EMISSION POINT #:

EMISSIONS UNIT #:

SOURCE NAME:

TESTING, MONITORING, RECORDKEEPING AND REPORTING

1. List the parameters on which records are being maintained and the frequency of such records (e.g., hourly, daily, weekly) so that compliance can be demonstrated:

PARAMETER	FREQUENCY

2. Briefly describe the method by which records will be created and maintained. For each recorded parameter, include the method of measurement, responsible for maintenance, method of recording, and responsible person:

3. Is compliance of the emissions unit readily demonstrated by review of the records? Yes

If No, Explain:

4. Are all records readily available for inspection, copying and/or submittal to the Department upon request: Yes

If No, Explain:

5. Describe any emission monitors used, included any opacity and oxygen/CO₂ analyzers:

6. What operating parameter(s) is(are) being monitored for emission control (e.g., *combustion chamber temperature*)?

7. Describe the location of each monitor used for emission control:

8. Is each monitor used for emission control equipped with a recording device? Yes

If No, list all monitors without a recording device:
