Subject: Say No to REGULATIONS!

I've a feeling I'm not in Kansas anymore! Delaware is rapidly becoming a disastrous copycat of floundering, sinking, failing California!

I totally oppose any individual or department in Delaware having the authority to implement REGULATIONS that will impact the livelihood of businesses and the life style of citizens. This power should be in the hands of elected officials.

The proposed regulations for enforcement of electric cars will have a disastrous impact. It must not happen! Allow our elected officials to do what they were elected to do: govern by legislation!
