measures taken to minimize or mitigate damage to human health, the natural environment, fish, shellfish, and wildlife.

Public Liability means liability for bodily injury, property damage, and environmental restoration.

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

SPILL CONTROL PLAN FOR NON-HAZARDOUS SOLID WASTE TRANSPORTERS

ALL PERMITTED TRANSPORTERS MUST PREPARE AND CARRY A SPILL CONTROL PLAN IN EACH VEHICLE

At a minimum, the following information is required. You may attach additional pages or submit your company's prepared spill control plan.

1. A list all safety equipment carried in each vehicle, including spill containment and control materials.

√	Safety Equipment in the Vehicle	√	Safety Equipment in the Vehicle, continued
	Emergency reflective triangles and/or flares		
	Fire extinguisher		
	First aid kit		
	Wheel Chocks		
	Gloves		
	Reflective Vest		
	Hard hat		
	Flashlight		

2. The transporter acknowledges that all loads will be enclosed, covered, or tarped to prevent accidental discharge of the waste during transport to the treatment, storage, disposal or recycling facility.
3. The transporter acknowledges that in the event of an accident, the driver, if able, will contact the company's designated coordinator(s) listed under "EMERGENCY CONTACTS, COMPANY COORDINATOR(S)."
4. The transporter acknowledges that if a company coordinator cannot be reached, or there is none, the driver is responsible for contacting state and municipal authorities where the accident occurred.
5. In the event an incident causes any portion of a load to be spilled, or if there is a release of vehicle fluids, the transporter acknowledges that they are responsible for containing the release, proper management of all resulting waste, and any required remediation.
6. Explain the measures to be taken to contain any spilled waste. In the case of vehicle fluids, explain how the spill will be prevented from entering sewers or storm drains, or spreading from the spill location into adjoining soils or waterways.

Spill Control Plan for Non-Hazardous Solid Waste Transporters
Page 2 of 2

7. Measures to contain releases will be performed by:

- ☐ The driver, who is familiar with and appropriately trained to perform the activity.
- ☐ The transporter through company representatives appropriately trained to perform the activity and available to immediately respond.
- ☐ A regional third-party contractor identified under "EMERGENCY CONTACTS; CONTRACTORS IMMEDIATELY AVAILABLE TO RESPOND TO RELEASES/SPILLS."

8. The transporter acknowledges should additional clean-up services be required to address releases, including vehicle fluids, the contractor(s) under "EMERGENCY CONTACTS, CONTRACTORS IMMEDIATELY AVAILABLE TO RESPOND TO RELEASES/SPILLS" will be called.
9. If the accident results in a release/spill exceeding a Delaware Reportable Quantity as included in the regulations of 7 Del. Admin. Code 1203, *Reporting of a Discharge of a Pollutant or Air Contaminant* or has the potential to impact human health or cause environmental damage (either due to the nature of the waste, location of the accident, or additional factors such as leaking oil, gasoline, or hydraulic fluid), the transporter acknowledges the company coordinator or driver will immediately notify Delaware's state emergency response team, by calling one of the numbers included under "EMERGENCY CONTACTS, REPORTING A RELEASE OR SPILL IN DELAWARE."

Safe Driving Performance Expectations

- Seat belts must be used while driving.
- Keys must never be left in the vehicle. Spare keys are to be kept in the office or at your home.
- Drivers are responsible for the security of vehicles and cargo.
- Always lock an unattended vehicle.
- Observe posted speed limits and rules of the road.
- Maintain company vehicles in accordance with our company policy and specifications. You will be responsible for damage to company vehicles resulting from reckless or abusive handling or operation.
- Be courteous to other drivers and pedestrians. Observation reports may be utilized to identify your driving habits and will be used in your evaluation.
- Do not use controlled substances or alcohol prior to or when operating a motor vehicle. Be aware of possible adverse effects of prescription drugs and do not operate a motor vehicle when ability is impaired.
- Only the assigned driver or other company personnel engaged in the course of their employment are permitted to drive company vehicles.
- Keep windows clean inside and out to reduce glare.
- Remove snow accumulation prior to driving. Removal includes snow from on top of the vehicle and all windows and lights, so visibility is maximized.
- Maintain 4 seconds of following distance between your vehicle and other vehicles (passenger vehicles), 5 to 8 seconds in heavy/long combination vehicles and move slightly slower than the flow of traffic in heavy traffic.
- Maintain awareness of what is in front of your vehicle, on both sides and behind it to reduce the need for sudden stops or quick lane changes which can make it more likely other vehicles will strike your vehicle.
- Do not drive when fatigued and plan trips to avoid fatigue.

Safety and compliance (Drivers responsibilities)

DOT violations have a severe impact on Safety Rating, STANDARD TRANSPORTATION LLC is putting into effect company fines for any violations due to driver negligence. Fines will reflect on any violations on Driver Vehicle Inspection Report. Fines could range from \$25 and up to \$300 (depending on the severity of the violation). Will not tolerate any driver that is not performing his duties in a safe and professional manner.

If a driver is fined, it will be deducted from the following week payroll, NO EXCEPTIONS. If a driver gets another violation after he was already fined from a previous violation, driver will be terminated immediately. If a driver is involved in an accident, and it is proved to be the driver's fault, driver will be terminated.

Every day, a proper PRE-TRIP is required and MANDATORY. Pre-Trip inspections includes the following: Make sure all lights are working (headlights, turn signals, overhead lights, license plate light, etc.), make sure tires are properly inflated and in good condition. Wipers are in working order. Horn works. Windshield is clean and clear. License plate is clean of any dirt and is visible. Make sure your fire extinguisher is charged and secured. This takes 5 minutes to do, this is mandatory, failure to comply will result in termination.

Let's all work together and make a difference in bringing our Safe score down. If any questions, please do not hesitate to come and talk to me.

DRIVING AND TRAFFIC VIOLATION POLICY

We deeply value the safety and well-being of all employees. Due to the risk of motor vehicle accidents resulting from traffic congestion, unsafe driving habits, road conditions and distraction, STANDARD TRANSPORTATION LLC has instituted a safety driving policy and rules. This safety policy applies to all employees who operate a motor vehicle on company business and/or company time, whether operating a company vehicle or personal vehicle.

Safety Rules

1. Inspect vehicles prior to use to ensure that they are in safe operating condition.

a) If a vehicle does not pass inspection, immediately notify company staff.

b) Vehicles are not to be operated unless in a safe operating condition.

2. Drivers must be physically and mentally able to drive safely. Fatigue, medications, and physical injuries can affect an employee's ability to safely operate a vehicle.

3. Drivers must conform to all traffic laws and make allowances for adverse weather and traffic conditions. Speeding and aggressive behavior will not be tolerated.

4. Seat belts must be worn whenever a vehicle is in motion. STANDARD TRANSPORTATION LLC recognizes that seat belts are extremely effective in preventing injuries and loss of life. It is a simple fact that wearing your seat belt can reduce your risk of dying in a traffic crash by as much as 60 percent in a truck. We care about our employees and want to make sure that no one is injured or killed in a tragedy that could have been prevented using seat belts. Therefore, all employees of STANDARD TRANSPORTATION LLC must wear seat belts when operating a company-owned vehicle, or any vehicle on company premises or on company business.

5. Cell phone usage, including texting, is prohibited while driving for company purposes.

6. Use of radar detectors is forbidden in all vehicles owned or used by the company.

7. Hitchhikers and passengers other than company employees are not permitted.

8. Cargo should be secured, and all doors should be locked, both when the vehicle is on route and when it is parked.

9. Respect the rights of other drivers and pedestrians.

10. Drivers may not be under the influence of drugs or alcohol while operating a vehicle for company purposes.

11. All traffic violations, whether on company or personal time, must be reported to the manager within 24 hours or by the next business day. CDL drivers will also be required to complete a violation review form.

12. STANDARD TRANSPORTATION LLC will review motor vehicle reports annually.

13. If an employee has a change in license status, including a renewal, he or she must give a copy of his or her new license to the supervisor for the employee's file.

14. Employees are responsible for maintaining a valid driver's license.

Safety Rules Enforcement

Employees will be subject to disciplinary action up to and including termination for violating any of the above rules.

Accidents

Any employee who is involved in an accident while driving for company purposes will be required to complete an accident report on the same day to review the information to make sure it is complete. The employee must go for his or her post-accident drug and alcohol analysis at one of our designated facilities. The employee may also be required to discuss the accident with Human Resources or the safety manager.

Management will review all accidents and determine whether they were preventable or non-preventable. A preventable accident is defined as an accident in which the driver failed to do everything reasonably possible to prevent it from occurring.

Motor Vehicle Report (MVR): Standards

MVRs will be checked annually for all employees who may be required to drive for company purposes. The MVR will be reviewed to ascertain whether the employee holds a valid license and whether his or her driving record is within the parameters set by the company.

Drivers will be disqualified from driving vehicles for company purposes for any of the following reasons:

1. More than one violation for driving under the influence of alcohol or a controlled substance will result in permanent suspension of driving privileges at STANDARD TRANSPORTATION LLC
2. Any criminal conviction that involves a motor vehicle (e.g., a felony, hit and run, negligent homicide) in the previous five years.
3. Any of the following violations incurred in the previous three years:
 - a. Any combination of more than three moving violations (any violation resulting in an at-fault auto accident automatically counts as two violations)
 - b. Any violation less than three years old for an alcohol- or controlled substance-related driving offense
 - c. Refusing to take a breathalyzer test
 - d. Careless or reckless driving that results in injury to persons or property
 - e. Passing a stopped school bus.
 - f. Leaving the scene of an accident without stopping to file a report
 - g. Racing
4. Any combination of more than two moving violations and/or at-fault accidents in the past 12 months

This form is an example only. Requirements for the annual driver's certification of violations can be found in [49 CFR 391.27](#).

ANNUAL DRIVER'S CERTIFICATION OF VIOLATIONS

MOTOR CARRIER INSTRUCTIONS: Each motor carrier must at least once every 12 months, require each driver to prepare a list of all violations of motor vehicle traffic laws and ordinances (other than violations involving only parking) of which the driver has been convicted, or of which he/she has forfeited bond or collateral during the preceding 12 months (49 CFR 391.27). Drivers who have provided information required by 49 CFR 383.31 need not repeat that information on this form.

DRIVER REQUIREMENTS: Each driver will provide the list as required by the motor carrier above. If the driver has not been convicted of, or forfeited bond or collateral on account of, any violation which must be listed, he/she shall so certify (49 CFR 391.27).

DRIVING HOURS POLICY

SCOPE OF POLICY

All drivers are expected to operate within the laws set forth by the DOT. A brief explanation of those laws is set forth below.

14 Hour Rule: This rule requires drivers to stop 14 hours after beginning their duty tour. Regardless of how the time is spent, the driver must take a 10-hour break at the end of 14 hours. The 14-hour period begins once the driver ends his 10-hour break by making an entry line 4, on duty, or line 3, driving.

11 Hour Rule: Within the 14 hours allowed to the driver, only 11 of those hours may be spent on line 3, driving. Once the driver has had 11 hours of driving time, he must take a 10-hour break before driving, even if he has time left in his 14-hour period.

70 Hour Rule: This rule states that once you have been working for 70 hours in any 8-day period, you may not drive. In order to comply with this regulation, you need to keep track of your hours. Each day, before you begin driving, you need to add up your total hours on lines 3 and 4 for the past 7 days and subtract the answer from 70. Whatever is left is what you can drive that day. The 70 hours of accumulated time may be eliminated by taking 34 consecutive hours off duty. If the driver has 34 consecutive hours off, his 70-hour total is reduced to 0 and he begins the cycle again.

10 Hour Break: Breaks must be taken in the sleeper berth or off duty. If sleeping in a sleeper berth equipped truck, the time should be logged on line 2, Sleeper berth. Off duty time spent outside of the sleeper should be logged on line 1, Off Duty. If the 10-hour break is uninterrupted by any on duty or driving time, you may combine line 1 and line 2 to achieve your 10 hours.

Speed: DOT requires that all trucks abide by the speed limits of the states that they are operating in. They also state that in their opinion, if a truck obeys the law, it cannot average more than 5mph less than the speed limit. In the case of 2 lane, highways with a 55mph speed limit, DOT believes that the maximum that a truck can average is 45 mph. Be sure that your average speeds for the trip do not exceed these maximums.

On Duty Time: All fuel stops, DOT inspections, random drug tests, time spent loading/unloading, breakdowns, vehicle inspections, and accidents must be unloading time should reflect only the time that is spent working.

Time spent waiting etc, may be logged off duty or in the sleeper berth

Timely submission: Logs should be turned in as soon after completion as possible. Ideally, all logs should be turned in every time that the truck returns to the terminal. At the very most, DOT requires that the logs be turned in not more than 13 days from the date of completion.

Falsification: Logs must match all timed and dated documents including fuel stops, roadside inspections, toll tickets, Kat scale tickets; and-freight.bills. Mileage must be at least the miles listed by PC Miler or Household movers guide. Point to point miles should match as well as total miles for the trip.

DRIVER LOG DISCIPLINARY POLICY DRIVER RECEIPT

I acknowledge receipt of the STANDARD TRANSPORTATION LLC Log Disciplinary Policy. I further understand that my non-compliance with Federal Motor Safety Administration Regulations, failure to follow hour- of service requirements, is grounds for company disciplinary actions up to termination. I further understand that failure to comply with both federal and company hours of service policy ,is showing , an unwillingness to comply with these policies and a ground for company disciplinary action up to termination of employment.

Subject: Notice of Deficiency

Reference: Application for Delaware Solid Waste Transporter Permit DE-SW-2232

Dear Mr. Gutierrez:

Delaware's Department of Natural Resources and Environmental Control (DNREC), Compliance and Permitting Section (CAPS), is in receipt of your application for a permit to transport solid waste in, through or out of the State of Delaware. The application was received by this office on June 21, 2026.

After reviewing your application, we found it to be incomplete. Since we received your application, we have made several attempts to contact you to obtain the missing information, but we have not received a response. To proceed with your application, please submit the required information as outlined by the specific item numbers related to your transporter application.

☒ Item 13 requires a vehicle list that includes the following: Make, Model, Year, Vehicle Type, VIN, License Plate, State of Registration, mfgr's GVWR, and Ownership. You did not provide the State of Registration, mfgr's GVWR, and Ownership. Please fill out the vehicle list in its entirety.

The requested information must be submitted to the CAPS within five (5) days of your receipt of this Notice of Deficiency. Failure to do so will result in our inability to process
