To: Krall, Kyle (DNREC) <Kyle.Krall@delaware.gov>

I implore you to please not make us buy electric cars! This is American – we are allowed to have choices – you cannot and should not dictate what or when we can drive. Electric cars are not the answer – we do not have the electrical capacity to support everyone having an electric car. Electric cars are very expensive.

I will not vote for anyone who is supporting this ridiculous idea of forcing us all to buy electric cars.
