Attach a list of all Class F Licensees currently working for the company.</p> <p>If there are no Class F licensees currently working for the company, please note according to Section 4.1.6 of the State of Delaware Regulations Governing the Design, Installation and Operation of On-Site Wastewater Treatment and Disposal Systems, all individuals who will be responsible for removal, transportation or disposal of the solid and liquid contents of septic tanks, cesspools, grease traps, seepage pits, holding tanks, portable toilets or other wastewater treatment or disposal facilities must obtain a Class F license before pumping. In order for an individual to obtain a Class F license.</p>
<p>Class F Licenses uploaded: <i>license list_license.pdf</i></p>

<b>Holding Tanks</b>
<p>1. Attach a list of all Class F Licensees currently working for the company.</p> <p>If there are no Class F licensees currently working for the company, please note according to Section 4.1.6 of the State of Delaware Regulations Governing the Design, Installation and Operation of On-Site Wastewater Treatment and Disposal Systems, all individuals who will be responsible for removal, transportation or disposal of the solid and liquid contents of septic tanks, cesspools, grease traps, seepage pits, holding tanks, portable toilets or other wastewater treatment or disposal facilities must obtain a Class F license before pumping. In order for an individual to obtain a Class F license</p>
<p>Class F Licenses uploaded: <i>license list_license.pdf</i></p>

Grease Trap Waste and/or Cooking Oil Waste
1. Attach a list of all disposal facilities to be used.
2. Attach a list of all Class F Licensees currently working for the company. If there are no Class F Licensees currently working for the company, please note according to Section 4.1.6 of the State of Delaware Regulations Governing the Design, Installation and Operation of On-Site Wastewater Treatment and Disposal Systems, all individuals who will be responsible for removal, transportation or disposal of the solid and liquid contents of septic tanks, cesspools, grease traps, seepage pits, holding tanks, portable toilets or other wastewater treatment or disposal facilities must obtain a Class F license before pumping. For a Class F License application, please contact the Licensing Coordinator at 302-739-9948.
Grease Trap Waste Disposal Facilities to be used: Class F Licenses Uploaded:

Portable Toilets
1. Attach a list of all Class F Licensees currently working for the company. If there are no Class F Licensees currently working for the company, please note according to Section 4.1.6 of the State of Delaware Regulations Governing the Design, Installation and Operation of On-Site Wastewater Treatment and Disposal Systems, all individuals who will be responsible for removal, transportation or disposal of the solid and liquid contents of septic tanks, cesspools, grease traps, seepage pits, holding tanks, portable toilets or other wastewater treatment or disposal facilities must obtain a Class F license before pumping.
Class F Licenses uploaded: <b>license list_license.pdf</b>
3. Quantity of portable toilets you own: <b>100</b>

Municipal and Industrial Biosolids
1. Identify all Facilities the company will service by attaching a table listing the following: Facility Name of Sludge Generator # Estimated Volume of Sludge to be Transported # Disposal Facility* * If sludge is to be land applied, include the current Agricultural Utilization Permit Number for that facility.
Municipal and Industrial Biosolids <i>Disposal Facilities:</i>
2. Provide transportation routes from all generating facilities to all applicable disposal facilities.
Municipal and Industrial Biosolids <i>Transportation Routes:</i>

3. Indicate any treatment the sludge has undergone before transportation (for example anaerobic digestion, aerobic digestion, lime stabilization, composting, or dewatering).

Sludge Treatment Description Upload:

4. Provide results of a laboratory analysis of a representative sample of the sludge which was obtained not more than 6 months before submission of the application unless these results would be submitted as a part of the land application program. The analysis shall include, as a minimum, percent solids, pH, and the dry weight concentration of total nitrogen, ammonium, nitrate, total phosphorous, total potassium, cadmium, copper, mercury, nickel, lead, zinc, arsenic, selenium, and molybdenum.

Sludge From Package Treatment Plants Laboratory Analysis Uploaded:

### Sludge From Package Treatment Plants

1. Identify all Facilities the company will service by attaching a table listing the following:  
Facility Name of Sludge Generator # Estimated Volume of Sludge to be Transported # Disposal Facility\*

\* If sludge is to be land applied, include the current Agricultural Utilization Permit Number for that facility.

Sludge From Package Treatment Plants *Disposal Facilities:*

2. Provide transportation routes from all generating facilities to all applicable disposal facilities.

Sludge From Package Treatment Plants *Transportation Routes:*

3. Indicate any treatment the sludge has undergone before transportation (for example anaerobic digestion, aerobic digestion, lime stabilization, composting, or dewatering).

Sludge Treatment Description Upload:

4. Provide results of a laboratory analysis of a representative sample of the sludge which was obtained not more than 6 months before submission of the application unless these results would be submitted as a part of the land application program. The analysis shall include, as a minimum, percent solids, pH, and the dry weight concentration of total nitrogen, ammonium, nitrate, total phosphorous, total potassium, cadmium, copper, mercury, nickel, lead, zinc, arsenic, selenium, and molybdenum.

Sludge From Package Treatment Plants Laboratory Analysis Uploaded:

### Other Non-Hazardous Liquid Wastes

1. Describe the source, nature and make-up of the non-hazardous liquid waste to be transported.

2. Will any of the wastes contain petroleum products (i.e. oil, gas, grease, etc.)?

\_\_\_\_\_ Yes \_\_\_ No :

\* Transportation of liquid wastes containing any petroleum products will require a permit from the Division of Waste & Hazardous Substances (302-739-9400).

### Operating Plan

Attach an Operation Plan detailing the following: a spill reporting and clean-up plan, plans for cleaning vehicles, recordkeeping procedures and days and hours of operation.

Operating Plan Upload: *oper plan.pdf*

### Disposal Facilities

Attach a list of all disposal facilities to be used. Include a copy of the permit/authorization letter from each disposal facility stating the company is currently authorized to discharge the requested waste stream (i.e. septage, holding tank waste, portable toilet waste, etc.) to the facility.

Disposal Facilities Upload: *disposal list.pdf , DELCORA approval.pdf*

### Proof of Bond (If applicable)

Proof of Bond - Part III B, Section 500 of the Guidance and Regulations Governing the Land Treatment of Wastes directs, as a requirement for keeping a permit issued under these Regulations, the permittee to file a bond or other security in the amount of Five Thousand Dollars (\$5,000) with the Department. The bond is to be payable to the Department and the obligation of the bond shall be conditioned upon the fulfillment of all requirements related to the permit. If this application is for permit renewal, please submit a copy of the current Transporters Bond certification.

Proof of Bond Upload: *2024-2025 Non-Hazardous Liq Transportation Bond.pdf*

### 8. Certification

I certify that all information submitted as part of this application is true and correct to the best of my knowledge and belief.

Printed Name of Applicant:  
Charlotte St John

Date Submitted via DNREC ePermitting:  
2024-07-23 19:29:56

**Class F Licensees currently working for the Company:**

Travis J. St. John

License # 5957

# State of Delaware

Department of Natural Resources  
and Environmental Control  
Division of Water Resources  
89 Kings Highway,  
Dover, Delaware 19901

## LICENSE # 5957

This certifies that:

**St. John, Travis J.**

has been duly licensed as a:

**Class F (Liquid Waste)**

**4/18/2019**

**12/31/2019**

**In the State of Delaware in accordance with the Regulations Governing the Design, Installation and Operation of On-Site Wastewater Treatment and Disposal Systems.**

---

Jennifer S. Roushey  
Environmental Program Administrator  
Department of Natural Resources and Environmental Control

The license may be revoked or suspended if the license holder violates any of the lawful rules or regulations of the board, any condition of this license, or the provisions of the act under which license is issued.

## **Brandywine Septic Services, Inc.**

### **Operation Plan**

#### **Spill reporting and clean-up plan:**

If a spill occurs, our technician would immediately call the Delaware Division of Waste and Hazardous Substances 24-hour Environmental Complaint and Spill Line at 1-800-662-8802. We would mark off the spill area to avoid any contamination or contact with the spilled substance until otherwise directed by the Emergency Department.

#### **Plans for cleaning vehicles:**

All vehicle(s) exterior is cleaned on a daily basis at our headquarters. The interior of the vehicle(s), including the pump truck tanker is cleaned on a weekly basis. Tanker clean out follow proper OSHA procedures in being proper suited and masked when entering the inside of the tank for thorough cleanout.

#### **Recordkeeping procedures:**

Any and all recordkeeping will be facilitated by our office administration through our servicing system, Service Fusion, as well as through the utilization of spreadsheets in Excel. Any and all recordkeeping requests will be readily available when needed.

#### **Days and hours of operation:**

Our regular business hours of operation are Monday-Friday, 7am-5pm. We are a 24-hour Emergency Service company and have a technician on-call for any and all after-hour calls, evenings, weekends and holidays included.

**Disposal Facilities to be used:**

DELCORA – Delaware County Regional Water Authority  
3201 W Front Street  
Chester, PA 19013  
(610)876-5523

July 29, 2024

Re: Disposal Approval

To Whom it may Concern:

Please allow this letter to confirm DELCORA's ability and capacity to accept septage, holding tank, grease trap, municipal/industrial biosolids, package treatment plant sludge, and other non-hazardous liquid waste for treatment at our Western Regional Treatment Plant (WRTP). This acceptance is contingent upon all waste streams remaining in compliance with our rules and regulations for hauled waste. Additionally, this will confirm that as a hauler currently permitted to utilize our facilities, **Brandywine Septic** will be permitted to transport this material to the WRTP.

If you have any questions regarding this letter, please contact me directly at (610) 876-5523, extension 218.

Sincerely,

*Michael J Krause*

**CONTINUATION CERTIFICATE  
FIDELITY OR SURETY BONDS/POLICIES**

License No. \_\_\_\_\_

In consideration of \$100.00 dollars renewal premium, the term of Bond/Policy No. 107115206 in the amount of \$5,000.00, issued on behalf of BRANDYWINE SEPTIC SERVICES INC, whose address is 816 PENNSGROVE RD, LINCOLN UNIVERSITY, PA 19352-1612, in favor of Delaware Department of Natural Resources and Environmental Control, whose address is Division of Water Resources, Ground Wate, 89 Kings Highway, DOVER, DE 19901, in connection with Non-Hazardous Liquid Transports Permit Bond is hereby extended to July 01, 2025, subject to all covenants and conditions of said bond/policy.

This certificate is designed to extend only the term of the bond/policy. It does not increase the amount which may be payable thereunder. The aggregate liability of the Company under the said bond/policy together with this certificate shall be exactly the same as, and no greater than it would have been, if the said bond/policy had originally been written to expire on the date to which it is now being extended.

Signed, sealed and dated March 23, 2024
