Subject: Electric Vehicles.

Hello, I want to express my Concerns on the proposed electric vehicle Mandate.
I'm sorry, sir - You Are Not Elected by Delaware Residents, You are Appointed.
Now, How can people (like ME) afford an Electric Vehicle that Costs in upwards of \$50k
when I MAKE \$14.63/HR???

You, Sir, (from reading your resume) have Never worked in the Private Sector.
I can barely afford rent, trash, Electric, water, FOOD.
Maybe you need to listen to the "Working" Class. Stop this Nonsense.
And Mr. DENREC, We lost 20 year Old Koi due to Infrastructure "improvements " drilling
24/7 down the street. We had the water in the pond tested. All good. Hummmm, interesting
how WHALES DYING ! Co- incidence, I Think Not.
Have a wonderful day.
