IMPORTANT NOTICE

The Delaware Department of Natural Resources and Environmental Control (DNREC) Compliance and Permitting Section (CAPS) is dedicated to overseeing the waste transportation permit process. We carefully receive, review, and provide comments regarding submitted permit applications, requiring a complete application prior to public notice. It is important for transporters submitting applications to DNREC-CAPS to understand that all permit applications will now be publicly accessible during the required 15-day public notice period and are also subject to release under DNREC's Freedom of Information Act (FOIA) afterward.

To improve transparency, DNREC now publishes legal notices on its website that include the names of transporters applying for permits, along with convenient links to the original permit applications. This approach is designed to promote open communication and build public trust.

Before releasing each permit application, DNREC-CAPS ensures that all personally identifiable information (PII)—such as driver names, birthdates, and Social Security numbers—is properly redacted.

Transporters who wish to keep other certain information in their permit applications confidential—excluding personally identifiable information (PII) which is being redacted—must explicitly request confidentiality when they submit their original application. This request must comply with DNREC's Freedom of Information Act (FOIA) regulations. For detailed policies and procedures regarding confidentiality requests, refer to 8 DE Admin. Code § 900, titled Policies and Procedures Regarding FOIA Requests.

Please note that any request to hold specific information as confidential must be made in writing at the time you submit your original waste transporter application to DNREC-CAPS. Your request must include a justification for why the information should be kept confidential, as required by Subsections 6.2.1 through 6.2.4 of the *Policies and Procedures Regarding FOIA Requests*.

Additionally, if you are making a confidentiality claim, you are required to submit two applications: the original waste transporter permit application and a second version of the original application that redacts the information you wish to keep confidential.

We appreciate your cooperation in this matter.
