BLANKET ADDITIONAL INSURED (NON-CONTRACTORS)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

PROVISIONS

1. The following is added to SECTION II - WHO IS AN INSURED:

Any person or organization that you agree in a written contract or agreement to include as an additional insured on this Coverage Part is an insured, but only:

- a.** With respect to liability for "bodily injury" or "property damage" that occurs subsequent to the signing of that contract or agreement and while that part of the contract or agreement is in effect;
- b.** If, and only to the extent that, the injury or damage is caused by your acts or omissions in the performance of your ongoing operations to which that written contract or agreement applies or by the acts or omissions of any person or organization performing such ongoing operations on your behalf; and
- c.** Subject to the following limitations and conditions on the insurance provided to such additional insured:
 - (1)** If the Limits of Insurance of this Coverage Part shown in the Declarations exceed the minimum limits required by the written contract or agreement, the insurance provided to the additional insured will be limited to such minimum required limits. For the purposes of determining whether this limitation applies, the minimum limits required by the written contract or agreement will be considered to include the minimum limits of any Umbrella or Excess liability coverage required for the additional insured by that written contract or agreement. This provision will not increase the limits of insurance described in **SECTION III - LIMITS OF INSURANCE**.
 - (2)** The insurance provided to such additional insured is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured for a loss we cover. However, if the written contract or agreement requires that the insurance provided under this Coverage Part apply on a primary basis or a primary and non-contributory basis, then this insurance is primary to other insurance available to the additional insured which covers that person or organization as a named insured for such loss, and we will not share with that other insurance. But, the insurance provided to the additional insured still is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured when that person or organization is an additional insured under such other insurance.
 - (3)** The insurance provided to such additional insured does not apply to:
 - (a)** Any person or organization for which coverage as an additional insured specifically is scheduled by attachment of an endorsement under this Coverage Part, or for whom you have purchased an Owners And Contractors Protective Liability policy;
 - (b)** Any person or organization who distributes or sells "your products" in the regular course of that person's or organization's business with respect to liability arising out of "your products";
 - (c)** Any person or organization from whom you have acquired "your products", or any ingredient, part or container entering into, accompanying or containing such product with respect to liability arising out of "your products";
 - (d)** Any premises owner, manager or lessor with respect to liability arising out of the ownership, maintenance, or use of that part of any premises leased to you;

- (e) Any equipment lessor with respect to liability arising out of the maintenance, operation or use of equipment leased to you by such equipment lessor;
 - (f) The independent acts or omissions of such additional insured; or
 - (g) "Bodily injury" or "property damage" arising out of the providing, or failure to provide, any professional architectural, engineering or surveying services, including:
 - (i) The preparing, approving or failing to prepare or approve maps, shop drawings, opinions, reports, surveys, field orders or change orders, or the preparing, approving, or failing to prepare or approve, drawings and specifications; and
 - (ii) Supervisory, inspection, architectural or engineering activities.
- (4) The additional insured must comply with the following duties:
 - (a) Give us written notice as soon as practicable of an "occurrence" which may result in a claim. To the extent possible, such notice should include:
 - (i) How, when and where the "occurrence" took place;
 - (ii) The names and addresses of any injured persons and witnesses; and
 - (iii) The nature and location of any injury or damage arising out of the "occurrence".
 - (b) If a claim is made or "suit" is brought against the additional insured:
 - (i) Immediately record the specifics of the claim or "suit" and the date received; and
 - (ii) Notify us as soon as practicable and see to it that we receive written notice of the claim or "suit" as soon as practicable.
 - (c) Immediately send us copies of all legal papers received in connection with the claim or "suit", cooperate with us in the investigation or settlement of the claim or defense against the "suit", and otherwise comply with all policy conditions.
 - (d) Tender the defense and indemnity of any claim or "suit" to any provider of other insurance which would cover such additional insured for a loss we cover. However, this condition does not affect whether the insurance provided to the additional insured is primary to other insurance available to the additional insured which covers that person or organization as a named insured.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET WAIVER OF SUBROGATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

The following is added to Paragraph 8., **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS**:

If the insured has agreed in a written contract or agreement to waive that insured's right of recovery against any person or organization, we waive our right of recovery against such person or organization, but only for payments we make because of:

- a.** "Bodily injury" or "property damage" caused by an "occurrence" that takes place; or
- b.** "Personal and advertising injury" caused by an offense that is committed;

subsequent to the execution of the written contract or agreement.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

**ADDITIONAL INSURED - OWNERS, LESSEES OR
CONTRACTORS - COMPLETED OPERATIONS**

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Re: Disposal Approval

Dear Ms. Sullivan:

Please allow this letter to confirm DELCORA's ability and capacity to accept septage, holding tank, grease trap/cooking oil waste, municipal/industrial biosolids, package treatment plant sludge, and other non-hazardous liquid waste for treatment at our Western Regional Treatment Plant (WRTP). This acceptance is contingent upon all waste streams remaining in compliance with our rules and regulations for hauled waste. Additionally, this will confirm that as haulers are currently permitted to utilize our facilities, **G.T.O. Services, Inc.**, will be permitted to transport approved waste streams to the WRTP.

If you have any questions regarding this letter, please contact me directly at (610) 876-5523, extension 218.

To ensure all grease, oil, or wastewater spills are safely contained, reported, and cleaned up in compliance with local, state, and federal environmental regulations.

2. Spill Response Priorities

1. Protect health and safety
2. Contain the spill
3. Prevent environmental contamination (storm drains, soil, water)
4. Clean and decontaminate the affected area
5. Report the spill properly

3. Immediate Spill Response

A. Identify the Spill

- Type of material: Grease, wastewater, oil, chemical, etc.
- Volume of spill
- Location: On-site, in truck, near storm drain, etc.
- Hazards: Slippery surface, toxic fumes, fire risk

B. Ensure Safety

"A System of Service."

- Evacuate if needed
- Use PPE (gloves, goggles, boots, masks)
- Turn off ignition sources if flammable material is involved

C. Contain the Spill

- Use absorbent pads, socks, or booms
- Block storm drains using mats or temporary berms
- Create barriers using absorbent or sand if needed

4. Cleanup Procedures

1. Use absorbent materials to soak up grease/wastewater
2. Shovel solidified material into sealed containers
3. Clean surface using degreaser or appropriate cleaner
4. Dispose of waste according to hazardous/non-hazardous waste guidelines
5. Restock spill kit after use

5. Spill Reporting

Internal Reporting (within company)

- Report all spills to your Supervisor or Safety Manager immediately
- Complete a Spill Incident Report Form within 24 hours
 - o Include date, time, location, material, volume, cause, corrective action

External Reporting (if required)

Report to authorities if:

- Spill enters storm drain, waterway, soil, or public area
- Exceeds reportable quantities (consult local environmental agency)

Typical agencies to notify:

- Local Department of Environmental Protection (DEP)
- Fire Department if public hazard
- EPA National Response Center (for major spills): 1-800-424-8802

6. Spill Kit Requirements (must be on all trucks)

Each service vehicle must carry:

- Absorbent pads/socks
- Spill containment booms
- Disposable gloves and goggles
- Trash bags and disposal containers
- Warning signs/cones
- Drain covers or mats
- Instructions/emergency contact list

7. Preventive Measures

- Train all employees quarterly
- Inspect hoses, tanks, and fittings regularly
- Never leave pump unattended during operation
- Secure all tank lids and valve caps before transport

Spill Reporting Plan & Vehicle Cleaning Procedures

1. Spill Reporting Plan (DNREC Notification)

Objective:

Ensure immediate, appropriate, and regulatory-compliant response to any spill involving, grease, wastewater, or hazardous materials.

A. Immediate Spill Response

- Stop the source of the spill immediately if safe to do so.
- Contain the spill using absorbent pads, spill berms, or other spill kit materials.
- Prevent the spill from reaching storm drains, waterways, or soil.

B. Internal Notification

- Notify your Supervisor/Operations Manager immediately.
- Fill out the Internal Spill Report Form with the following:
 - o Date & time of spill
 - o Location
 - o Substance spilled
 - o Estimated quantity
 - o Cause of spill
 - o Cleanup steps taken

C. External Notification (DNREC)

- Report the spill to DNREC's Emergency Response and Prevention Branch if:
 - o The spill enters a storm drain, waterway, or soil
 - o The quantity exceeds 25 gallons, or

- o There is any potential for environmental harm

Contact DNREC:

- Phone (24/7): (800) 662-8802
- Email: ReportSpill@delaware.gov (if follow-up documentation is required)

Provide the following details:

- Company name and contact info
- Time and location of the spill
- Material spilled and estimated volume
- Actions taken and cleanup status
- Whether containment has been achieved

D. Post-Spill Actions

- Take photographs of the scene if applicable.
- Submit a formal report to DNREC within 24 hours if requested.
- Replenish any used spill kit materials immediately.
- Conduct a review to prevent recurrence.

2. Vehicle Cleaning Procedures

Objective:

Prevent cross-contamination, maintain hygiene standards, and comply with environmental regulations.

A. Routine Vehicle Cleaning (Daily or Weekly)

- Cab Cleaning:

- o Remove trash and wipe surfaces with disinfectant.

- o Clean floors and door handles.

- Exterior:

- o Rinse and wash using biodegradable soap.

- o Clean wheels and undercarriage to remove any oil or grease.

B. Grease Tank/Compartment Cleaning

- Frequency: As needed or after known spills or overflows.

- Procedure:

- o Drain all contents at an approved disposal site.

- o Rinse with water and a degreasing solution.

- o Collect and dispose of rinse water per environmental regulations (never into storm drains).

- o Use absorbents or oil socks for any leaks or spills during the process.

C. Special Circumstances:

- If grease or waste is spilled on the exterior of the truck:

- o Use absorbents and wipe down with degreaser immediately.

- o Notify the supervisor and document the event if it's over a reportable amount.

D. Wash Location Protocols

- Clean only at approved wash bays with proper drainage or oil-water separators.

- Do not wash vehicles near storm drains or in open lots where runoff could reach waterways
