SUBJECT: Delaware Permit #: DM-1905-N-05 Renewal

Dear Mr. Churchill,

Veolia Water Delaware (VWDE) would like to renew Delaware Permit #: DM-1905-N-05. VWDE operates facilities that treat and provide drinking water to more than 100,000 residents of northern New Castle County. As part of the treatment process, VWDE generates non-hazardous waste that is subject to Part V of the Guidance and Regulations Governing the Land Treatment of Wastes.

Find enclosed an updated Residuals Handling Process Description as per your request for renewal of our current permit that expires on July 31, 2024.

Should you have any questions, please do not hesitate to reach out to me via the contacts provided.

Best regards,

Robert E. Penman III, P.E.
