SOLID WASTE TRANSPORTER PERMIT APPLICATION

Language Preference:

Instructions: You must complete this application in its entirety and attach all applicable documentation. (**Note:** For applicants renewing an existing permit, this application requires the submission of updated information and documentation. References to material submitted under previous applications are no longer accepted.)

The application must be signed by the company owner or a corporate officer. A check or money order payable to the **"State of Delaware"** must accompany this application and be sent to:

Delaware Department of Natural Resources and Environmental Control
Compliance and Permitting Section
89 Kings Highway
Dover, DE 19901

1. **Type of Permit**

☐ New – **SCRAP TIRES ONLY** Submit a check or money order, payable to the "State of Delaware," in the amount of $75.00.

☐ New – **ALL OTHERS** Submit a check or money order, payable to the " State of Delaware" in the amount of $350.00.

☑ Renewal: Permit # DE-SW- 1316 Expiration Date 12-31-26

Please indicate the term for which you desire your permit to be issued. Submit a check or money order, payable to the "State of Delaware," for the indicated permit fee.

SCRAP TIRES ONLY	ALL OTHERS
☐ One Year - $75.00	☐ One Year - $350.00
☐ Two Years - $125.00	☑ Two Years - $650.00
☐ Three Years - $175.00	☐ Three Years - $950.00
☐ Four Years - $225.00	☐ Four Years - $1250.00
☐ Five Years - $275.00	☐ Five Years - $1550.00

2. Release to Public

Do you wish to be included on the list of transporters that is provided to persons requesting a list of Delaware permitted solid waste transporters? ☐ Yes ☐ No

3. Company Information

Company Name TERRA Technical Services

Location Address:	Mailing Address:
600 S. BRANDYWINE AVE	SAME
Suite 100	
DOWNINGTOWN, PA 19335	

Contact: TRish Milanese Title: Operations Manager

Business Phone: 610-269-1010 Fax: N/A

E-mail: Tmilanese@GoTerra.com

24 hr Emergency Contact Phon [redacted]

4. Company Ownership Information

(a). Please indicate the company type:
- ☐ Proprietorship
- ☐ Partnership
- ☐ Corporation - If company is a corporation, indicate city, state, and date of incorporation.

  City: _____ State: _____ Date: _____
- ☐ Municipality
- ☐ Public institution
- ☑ Limited Liability Corporation (LLC) State: PA
- ☐ Other: (must specify) _____

(b). For each Owner, Partner, or Corporate Officer, attach a list with name, title, mailing address, date of birth, and % ownership. Include all stockholders owning greater than 5% outstanding shares.

☑ Attachment A

(c). If company is owned by or affiliated with a parent company, attach parent company name, address & mailing address, and % ownership.

- ☐ Attachment _____
- ☑ No parent company

5. Company locations in Delaware

List name and *street* address of each company location, including freight terminals, within the State of Delaware.

☐ Attachment _____
☑ No Delaware locations

6. Company Affiliates

List name, location and mailing addresses, nature of business relationship of all company Affiliates, which affiliates are engaged in the business of waste transport, treatment, storage, disposal, recovery or reclamation. (Affiliated companies are defined as those companies owned by the same owners, corporate officers, or parent company.)

☐ Attachment _____
☑ No affiliates

7. Type of Waste to be Transported

(a). Check all that apply. Refer to Delaware's *Regulations Governing Solid Waste* for definitions of waste categories.

☐ Residential waste
☐ Commercial waste (from **non-manufacturing, non-processing** businesses and offices
☐ Industrial waste (from a manufacturing or industrial process)
☐ Dry waste: ☑ construction/demolition debris
☑ trees/stumps
☐ other (must specify) _____
☐ Ash: ☐ municipal incinerator
☐ coal ash
☐ other (must specify) _____
☐ Infectious waste
☑ Non-hazardous petroleum-hydrocarbon contaminated soils
☐ Asbestos-containing waste
☐ Scrap Tires

(b). Does your company collect and transport residential (household) waste from single family homes, condominiums and apartment complexes in Delaware? ☐ Yes ☑ No

(c). If you answered "YES" to question 7.b., above, does your company provide recycling services to those customers? ☐ Yes ☐ No ☐ N/A

(d). If you offer recycling services, does your company collect and transport the recyclables separately from the waste generated by your customers? ☐ Yes ☑ No

(e). If you offer recycling services, are the recyclables ultimately taken to an incinerator (waste-to- energy) or landfill? ☐ Yes ☑ No

8. Treatment, Storage, and Disposal Facilities

(a). Do you cross state lines with the waste? ☐ Yes ☑ No

(b). Identify in an attachment ***all*** solid waste Treatment, Storage, Disposal Facilities, Reclamation Facilities and Transfer Stations to which the waste will be transported.

☑ Delaware Solid Waste Authority locations: (attachment) _____
☐ Clean Earth of New Castle, Inc. (thermal treatment facility for PHC-soils)
☐ Delaware Recyclable Products, Inc. (dry waste, commercial, industrial, and PHC-soils)
☐ Other in-state solid waste facilities, including private facilities: (attachment) _____
☐ Out of state solid waste TSD facilities: (attachment) _____

9. Other Transporter Permits

(a). Attach a copy of your home state solid waste transporter permit. (N/A if Delaware is your home state.)

☑ Attachment B
☐ Not applicable-No transporter permit required for these solid waste types in our home state.

(b). List solid waste transporter permits held in other states.

☑ Attachment C
☐ No transporter permits in other states

(c). Indicate your Federal DOT number and Motor Carrier number:

DOT# 1465519 MC# N/A

☐ N/A If N/A, please provide an explanation, on the following page, as to why you are not required to have a DOT or MC number.

10. Proof of Financial Responsibility

The transporter must submit proof of financial responsibility as established in section 7.2.4 of Delaware's *Regulations Governing Solid Waste*. This proof may be established by a Certificate of Insurance, with MCS-90 endorsement where applicable, or by other means approved by the Department. (The Certificate of Insurance must identify the **Department of Natural Resources and Environmental Control, Compliance and Permitting Section** as the certificate holder.)

(a). Are you for-hire in interstate commerce? ☐ Yes ☑ No (For-Hire means you are in the business of transporting, for compensation or payment, wastes generated by a company other than your own.)
(b). Do you transport in the State of Delaware Only (Intrastate)? ☐ Yes ☑ No
(c). Do you transport Interstate? ☑ Yes ☐ No

(d). Certificate of Insurance must be attached and include minimum automobile liability coverage as follows:

	FOR-HIRE INTERSTATE	ALL OTHERS
Residential Waste	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Commercial Waste	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Industrial Waste	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Dry Waste	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Ash	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Infectious Waste	$1,000,000.00 + MCS-90 ☐	$750,000.00 + MCS-90 ☐
Non-Hazardous Petroleum Contaminated Soils	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Asbestos	$1,000,000.00 + MCS-90 ☐ (For Hire & Private)	$350,000.00 ☐
Scrap Tires Only	$350,000.00 ☐	$350,000.00 ☐

11. Spill Control and Safety

List all spill control and safety equipment that will be carried on each vehicle. (**Note:** Separate lists by type of vehicle and type of waste may be required.) Attach a copy of the Spill Control Plan. The Spill Control Plan **must** contain the following elements: (1) List of safety and spill control equipment carried in the vehicle, (2) Driver preventive measures, (3) Driver immediate corrective actions, (4) Company internal communications, (5) Company external communications including the **Delaware Emergency Reporting Numbers: 1-800-662-8802 and 302-739-9401**, and (6) Cleanup and decontamination measures.

Spill Control Plan: Attachment E

12. Driver Training

IN SUMMARY OR OUTLINE FORM, describe the procedures that your company takes to ensure that all company drivers are safe and competent drivers. Small owner-operators may describe their years of experience and driving record in lieu of a formal program.

(a). Include requirements for special licenses (e.g. CDL, including any special endorsements), any special training received, including dates training was received (e.g. asbestos training), and any ongoing company programs. (e.g. weekly safety meetings or annual refresher courses);

(b). Include your company procedure for periodic checks of the driver's records for moving violations, and your company policy on progressive counseling/discipline based on points;

(c). Describe how drivers are instructed in the following:
(i) Knowledge of proper handling procedures for the type of solid waste being transported.
(ii) Familiarity with the approved accidental discharge containment plan. (Spill Control Plan)
(iii) Familiarity with the conditions of the solid waste transporter's permit.

Driver Training, attachment E

13. Vehicle Identification

On the form provided with this application, list **MAKE, MODEL, YEAR, SERIAL NUMBER, LICENSE PLATE NUMBER, STATE OF REGISTRATION, MANUFACTURER'S GVWR and OWNERSHIP** of all vehicles used for the transportation of solid waste. You must list both motorized and container units. (If you maintain a list of company vehicles in a computer database you may submit a print out of the vehicles provided it contains the information requested herein.)

NOTE: You must notify CAPS in writing of any changes to information contained within this application, such as additions or deletions of vehicles, in accordance with conditions of the issued permit.

☑ Vehicle List Attached

14. Vehicle Operator Information

Is a list of all vehicle operators attached? ☑ Yes

What tax form do you submit to the IRS for your vehicle operators?

☑ Form W-2
☐ Form 1099-Misc
☐ Other

15. Environmental Record

List all criminal citations, arrests, convictions, civil or administrative violations, and civil or administrative enforcement actions, and the disposition(s) thereof for the violation or alleged violation of any environmental statute, regulation, permit, license, approval, or order, regardless of the state in which it occurred. Indicate whether it was a local, state, or federal violation or alleged violation. List all such items for the applicant, and if the applicant is other than an individual, for any employee while employed by the applicant, or any partner, officer, or director of the applicant as an individual or for any former business of such partner, officer, or director. For civil or administrative violations or alleged violations, list all such items for the last five (5) years from the date of the application. Information submitted under this section is subject to verification. **Failure to submit complete and accurate information may lead to permit denial or revocation.**

☑ Attachment _____
☐ No violations within the specified time period

16. Certification

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this application and all attachments and that, upon personal knowledge and information, the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information.

**Signature Patricia Milanese Date 9/30/20

Print Name Patricia Milanese Title Operations Manager

A legal owner or corporate officer must sign the application

VEHICLE INFORMATION - See Item 13 of the application.
Use this form, or other format which provides the same information, to answer the VEHICLE IDENTIFICATION requirement of the application. List all vehicles, both motorized and container (if a license plate is required on the container) to be used to haul solid waste in the state of Delaware. In addition, list the vehicle owner, owner's address, and domicile address if different from the company address provided in the application.

MAKE - MODEL - YEAR	TYPE	VIN # (Serial Number)	LICENSE PLATE # and STATE of REGISTRATION	mfgr's GVWR	OWNERSHIP
2007 379 Peterbilt	tractor	1XP5DBOXX7N663509	AG79657	80000	Terra Technical Services, LLC

SPILL CONTROL PLAN FOR SOLID WASTE HAULERS

(1) Spill control and safety equipment carried in each vehicle:
   1). Reflectors and/or flares
   2). Fire extinguisher
   3). First aid kit
   4). Heavy-duty gloves, hard hat
   5). Flashlight
   6).

(2) All loads will be enclosed, covered, or tarped to prevent accidental discharge of the waste during transport to the disposal facility.

(3) The driver will perform the following pre-trip inspections:
   1).

   2).

(4) If there is an accident or other emergency which causes a portion of the load to be spilled, the driver, if uninjured, will contact the following designated company coordinator:
   Name: Phone:

(5) The designated coordinator will contact the state and municipal authorities where the accident occurred. If the accident or spill has the potential to cause environmental damage, (either due to the nature of the waste, location of the accident, or additional factors such as leaking oil, gasoline, or hydraulic fluid) the person contacted will notify the state emergency response team, by calling one of the following numbers:
   Delaware: 911, (302) 739-9401 or 1-800-662-8802 (*Other numbers may be listed as follows, however, the listed Delaware numbers **must** be included in the spill control plan.*)
   Maryland:
   New Jersey:

(6) The designated coordinator will contract for clean-up services with another company. (*This is optional, however, if another company is to be contracted, please append a list of cleanup companies by either region or state.*)

(7) This plan will be carried in all vehicles, along with the permit.

Subject: Delaware Solid Waste Transporter Permit Application-Missing Info

Hello,

Thank you for submitting your application for your Delaware solid waste transporter permit. Upon review, I have found that some information is missing or needs to be updated. Please address the items listed below:

- **Section 4(b)-** The ownership information that was submitted is missing the dates of birth, ownership percentages, titles, and the owner's mailing address. Please update your ownership information and send it back.
- **Section 9(a)-** Please provide a copy of the company's home state solid waste transporter permit.
- **Section 9(b)-** Do you have any other state solid waste transporter permits? If so, please provide each permit's number.
- **Section 9(c)-** After looking your company snapshot
- **Section 10**-You did not submit a certificate of insurance. Please provide this form and ensure you have the correct amount of automobile liability insurance, and add

the Department of Natural Resources and Environmental Control address in the Certificate Holder section. The address is 89 Kings Highway, Dover, DE 19901.

- **Section 11**-The spill control plan is missing an emergency contact (name and phone number) and pre-trip inspections. Please update this plan, add the contact information, and include pre-trip inspections.
- **Section 12**- Please provide driver training. Requirements include:

(a). Special licenses (e.g. CDL, including any special endorsements), any special training received, including dates training was received (e.g. asbestos training), and any ongoing company programs. (e.g. weekly safety meetings or annual refresher courses);
(b). Include your company procedure for periodic checks of the driver's records for moving violations, and your company policy on progressive counseling/discipline based on points.
(c). Describe how drivers are instructed in the following:
(i) Knowledge of proper handling procedures for the type of solid waste being transported.
(ii) Familiarity with the approved accidental discharge containment plan. (Spill Control Plan)
(iii) Familiarity with the conditions of the solid waste transporter's permit.

- **Section 13**-The vehicle list submitted was missing the following: **STATE OF REGISTRATION**.
- **Section 14**-You did not provide a list of vehicle operators.
- **Section 15**-Please provide environmental violations.
- **Section 16**- Please have the owners sign and date the application.

Please provide the information requested above via e-mail within five (5) days.

Section 11512 Pg 3

The intent of this plan is to recommend appropriate spill control and safety procedures to be followed by Terra Environmental personnel hauling waste.

Key regulations that apply to the proposed activities during the project are listed below. All field activities and operations associated with this project will be in accordance with these regulations.

Government Regulations	**Subject**
49 CFR 392.7	Inspection, Equipment and Use of Motor Vehicles
49 CFR 393.95	Emergency Equipment Necessary for Safe Operation
49 CFR 393.100	Protection Against Shifting and Falling Cargo
29 CFR 1926	Construction Activities

Section 11 12 13 4

SECTION 1 INTRODUCTION

The safety and health of our workers/employees, the protection of our environment, and the success or failure of our company in these areas, is of utmost concern and importance to the management of Terra Technical Services, LLC. To this end, this Spill Control Plan has been developed to protect the welfare for the employees engaged in waste hauling activities, as well as for the safety and welfare of others on the road.

The procedures set forth in this plan are designed to reduce the risk of exposure to all dangers associated with the hazards encountered while hauling waste. The recommended spill control and safety guidelines set forth within this document may be modified as further information is made available or as conditions change.

SECTION 2 SAFETY, HEALTH, ENVIRONMENTAL MISSION STATEMENT

Terra Technical Services, LLC holds firm to an uncompromising commitment to total safety, health and environmental performance in the workplace. As a matter of policy, **ALL** activities undertaken by members of Terra Technical Services, LLC will be performed with the Safety, Health and well-being of all associated parties being the first and foremost consideration. Without question, safety is every employee's responsibility, at all levels. Recognizing this fact, Terra strives for no injury, no illness, no fatality rate of performance at any cost. Every Terra member will not begin an activity without uttering the words: "SAFETY STARTS WITH ME!"

To be successful, this program must embody the proper attitude toward injury and illness prevention on the part of every member of Terra. It requires cooperation in all health and safety matters, not only between management and employees, but also between employees and their co-workers. Only through such a cooperative effort can an effective safety and health program be established and preserved.

Section 11 § 1.D Pg 6

SECTION 3 SPILL CONTROL AND SAFETY EQUIPMENT

In the event of an accident, Terra Technical Services LLC requires all vehicles used for hauling waste to be equipped with the following spill control and safety equipment:

3.1 Fire extinguisher.

The fire extinguisher is to be properly filled and located so that it is readily accessible for use. The fire extinguisher must be securely mounted on the vehicle. The fire extinguisher must be designed, constructed, and maintained to permit visual determination of whether it is fully charged. The fire extinguisher must have an extinguishing agent that does not need protection from freezing.

3.2 First Aid Kit.

First Aid supplies are required to be easily accessible. An example of the minimal contents of a generic first aid kit is the following:

- Absorbent compress
- Adhesive bandages
- Adhesive tape
- Antiseptic applications
- Burn treatment applications
- Sterile pads
- Medical exam gloves
- Triangular bandage

If it is reasonably anticipated employees will be exposed to blood or other potentially infectious materials while using first aid supplies, employers should provide personal protective equipment (PPE). Appropriate PPE includes gloves, gowns, face shields, masks and eye protection.

3.3 Personal Protective Equipment.

To prepare for an emergency, Terra drivers are encouraged to have access to the following body, eye, face, foot, hand, and head protection in order to protect the body from injury or illness:

a) Head Protection - Hard hats (not bump caps) for the protection of heads of workers from impact and penetration from falling and flying objects and limited electrical shock and burn.

b) Hand Protection - Gloves or other hand protection may be required as determined by the nature of the job (i.e. chemical contamination, rough surfaces, etc.).

c) Eye and Face Protection - When risk of employee injury to the eye or face exists, suitable equipment shall be provided including:

- Safety Glasses
- Face Shields

- Chemical Splash Goggles

d) Foot Protection - Hard soled leather shoes are required as a minimum, with safety shoes recommended for extra protection.

e) Body Protection - Substantial work clothing (i.e. shirts with sleeves, long pants, etc.) for routine jobs. Jobs that involve handling chemicals may require specific protective clothing.

f) Training - Employees must be trained in the proper procedures for using personal protective equipment.

3.4 Flashlights.

Terra drivers are instructed to carry flashlights and batteries in their trucks, in case of an emergency.

3.5 Warning Devices For Stopped Vehicles.

3.5.1 Bi-directional Emergency Reflective Triangles. Three bi-directional emergency reflective triangles that conform to the requirements of Federal Motor Vehicle Safety Standard No. 125, or at least 6 fuses or 3 liquid burning flares. Other warning devices may be used in addition to, but not in lieu of, the required warning devices, provided those warning devices do not decrease the effectiveness of the required warning devices.

There are restrictions on the use of flame producing devices. Liquid burning flares, fuses, oil lanterns, or any signal produced by a flame shall not be carried on any commercial motor vehicle transporting Division 1.1, 1.2, 1.3 (explosives) hazardous materials; any cargo tank motor vehicle used for the transportation of Division 2.1 (flammable gas) or Class 3 (flammable liquid) hazardous materials whether loaded or empty; or any commercial motor vehicle using compressed gas as a motor fuel.

Every reflective triangle shall be so constructed that, when the triangle is properly placed, the reflective surfaces shall be in a plane perpendicular to the plane of the roadway surface with a permissible tolerance of" 105. Reflective triangles, which are collapsible, shall be provided with means for holding the reflective surfaces within the required tolerance. Such holding means shall be readily capable of adjustment without the use of tools or special equipment.

Every reflective triangle shall be of such weight and dimensions as to remain stationary when subjected to a 40 mile per hour wind when properly placed on any clean, dry paved road surface. The reflective triangle shall be so constructed as to withstand reasonable shocks without breakage.

Each set of reflective triangles shall be adequately protected by enclosure in a box, rack, or other adequate container specially designed and constructed so that the reflectors may be readily extracted for use.

3.5.2 Red Emergency Reflectors. Each red emergency reflector shall conform in all respects to the following requirements:

Each reflector shall be composed of at least two reflecting elements or surfaces on each side, front and back. The reflecting elements, front and back, shall be approximately parallel.

If the reflector or the reflecting elements are so designed or constructed that the reflecting surfaces would be adversely affected by dust, soot, or other foreign matter or contacts with other parts of the reflector or its container, then such reflecting surfaces shall be adequately sealed within the body of the

reflector.

Every reflector should be so constructed that, when the reflector is properly placed, every reflecting element or surface is in a plane perpendicular to the plane of the roadway surface. Reflectors which are collapsible shall be provided with means for locking the reflector elements or surfaces in the required position; such locking means shall be readily capable of adjustment without the use of tools or special equipment.

Every reflector should be of such weight and dimensions as to remain stationary when subjected to a 40 mile per hour wind when properly placed on any clean, dry, paved road surface. The reflector should be so constructed as to withstand reasonable shocks without breakage.

Each set of reflectors and the reflecting elements or surfaces incorporated therein shall be adequately protected by enclosure in a box, rack, or other adequate container specially designed and constructed so that the reflectors may be readily extracted for use.

3.5.3 Fuses and Liquid Burning Flares. Each fuse shall be capable of burning for 30 minutes, and each liquid burning flare shall contain enough fuel to burn continuously for at least 60 minutes.

3.5.4 Red Flags. Red flags shall be not less than 12 inches square, with standards adequate to maintain the flags in an upright position.

SECTION 4 PROTECTION AGAINST SHIFTING OR FALLING CARGO

4.1 Basic Protection Component.

Each cargo carrying motor vehicle must be equipped with devices providing protection against shifting or falling cargo that meet the requirements of one of the following paragraphs of this section:

Option A. The vehicle must have sides, side boards, or stakes, and a rear endgate, end board, or stakes. Those devices must be strong enough and high enough to ensure that cargo will not shift upon or fall from the vehicle. Those devices must have no aperture large enough to permit cargo in contact with one or more of the devices to pass through it.

Option B. The vehicle must have at least one tiedown assembly for each 10 linear feet of lading or fraction thereof. In addition, the vehicle must have as many additional tiedown assemblies as are necessary to secure all cargo being transported either by direct contact between the cargo and the tiedown assemblies or by dunnage which is in contact with the cargo and is secured by tiedown assemblies.

Option C. The vehicle must have other means of protecting against shifting or falling cargo, which are like, at least as effective as, those specified in the above paragraphs.

4.2 General Securement Requirements.

The general requirements apply to all types of cargo except commodities in bulk that lack structure or fixed shape (e.g., liquids, gases, grain, liquid concrete, sand, gravel, aggregates) and are transported in a tank, hopper, box, or similar device that forms part of the structure of a commercial motor vehicle.

- A commercial motor vehicle is not to be driven unless the load is properly distributed and adequately secured and does not obscure the driver's view.
- Cargo must be firmly secured using vehicle structures, dunnage, dunnage bags, shoring bars, tiedowns, or a combination of these.
- Cargo that is likely to roll must be restrained by chocks, wedges, a cradle, or their equivalent.
- Articles or cargo placed beside each other and secured by transverse tiedowns must either: Be placed in direct contact with each other OR Be prevented from shifting towards each other while in transit.

The minimum number of tiedowns required to secure an article(s) depends on the length of the article(s) being secured. When an article is not blocked or positioned by a header board, bulkhead, other cargo, or other appropriate blocking devices, it must be secured by at least:

- 1 tie down for articles 5 feet or less in length, and 1,100 pounds or less in weight;
- 2 tie down if the article is:

- feet or less in length and more than 1,100 pounds in weight; OR
- longer than 5 feet but less than or equal to 10 feet in length, irrespective of the weight;
- 2 tiedowns if the article is longer than 10 feet, and one additional tiedown for every 10 feet of article length, or fraction thereof, beyond the first 10 feet of length.

The driver must examine the load and any load—securing devices within 50 miles of the start of the trip. The driver must reexamine the vehicle's cargo and load—securing devices periodically during the trip and make necessary adjustments to load—securing devices. Periodic examinations must be made:

- when the driver makes a change of duty status,
- after the vehicle has been driven for 3 hours, or
- after the vehicle has been driven for 150 miles, whichever occurs first.

The driver is not required to check the cargo on a sealed load that is not to be opened, or if checking the cargo is impracticable.

4.3 Prevention Against Loss of Load.

Each commercial motor vehicle must, when transporting cargo on public roads, be loaded and equipped, and the cargo secured, to prevent the cargo from leaking, spilling, blowing or falling from the motor vehicle. Therefore, all loads will be enclosed, covered, or tarped to prevent accidental discharge of the waste during transport to the disposal facility.

4.4 Prevention Against Shifting of Load.

Cargo must be contained, immobilized or secured to prevent shifting upon or within the vehicle to such an extent that the vehicle's stability or maneuverability is adversely affected.

SECTION 5 DRIVER PREVENTIVE MEASURES

5.1 Pre-Trip Inspections.

With potential for fines, out-of-service orders, and liability (in the event of an accident), Terra supervisors stress the seriousness of performing vehicle inspections. Terra ensures that our drivers realize that vehicle inspections are the law, and not at their discretion. We inform our drivers that they can be held liable for failing to make inspections and for any subsequent accident that happens because they failed to report damage or missing equipment. Terra requires regular pre-trip inspections to keep the possibility of a vehicle breakdown or out-of-service conditions to a minimum.

We train our drivers that "No commercial motor vehicle shall be driven unless the driver is satisfied that the following parts and accessories are in good working order". Those parts and accessories are:

- Service brakes, including trailer brake connections
- Parking brake
- Steering mechanism
- Lighting devices and reflectors
- Tires
- Horn
- Windshield wipers
- Rearview mirrors
- Coupling devices

The required emergency devices must also be in the vehicle.

Terra understands that the best way for a driver to know if these parts are in good working order is to do a pre-trip inspection. It is best to follow the same inspection procedure every day so that nothing important will be forgotten. Following is a 7-step procedure that Terra drivers use as a guide when doing their pre-trip inspection:

1. Take note of the vehicle's general condition.

2. Check under the hood for things such as worn belts, leaking fluids, or cracked wires.

3. Start the engine and listen to any unusual noises. Check the gauges and check to make sure emergency devices are in the vehicle.

4. Check the lights, especially the headlights, taillights, brake lights, and warning lights.

5. Walk around the vehicle and inspect all major equipment items.

6. Check the directional lights.

7. Check the brake system.

The final pre-trip requirement is for the driver to review the vehicle inspection report that was completed at the end of the last trip. If any defects were reported on that inspection report, the driver must sign the report before taking that vehicle out on the road again.

Performing a thorough pre-trip inspection will go a long way toward preventing vehicle problems from happening on the road and from defects being discovered by a law enforcement officer during a roadside inspection.

SECTION 6 EMERGENCY CONTACT INFORMATION

Terra Technical Services LLC has designated the following two employees as emergency contacts in case of an accident or other emergency, which causes a portion of the load to be spilled.

Sherri Manning – Terra's VP/Business Development
Office: (610) 269-1010, Ext. 100
[redacted]

Conrad Muhly – Terra's CEO/President
Office: (610) 269-1010, Ext. 120
[redacted]

The person contacted will then notify the state and municipal authorities where the accident occurred. If an accident or spill occurs in the State of Delaware, and has the potential to cause environmental damage, our designated employee will call 911, (302) 739-9401 or 1-800-662-8802. Terra will contract clean-up services with an appropriate company.

SOLID WASTE TRANSPORTER PERMIT APPLICATION

Language Preference:

Instructions: You must complete this application in its entirety and attach all applicable documentation. (**Note:** For applicants renewing an existing permit, this application requires the submission of updated information and documentation. References to material submitted under previous applications are no longer accepted.)

The application must be signed by the company owner or a corporate officer. A check or money order payable to the **"State of Delaware"** must accompany this application and be sent to:

Delaware Department of Natural Resources and Environmental Control
Compliance and Permitting Section
89 Kings Highway
Dover, DE 19901

1. **Type of Permit**

☐ New - **SCRAP TIRES ONLY** Submit a check or money order, payable to the "State of Delaware," in the amount of $75.00.

☐ New - **ALL OTHERS** Submit a check or money order, payable to the " State of Delaware" in the amount of $350.00.

☑ Renewal: Permit # DE-SW- 1316 Expiration Date 12-31-26

Please indicate the term for which you desire your permit to be issued. Submit a check or money order, payable to the "State of Delaware," for the indicated permit fee.

SCRAP TIRES ONLY	ALL OTHERS
☐ One Year - $75.00	☐ One Year - $350.00
☐ Two Years - $125.00	☑ Two Years - $650.00
☐ Three Years - $175.00	☐ Three Years - $950.00
☐ Four Years - $225.00	☐ Four Years - $1250.00
☐ Five Years - $275.00	☐ Five Years - $1550.00

2. **Release to Public**

Do you wish to be included on the list of transporters that is provided to persons requesting a list of Delaware permitted solid waste transporters? ☐ Yes ☐ No

3. **Company Information**

Company Name TERRA Technical Services

Location Address:	Mailing Address:
600 S. BRANDYWINE AVE	SAME
Suite 100	
Downingtown, PA 19335	

Contact: TRish Milanese Title: Operations Manager

Business Phone: 610-269-1010 Fax: N/A

E-mail: TMilanese@GoTerra.com

24 hr Emergency Contact Ph [redacted]

4. **Company Ownership Information**

(a). Please indicate the company type:

- ☐ Proprietorship
- ☐ Partnership
- ☐ Corporation - If company is a corporation, indicate city, state, and date of incorporation.

  City: _____ State: _____ Date: _____
- ☐ Municipality
- ☐ Public institution
- ☑ Limited Liability Corporation (LLC) State: PA
- ☐ Other: (must specify) _____

(b). For each Owner, Partner, or Corporate Officer, attach a list with name, title, mailing address, date of birth, and % ownership. Include all stockholders owning greater than 5% outstanding shares.

☑ Attachment A

(c). If company is owned by or affiliated with a parent company, attach parent company name, address & mailing address, and % ownership.

- ☐ Attachment _____
- ☑ No parent company

5. Company locations in Delaware

List name and *street* address of each company location, including freight terminals, within the State of Delaware.

☐ Attachment _____
☑ No Delaware locations

6. Company Affiliates

List name, location and mailing addresses, nature of business relationship of all company Affiliates, which affiliates are engaged in the business of waste transport, treatment, storage, disposal, recovery or reclamation. (Affiliated companies are defined as those companies owned by the same owners, corporate officers, or parent company.)

☐ Attachment _____
☑ No affiliates

7. Type of Waste to be Transported

(a). Check all that apply. Refer to Delaware's *Regulations Governing Solid Waste* for definitions of waste categories.

☐ Residential waste
☐ Commercial waste (from **non-manufacturing, non-processing** businesses and offices
☐ Industrial waste (from a manufacturing or industrial process)
☐ Dry waste: ☑ construction/demolition debris
☑ trees/stumps
☐ other (must specify) _____
☐ Ash: ☐ municipal incinerator
☐ coal ash
☐ other (must specify) _____
☐ Infectious waste
☑ Non-hazardous petroleum-hydrocarbon contaminated soils
☐ Asbestos-containing waste
☐ Scrap Tires

(b). Does your company collect and transport residential (household) waste from single family homes, condominiums and apartment complexes in Delaware? ☐ Yes ☑ No

(c). If you answered "YES" to question 7.b., above, does your company provide recycling services to those customers? ☐ Yes ☐ No ☐ N/A

(d). If you offer recycling services, does your company collect and transport the recyclables separately from the waste generated by your customers? ☐ Yes ☑ No

(e). If you offer recycling services, are the recyclables ultimately taken to an incinerator (waste-to- energy) or landfill? ☐ Yes ☑ No

8. Treatment, Storage, and Disposal Facilities

(a). Do you cross state lines with the waste? ☐ Yes ☑ No

(b). Identify in an attachment ***all*** solid waste Treatment, Storage, Disposal Facilities, Reclamation Facilities and Transfer Stations to which the waste will be transported.

☑ Delaware Solid Waste Authority locations: (attachment) _____
☐ Clean Earth of New Castle, Inc. (thermal treatment facility for PHC-soils)
☐ Delaware Recyclable Products, Inc. (dry waste, commercial, industrial, and PHC-soils)
☐ Other in-state solid waste facilities, including private facilities: (attachment) _____
☐ Out of state solid waste TSD facilities: (attachment) _____

9. Other Transporter Permits

(a). Attach a copy of your home state solid waste transporter permit. (N/A if Delaware is your home state.)

☑ Attachment B
☐ Not applicable-No transporter permit required for these solid waste types in our home state.

(b). List solid waste transporter permits held in other states.

☑ Attachment C
☐ No transporter permits in other states

(c). Indicate your Federal DOT number and Motor Carrier number:

DOT# 1465519 MC# N/A

☐ N/A If N/A, please provide an explanation, on the following page, as to why you are not required to have a DOT or MC number.

10. Proof of Financial Responsibility

The transporter must submit proof of financial responsibility as established in section 7.2.4 of Delaware's *Regulations Governing Solid Waste*. This proof may be established by a Certificate of Insurance, with MCS-90 endorsement where applicable, or by other means approved by the Department. (The Certificate of Insurance must identify the **Department of Natural Resources and Environmental Control, Compliance and Permitting Section** as the certificate holder.)

(a). Are you for-hire in interstate commerce? ☐ Yes ☑ No (For-Hire means you are in the business of transporting, for compensation or payment, wastes generated by a company other than your own.)
(b). Do you transport in the State of Delaware Only (Intrastate)? ☐ Yes ☑ No
(c). Do you transport Interstate? ☑ Yes ☐ No

(d). Certificate of Insurance must be attached and include minimum automobile liability coverage as follows:

	FOR-HIRE INTERSTATE	ALL OTHERS
Residential Waste	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Commercial Waste	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Industrial Waste	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Dry Waste	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Ash	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Infectious Waste	$1,000,000.00 + MCS-90 ☐	$750,000.00 + MCS-90 ☐
Non-Hazardous Petroleum Contaminated Soils	$750,000.00 + MCS-90 ☐	$350,000.00 ☐
Asbestos	$1,000,000.00 + MCS-90 ☐ (For Hire & Private)	$350,000.00 ☐
Scrap Tires Only	$350,000.00 ☐	$350,000.00 ☐

11. Spill Control and Safety

List all spill control and safety equipment that will be carried on each vehicle. (**Note:** Separate lists by type of vehicle and type of waste may be required.) Attach a copy of the Spill Control Plan. The Spill Control Plan **must** contain the following elements: (1) List of safety and spill control equipment carried in the vehicle, (2) Driver preventive measures, (3) Driver immediate corrective actions, (4) Company internal communications, (5) Company external communications including the **Delaware Emergency Reporting Numbers: 1-800-662-8802 and 302-739-9401**, and (6) Cleanup and decontamination measures.

Spill Control Plan: Attachment E

12. Driver Training

IN SUMMARY OR OUTLINE FORM, describe the procedures that your company takes to ensure that all company drivers are safe and competent drivers. Small owner-operators may describe their years of experience and driving record in lieu of a formal program.

(a). Include requirements for special licenses (e.g. CDL, including any special endorsements), any special training received, including dates training was received (e.g. asbestos training), and any ongoing company programs. (e.g. weekly safety meetings or annual refresher courses);

(b). Include your company procedure for periodic checks of the driver's records for moving violations, and your company policy on progressive counseling/discipline based on points;

(c). Describe how drivers are instructed in the following:
(i) Knowledge of proper handling procedures for the type of solid waste being transported.
(ii) Familiarity with the approved accidental discharge containment plan. (Spill Control Plan)
(iii) Familiarity with the conditions of the solid waste transporter's permit.

Driver Training, attachment E

13. Vehicle Identification

On the form provided with this application, list **MAKE, MODEL, YEAR, SERIAL NUMBER, LICENSE PLATE NUMBER, STATE OF REGISTRATION, MANUFACTURER'S GVWR and OWNERSHIP** of all vehicles used for the transportation of solid waste. You must list both motorized and container units. (If you maintain a list of company vehicles in a computer database you may submit a print out of the vehicles provided it contains the information requested herein.)

NOTE: You must notify CAPS in writing of any changes to information contained within this application, such as additions or deletions of vehicles, in accordance with conditions of the issued permit.

☑ Vehicle List Attached

14. Vehicle Operator Information

Is a list of all vehicle operators attached? ☑ Yes

What tax form do you submit to the IRS for your vehicle operators?

☑ Form W-2
☐ Form 1099-Misc
☐ Other

15. Environmental Record

List all criminal citations, arrests, convictions, civil or administrative violations, and civil or administrative enforcement actions, and the disposition(s) thereof for the violation or alleged violation of any environmental statute, regulation, permit, license, approval, or order, regardless of the state in which it occurred. Indicate whether it was a local, state, or federal violation or alleged violation. List all such items for the applicant, and if the applicant is other than an individual, for any employee while employed by the applicant, or any partner, officer, or director of the applicant as an individual or for any former business of such partner, officer, or director. For civil or administrative violations or alleged violations, list all such items for the last five (5) years from the date of the application. Information submitted under this section is subject to verification. **Failure to submit complete and accurate information may lead to permit denial or revocation.**

☑ Attachment _____
☐ No violations within the specified time period

16. Certification

I certify under penalty of law that I have personally examined and am familiar with the information submitted in this application and all attachments and that, upon personal knowledge and information, the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information.

SPILL CONTROL PLAN FOR SOLID WASTE HAULERS

(1) Spill control and safety equipment carried in each vehicle:
   1). Reflectors and/or flares
   2). Fire extinguisher
   3). First aid kit
   4). Heavy-duty gloves, hard hat
   5). Flashlight
   6).

(2) All loads will be enclosed, covered, or tarped to prevent accidental discharge of the waste during transport to the disposal facility.

(3) The driver will perform the following pre-trip inspections:
   1).

   2).

(4) If there is an accident or other emergency which causes a portion of the load to be spilled, the driver, if uninjured, will contact the following designated company coordinator:
   Name: Phone:

(5) The designated coordinator will contact the state and municipal authorities where the accident occurred. If the accident or spill has the potential to cause environmental damage, (either due to the nature of the waste, location of the accident, or additional factors such as leaking oil, gasoline, or hydraulic fluid) the person contacted will notify the state emergency response team, by calling one of the following numbers:
   Delaware: 911, (302) 739-9401 or 1-800-662-8802 *(Other numbers may be listed as follows, however, the listed Delaware numbers* ***must*** *be included in the spill control plan.)*
   Maryland:
   New Jersey:

(6) The designated coordinator will contract for clean-up services with another company. *(This is optional, however, if another company is to be contracted, please append a list of cleanup companies by either region or state.)*

(7) This plan will be carried in all vehicles, along with the permit.

SECTION 16 OWNER SIGNED ✓

ACORD CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY) 10/07/2026

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer any rights to the certificate holder in lieu of such endorsement(s).

Vehicle Registration Unit
9 Ewing Street, Mail Code 09-01, PO Box 420
Trenton, NJ 08625-0420
(609) 292-7081 LRU@dep.nj.gov

NJDEP Transporter Vehicle Registration Card

Expiration Date: **06/30/2027**
Decal Number: **SWE-27-109516**
Vin ID#: **1NP5LB0X3YN544456** **PA**
License Plate #: **AF49938**
Vehicle Type: **Single Unit Vehicle**
Vehicle leased?: **N**
If Yes, lessor's name:

EXEMPT SOLID WASTE
NJDEP Registered Transporter:

TERRA TECHINCAL SERVICES LLC
600 BRANDYWINE AVE, BLDG 100
DOWNINGTOWN, PA 19335

NJDEP Registered Transporter:
TERRA TECHINCAL SERVICES LLC
NJDEP #: **30880**

This card must be carried in the cab of the vehicle at all times.
This registration card & decal are valid for use only by the listed registrant.
Leased equipment can only be used to transport waste by the listed registrant.

Section 4(b) Pg 4

Container	SWX-27-304486			C6	Active
Container	SWX-27-304487			C7	Active
Container	SWX-27-304488			C8	Active

Enclosed are your **waste transporter decal(s) and registration cab card(s).** Please read this instruction sheet for proper placement of the decal(s).

IMPORTANT NOTES

- Each registrant (transporter) is assigned a unique five-digit New Jersey Department of Environmental Protection (NJDEP) registration number that must be displayed on all vehicles and equipment (see below).

- Before applying any decal, please check that all information printed on the registration cab card is accurate for each vehicle. If there is an error or discrepancy, please e-mail LRU@dep.nj.gov an explanation of the error along with a scanned copy of the registration cab card you received.

- If you have registered more than one vehicle, be sure to affix the correct decal to the corresponding vehicle. Decals are assigned to a specific piece of equipment. Please make sure the decal number, VIN number and license plate on the cab card match the VIN number and license plate of the vehicle before affixing it to the equipment.

- Decals must be permanently affixed to all solid waste units prior to transport of waste to, from or within New Jersey or prior to the unit being placed into service or before receiving waste. Decals that are placed on magnets, taped, or otherwise not permanently affixed to the equipment, will be **CONFISCATED and no refund issued.** All expired decals must be removed.

- All vehicles used in the collection or transportation of solid waste must carry the current NJDEP registration certification (cab card) in the solid waste vehicle.

- Accurate records of all waste picked up and disposed must be kept by quantity and waste ID numbers.

HOW TO DISPLAY YOUR SOLID WASTE NJDEP NUMBER AND DECAL

Using letters and numbers at least **3 inches in height**, paint or affix the letters "**NJDEP**", your unique **NJDEP number** and the **carrying capacity (gallons or cubic yards)** to your vehicle or container, then **PERMANENTLY affix the decal** below to a clean surface. This information must be displayed on the **DRIVER SIDE** of the vehicle in the area indicated by the arrows **below** so that it will be visible to the operator of the waste facility. Your **registered company name** (official company name that was registered with the State of New Jersey, Division of Commercial Recordings) **must also be displayed** in at least **3 inch letters.**
