Public Liability means liability for bodily injury, property damage, and environmental restoration.

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Motor Carrier Safety Administration (FMCSA).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgment recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or any other endorsement thereon,

or violation thereof, shall relieve the company from liability or from the payment of any final judgment, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgment recovered against the insured as provided herein, the judgment creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately to each accident and any payment under the policy because of anyone accident shall not operate to reduce the liability of the company for the payment of final judgments resulting from any other accident.

WASTE MSW TRACTOR-TRAILER OPERATIONS

New Driver Training Agenda

10-Day Program Classroom, Ride-Along, Equipment & Solo Oversight

Company terminal	Start date
Driver name	Trainer Safety lead

PURPOSE

This 10-day agenda takes a new tractor-trailer driver from classroom and Samsara setup through ride-alongs, inspections, tarp and walking-floor / PTO training, market-specific rail work where required, and a first solo day on a dedicated lane with Safety and Operations watching live in Samsara. Do not skip sign-offs. A driver is not released to a dedicated lane until Day 9 and Day 10 are initiated by both Safety and Operations.

PROGRAM AT A GLANCE

Day	Focus	Setting	Sign-off
1	Hours, Samsara, payroll credits, forms, policies & benefits	Classroom	Safety + Payroll
2	Ride-along, tipper, transfer station & landfill rules	On the road	Trainer driver

WELCOME PACKAGE — INCLUDE THIS HANDOUT

Put a printed copy of transfer station, landfill, and tipper rules in every new-hire welcome package on Day 1. Review that same handout again on the Day 2 ride-along. Do not wait until the first dump to introduce site rules.

- PPE and high-visibility clothing required on every site
- Site speed limits and stop signs — landfill / transfer rules override highway habits
- Stay in the truck unless site staff or the trainer says otherwise
- Tipper: wait for the signal, check locks and landing gear, never walk under a raised trailer
- Scale tickets and Samsara load entries must match — same day, no catch-up later
- If the ground, weather, or site staff make the dump unsafe, stop and call dispatch
