Good afternoon Kyle,

Last fall I submitted comments in favor of Delaware's adoption of the ACCII regulation. I appreciate the work DNREC has done on the regulation, the workshops DNREC has held, and the opportunity for comments.

Could you tell me, please, what the timeline is for consideration of adoption of the proposed regulation? Has DNREC made a decision, and has the regulation been submitted to the Governor? Do you know what the timeline is for his decision?

Thanks very much and best regards,

Sarah Buttner
