RE: Harrington Industrial Park

Dave,

The City of Harrington is the water and sewer provider for the proposed Harrington Industrial Park which consists of 3 parcels, 2 Manufacturing, 1 Industrial.

The properties are in compliance with the current Zoning Code.

The City of Harrington is the supplier of domestic water and sewer to the property and has no issue with the supply demand and removal of wastewater.

There is sufficient capacity to serve the proposed development.

Let me know if you have any further questions.
