Truck No: 58 Tank Capacity: 2,500 gallons

Permit Fee = \$125 per truck.

This is your company's permit to discharge sanitary wastes from residential/domestic septic tanks, cesspools and temporary toilet facilities, into the Kent County Sewer System at Pumping Station No. 1 (Smyrna) and Kent County Regional Resource Recovery Facility (Milford). The Public Works Director may, by written notice to the permit holders, reopen and modify this permit in any way and may change allowable discharge locations at any time.

Your signature on the Kent County Septage Hauler Permit Application verifies that you agree to the conditions set forth in this permit and all attachments, all relevant County Ordinances and the Code of Kent County. If a violation of any of the terms of the above occurs it may result in the suspension or revocation of this permit. It is further understood that subsequent amendments to the Code of Kent County are to be adhered to.

Operation Plan Spill Response, Reporting and Cleaning

Contact: Robert C. Bower

Contact Phone Numbers: 302-422-8603 (office) or 302-422-0194 (home)
302-542-5844 (cell)

Hours of Operation: Monday thru Friday (6 am – 4 pm)
Saturday & Sunday hours available for emergency

Notification of Spill Response:

The Class F employees that represent Midway Services, Inc. have been trained to respond to Spill Response, Reporting and Clean-up. In the event of a spill, the following actions should be taken.

The order of actions may depend on the existing conditions:

- Notify 24 hour Delaware Department of Natural Resources and Environmental Control (DNREC) Complaint and Spill Notification Line @1-800-622-8802.
- Notify the office of Midway Services, Inc. at 1-302-422-8603
- The office will notify the immediate supervisor of Class F Licensee to be dispatched to the site of the spill.
- Class F Licensee is to check cause and stop source of spill when possible without undue risk if personal injury.
- Restrict all sources of ignition without undue risk to personal injury.
- Make spill scene **OFF LIMITS** to unauthorized personnel.
- Report to acting "on-scene" coordinator upon spill response team arrival and provide assistance until the response team is fully operational.
- Incident Report (Safety Tracking Tool) must be completed for the Spill Incident.

Response Information:

- When notifying the DNREC Complaint and Spill Notification Line and the office of Midway Services, Inc., the following information should be provided if known or can be reasonably be determined:
 1. Name of the individual reporting the spill.
 2. Date and time the spill occurred (estimated time is accepted).
 3. Number of injured personnel and nature of injuries.
 4. Location of spill.
 5. Substance spilled or released.
 6. Amount spilled (estimated).
 7. Time spill occurred (estimated).
 8. Extent in which the spill has traveled.
 9. Has spilled been contained? Signs posted?
 10. Any other pertinent information (i.e. other potential hazards).

Information will be recorded on an Incident Reporting (Safety Tracking) form. The supervisor shall be responsible to review report and implementing corrective action to prevent repeat incidents. In the event of work injury, the Risk Management contact must be notified to initiate Workers' Compensation process.

Emergency Response Equipment/Procedures:

- Warning signs are posted where hazardous materials are stored, handled or spill has occurred.
- Refer to Emergency Response Manual and **MSDS (Material Safety Data Sheet)** file located in the office and Shop area of Midway Services, Inc.
- Supervisory personnel will perform routine inspections of equipment to ensure equipment is in good working order (no signs of wear and tear, leakage, ect) and spill kit and emergency kit is located on the vehicle prior to each use of the vehicle.
- Spill kit to be located on vehicle within easy access of Driver.
- Spill Kit to include Personal Protective Equipment for Driver and Supervisor that includes gloves, shoe covers, pants and shirt cover-up, goggles and mask. Spill Kit also includes disposable drum, absorbent material, shovel and bag to cover shovel after use and bag to dispose of protective equipment.

Containment, Cleanup and Disposal

- Due to the material composed of in the spill: Containment, Cleanup and Disposal of the material of the spill at location and cleaning of vehicle will be coordinated with DNREC Emergency Response Team (1-800-622-8802).

Posting Requirements:

- Hazard warning Information/Signs/Placards are posted at the spill site of Spill.
- Site-specific contingency plan and MSDS will be posted in prominent locations at Midway Services, Inc. shop area and with the Pumping vehicle.
- Spill plan is updated on an annual basis or anytime there is a change in operations or materials stored or at anytime the plan has failed. Plan will be reviewed at this time for State and Federal Regulations compliance.
- Employees to receive annual training of requirements or anytime there is a change in operations or anytime the plan has failed.

REF: SUSSEX COUNTY HAULERS LICENSE NO: 46

To whom it may concern:

I am pleased to inform you that your Sussex County Wastewater Hauler License has been approved. The items you recently provided complete our requirements.

The Sussex County Engineering Department authorizes you to discharge wastewater for treatment at the Inland Bays Wastewater Facilities. Discharges will be according to procedures established for the Sussex County Septage Program. Inland Bays will accept liquid and solid materials pumped from a septic tank, cesspool, or holding tank in Sussex County. Industrial wastewater will not be accepted.

This authorization is effective immediately and will expire June 30, 2024. To keep the authorization effective through the expiration date, you must give this office copies of renewed insurance certificates and your business license before they expire.

Should you have any questions, please do not hesitate to contact me at (302) 855-7701.

Sincerely,

Blair Lutz

Re: Midway Services

To whom it may concern,

I'm writing to confirm that Clean Delaware, LLC continues handling and treating sewage pumped from residential septic systems in Kent and Sussex counties by Midway Services of Lincoln, DE. The product is be disposed of at our wastewater treatment facility near Routes 30 and 16 in Milton, DE.

All wastewater received is subject to the terms and conditions of D.N.R.E.C. permit AGU 220X-S-03-S-03. Currently, our permit lists Midway Services as an approved hauler to this facility.

Midway Services currently holds a Delaware Waste Haulers license and may also discharge into other treatment facilities in the state.

Please contact me if I can answer additional questions or provide additional information.

Thanks for your attention,
