RE: State Contract No. T202104304
Cave Neck Road, Hudson Road, and Sweetbriar Road Improvements
Sussex County, Delaware

Artesian has designed and is seeking a permit for the installation of a force main in Sussex County, Delaware. The purpose of this project is that Artesian's existing sewer force main is in conflict with the State's proposed round-a-bout and proposed drainage improvements, which now requires this main to be relocated. Artesian will be upsizing our facilities for hydraulic improvements and upgrading our sewer systems capacity. This project consists of installing approximately 3,000' of 16" PVC C900, 141' of 8" PVC C900, 15' of 6" PVC C900, 15 gate valves, and 7 air release valves along an alignment through the southern part of Milton, along Cave Neck Road, Hudson Road, and Sweetbriar Road which will tie into our existing infrastructure.

Please contact me at 302-453-5804 if you have any questions.

Yours very truly,

Eric Zambrano
