

**PERMIT APPLICATION**  
**Construction of Wastewater Collection and Conveyance Systems**

**Narrative Summary**

Item #1

The project is relocating three locations of Sussex County's existing force main and gravity sanitary sewer system, due to conflicts with a proposed DeIDOT Project. The SR 1, Minos Conaway Grade Separated Intersection (DeIDOT Project No. T201612501) has direct conflicts with the existing force main and the existing gravity system at various locations within the project limits. The sewer main relocation work will be done as part of the advertised DeIDOT contract.
