

**STAGE I EVR VAPOR RECOVERY SYSTEM
CONSTRUCTION AND OPERATING PERMIT APPLICATIONS**

File Code 04

A permit is required to construct and operate a Stage I EVR Vapor Recovery System if you dispense or have dispensed more than 10,000 gallons (total of all grades) of gasoline in any one month after November 15, 1990. This application must be completed, returned to the Department and will serve as 60 days' notice for the Department's review and approval process. **You must include a construction permit fee of \$500.00 per facility with this application made payable to the State of Delaware.**
